

YARDLEY *Cattle Company*

42nd Annual

BULL SALE

SATURDAY, March 14, 2015
1:00 P.M. Mst Beaver, UT

Dear Friends, Fellow Cattlemen and Most Valued Customers,

WELCOME to our 42nd Annual Bull Sale and GREETINGS FROM THE BEAUTIFUL MOUNTAINS of Southern Utah

We are extremely pleased and excited with our offering of bulls we have for you this year. They are the best set we have ever raised. With cattle prices soaring at all time highs there has never been a greater or more exciting time to be involved in the cattle industry. Nor has there ever been a more important time to select animals with the best genetic value. Our bulls and their dams have been selected for a balanced package of performance, eye-appeal, structural soundness, fleshing ability, docility and genetic merit. We are confident in their ability to work in a variety of circumstances and situations. We have searched the nation over and not found a better set of individuals. The depth of quality in these animals is second to none. We have been alarmed by the amount of structural issues we have seen in cattle in our travels: small feet, crooked legs, toeing out, bad joints, excessive sheath, bad hooves, small scrotal measurements and bad teats and udders. We have held a very high standard of structural correctness in our animals and you will see this in our offering. Our bulls have never had an ounce of creep feed. They are raised under range conditions ranging from desert winter range at birth to Forest Service permits of over 10,000' and trailing home twenty-five miles at weaning. After weaning they are put in big pens on a high roughage diet to ensure they are athletic and ready to work for you. Chad Gordon, of Oklahoma, who ultra sounded our bulls said they had some of the biggest rib eyes, lowest back fat (apx. 2/10" avg.) with adequate marbling of about any animals he has tested, which consists of approximately 7,000 head per year.

We consider it a great privilege and honor to be selected as your seed-stock producer and take this responsibility very seriously. The cattle industry is one of the best ways in the world to make a living. While it is both difficult and challenging, it offers a great way to raise a family, to be surrounded by, and take part in God's creations. The greatest part of the cattle industry is the high caliber of people involved in it. Thank you for trusting in our genetics for your herd improvement, and for enabling us to continue this lifestyle that we love so much. We value you as a customer and cherish your friendship. Please call if we can help you in any way in your selection process.

Sincerely,

Steven
Steven Yardley 435-310-1725

Steven is a very sharp young cattleman. I just want to add a few things. Our cows wintering out on desert winter range are as fat as any cows you have ever seen and have had no hay. Our cows have natural fleshing ability and calve unassisted on the range. We go out and weigh and tag the calves. I will be 82 years old the day after our Bull Sale. My greatest accomplishment in life has been raising a wonderful family who love me and I love them and they love good cattle, good horses, good ranches and good working corrals. Jeannie has been on ranches all over the country and she says that she has never seen anything as handy as our working facilities and she misses them so much. I have spent my life breeding this herd of cattle and all 3 breeds look alike, deep, thick, big tops and square hips, with eye appealing good looks, correct phenotype, and structurally correct.

I hope you all love and appreciate America the way we do. We are so blessed to have been able to live here and enjoy the wonderful life we have had. Obama and his czars want to redistribute the wealth and make us all equal. I hope this Republican Congress can stop him and turn it around and make him follow our Constitution, which is the greatest document that has ever been written by government and has enabled us to enjoy this standard of living. It was written by God loving, inspired Christen men.

We are alarmed by the constant onslaught against freedom and Christian values and the general degradation of society and its moral underpinnings; however, we are comforted to some degree as we travel the country and are amazed at the caliber of people we are privileged to interact with. With that being said, the time has come, as never before, for us to band together, regardless of creed or religion, stand up and do everything in our power to protect our God-given freedoms, our core Christian values, our way of life, the sanctity of marriage and our inspired Constitution which protects our rights. Any virtue when taken to an extreme becomes a vice, and tolerance has become the vice and call word of the day. We need to be civil, but undaunted in standing firm for what we believe.

We look forward to seeing you at the sale. We appreciate your friendship and interest in our cattle and program. Our greatest desire is that these cattle will do a good job for you and sire some market topping calves. GOD BLESS YOU AND GOD BLESS AMERICA.

Sincerely yours for a better cattle business,

Gib Yardley and Family *Gib*

SALE AND RANCH STAFF

Herd Records: Michelle Smith, Minersville, UT

Sales Clerk: Tawnya Yardley Teichert, Beaver, UT

Ranch Staff: Josue Garcia, Jose Guzman, Cipriano Erivez,

Steven Yardley, Emily Yardley Maxfield, Rodney &

Tawnya Teichert, Angela Yardley Barton,

Veterinarians: Dr. Evan Yardley, Beaver, UT

Dr. Mont Myers, Nephi, UT

Brand Inspector: Thane Marshall

Pay Clerk: Michelle Smith, Lori Y. Hoffman, Emily Y. Maxfield

AI Technician: Zane Yardley

Barbeque: Darren Oberg Family and Dave Wilding Family

TRANSPORTATION

Beaver is 200 miles away from Salt Lake City or Las Vegas, NV, on I-15. From Salt Lake, Sky West Airline commuter (Delta Airlines) serves Cedar City, which is 50 miles south of Beaver and also St George which is 100 miles south. Many times tickets are cheaper through these venues. Beaver has many excellent motels and restaurants, and an airstrip for private planes. You must call us to meet your plane as there is no taxi service.

