200 BULLS SELL!
 BLACK SIMMENTALS, MAINE ANJOUS, & ANGUS
 Yardley cattle are not ordinary cattle, they have more performance, butt, depth, and thickness.

**ALL BULLS ARE PAP &
 FERTILITY TESTED WITH ULTRASOUND DATA.**

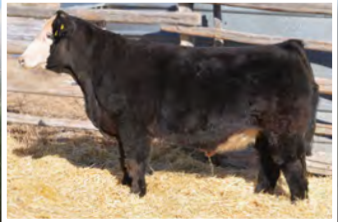

These are not ordinary cattle. If you want the best we have them in volume. Gib Yardley is almost 80 years old and has spent his life breeding, selecting and culling this herd of cattle. The calves out of our bulls have the **QUALITY** and **LOOKS** to top the market, and the **PERFORMANCE** and **POUNDS** to bring the top price, as many thousands of calves out of our bulls have done. We have AI'd for 46 years to the best bulls we could find, buy or raise, and our cow herd is one of the greatest in America. Gib has selected for width, depth, fleshing ability, maternal traits and performance to excel on the range, in the pasture, feedlot, and showing. The replacements heifers out of Yardley bulls will make the best cows you've ever owned. We have always stayed focused on maternal traits.

A416 3/4 SM. High Regard x Legend. BW: 85 WW: 757. Out of one of the most epic cow families we have ever owned, this is a bull to make a profit.