TRUCKING & DELIVERY

Please leave detailed information with the sales clerk about your trucking needs and arrangements. We will work with you to help find the best and most efficient means for hauling. We will guarantee to have your animals delivered anywhere within the United States for no more than \$300/head.

ACCOMMODATIONS:

Request the Yardley Cattle Company special room rate. Please try to reserve rooms as far in advance as possible to guarantee room rate.

Delano Motel.....435-438-1175

Main Street \$55

Days Inn435-438-7800

North Interchange \$29

Butch Cassidy Inn.....435-438-2438

Downtown limited trailer parking \$55

RANCH AND SALE LOCATION

Once you arrive in Beaver, go to the Post Office corner on Main and Center Streets in town. Take Milford Highway 21, go west on Center 1 & 1/2 miles to the Yardley Black Cow/Calf sign, turn right and proceed north and west across the field to our sale barn. You will pass our house 1/4 mile north of the highway, but continue one more mile to the barn.

UPON Leaving Hwy 21, traveling north on the gravel road, except for our house and lot, the horses, cattle and land do not belong to us until you cross the cattle guard just below our sale barn.

BARBECUE BEEF DINNER

We will begin to serve a complimentary barbecue dinner at 11:00 in the sale barn. Please join us!

TERMS & CONDITIONS

TERMS: Terms of this sale are cash, or a good check, unless arrangements are made prior to the sale. Settlement to be made immediately at the conclusion of the sale before animals are loaded. The right of property title shall not pass until checks have cleared.

BIDDING: All animals will sell as single lots to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

HEALTH: Every bull in this sale, to the best of our knowledge, is free of any disease and will be eligible for interstate transport. All bulls were Dextomax treated. They have been vaccinated twice for IBR, P13, BVD, BRSV, 8-way Blackleg, One Shot Pasturella, plus Enforce.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter, and any other announcements.

TRUCKING: All trucking is the responsibility of the buyer, but we will help make arrangements. Every effort will be made to minimize costs to the buyer. We can only get these bulls delivered to central points.

GUARANTEE: Every bull has been tested for Tric and semen evaluated by a licensed veterinarian. We will guarantee the bulls selling in this sale to be fertile at the time of sale. Several of the bulls in this sale are of "Herd Sire" quality. If the buyer chooses to have semen collected on a bull, Yardley Cattle Company can not guarantee that the semen will freeze. **KEEPING BULLS TILL MAY 15TH:** We can do this but encourage you to insure them as the risk is the responsibility of the buyer. \$3.00 per head per day will be charged until the bulls are picked up.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Yardley Cattle Company assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it.

REGISTRATIONS: REGISTRATION PAPERS WILL ONLY BE FURNISHED IF REQUESTED AT THE TIME OF SETTLEMENT AT THE CONCLUSION OF THE SALE OR WITHIN 3 WEEKS. If requested later, buyer must pay additional registration fees. Leave the name and address to which you would like your bulls transferred on your sale slip when you settle up. Please print so that it is legible.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions.

ABSENTEE BIDDING

If you are unable to attend the sale but would like to bid on the lots offered we encourage you to call prior to sale day. There are two ways to participate in the bidding if you are unable to attend the sale. Bids will be handled with the strictest of confidentiality.

1-Work with one of us to fill your order...

Due to the size of the offering it is impossible to picture every bull. There are many quality bulls that may not be highlighted that will fit your program. Feel free to call anytime prior to the sale. Sale days are crazy!! It is much easier for yourselves and for us if you are able to visit with us prior to the sale about certain lots. Gib: 435-310-0041, Jeannie: 435-421-1200, Steven: 435-310-1725

2-Bidding via DVAuctions....

Bid via www.DVAuction.com. For more information contact Kate @ 402-649-8048 or Roxanne @ 402-649-7946

3-Sale Day Phones. These phones are only for bidding and we HIGHLY RECOMMEND PRIOR ARRANGEMENTS AS THE LINES MAY BE BUSY AND YOU MAY NOT BE ABLE TO GET THROUGH. If prior arrangements have been made we will accommodate you to the best of our ability.

Jeannie(435) 421-1200
Emily(435) 310-0038
John Griswold.....(405) 780-3300
PRE-SALE REGISTRATION FOR ATTENDING BIDDERS AND ABSENTEE BIDDERS.

If you would like to register as an absentee bidder please call 435-421-1200. You may be required to list your bank telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by new absentee bidders must be paid for in full via wire-transfer on March 16th, 2015 prior to load-out or delivery. We appreciate your cooperation.

Before you can be approved you will need to provide a letter of reference from your lending institute. It must include the lenders letterhead, phone, address, contact person at the institution and a monetary range that can be used for purchases.

THESE BULLS WILL SELL IN EVERYONES PRICE RANGE.

We cull bulls from branding up until the sale for structural soundness, quality, breeding soundness, and temperament. Not every bull is destined to sire calves. AS SEEDSTOCK PRODUCERS WE TAKE THE RESPONSIBILITY TO MARKET QUALITY BULLS SERIOUS. We realize that your success depends upon our breeding program and we strive to have quality from the first lot sold to the last bull to walk through the sale ring.

First Year BREEDING GUARANTEE

All bulls selling for \$3000 or more will be covered 50% by **Yardley Cattle Co.** if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally

between **Yardley Cattle Co.** and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by October 1st. We will not replace a dead animal for any reason.

Ultrasound

Chad Gordon of Oklahoma ultrasounds over 7,000 bulls per year. He said our bulls have some of the largest rib eyes and least back fat (2/10 of an inch) of any bulls he has tested.

PLEASE *brand* YOUR CATTLE WHEN YOU GET HOME!

Our bulls are not pampered and are not overly fat. They are developed on high roughage rations for comparison only and not for maximum gain. You will not be paying for over fleshing that will melt away as the breeding season progresses. By not force feeding these bulls, you can be assured they will be sound, athletic, and ready to service cows. They are grown in big lots where they get lots of exercise, so they can take the toughest ranges. These bulls are grown mostly on hay with a 50/50 alfalfa grass mix with less than 1% of their body weight in grain.

We have always concentrated on producing a functional, balanced, all purpose beef animal. One that is thick and moderate framed, not too big or too small, and that has a natural fleshing ability. If a cow has feed, I expect her to stay fat while raising a 700 lb. calf. We believe in a balance between performance, eye appeal, and maternal traits. Above all, we have eliminated the problem cattle. To achieve balance, ranchers need cattle that are not necessarily the tops in all traits, but they can't be weak in one single trait.

To whom it may concern:

Traveling the country over the past 15 years Ultrasounding Cattle I have seen many types and breeds of cattle that vary greatly in carcass traits and phenotypic quality. Gib Yardley contacted in the Fall about coming to Beaver, Utah and I was truly amazed with the ultrasounding their yearling bulls. It has always been a pleasure very sound functional package. It has always been a pleasure of mine to evaluate cattle of different breeds and what each of them offer to the Beef Industry. On March 14 Bull buyers from across the United States will have the opportunity to purchase genetics from Yardley Cattle Co, a breeding program that has stood the test of time and continues to excel in carcass quality and maternal traits. Whether you are a Purebred Seedstock Producer or a Commercial Rancher retaining ownership of your calves through finishing Yardley Genetics will work for you. It has been proven that 1 square inch of Ribeye Area per hundred pounds of body weight on a Yearling Bull is average, as you evaluate the offering you will see that the Yardley Bulls will certainly exceed that while having high adjusted %IMF Values. A 4% IMF score is equated to a low Choice Quality Grade. As you evaluate the offering you will see that the Yardley Bulls will generally sire fed calves that are 1% higher than their own %IMF adjusted value. Translation as you see many Bulls in the sale with %IMF values of 4% or greater they will transmit these high IMF values to their offspring while increasing Ribeye size lowering numerical Yield Grades. It is always my pleasure to travel to Utah and ultrasound bulls of superior structural soundness, quiet disposition, and work with a Great Family. As you evaluate the Bulls and make your purchases, buy with confidence, you are not only buying Great Bulls you are buying into a Program and the Yardley's will stand behind what they sell.

Thanks
Chad Gordon

Pap Test

Brisket Disease of cattle is the result of right congestive heart failure, but is brought on specifically by effects of the lower oxygen pressures present when cattle are kept at high altitudes above 7,000 ft. elevation. The test is a measure of the pulmonary artery pressure (PAP). It is conducted by inserting a large gauge needle into the jugular vein, passing a fluid filled catheter through the needle and allowing it to flow down into the pulmonary artery that goes to the lungs.

Dr. Tim Holt of Colorado State University is the countries greatest authority on this disease and has tested many thousands of cattle. Dr. Holt recommends that bulls selected for cow herds running above 7,000 feet have PAP Scores of less than 41 if tested as yearlings. 41-45 is an acceptable score for animals tested over 16 months of age.

IF YOU RUN BELOW 7,000 FEET ELEVATION, PAP SCORES SHOULD NOT BE CONSIDERED WHEN SELECTING BULLS.

For many years I read the Yardley Cattle Co. advertisements in various cattle publications always thinking to myself "That's a long way to drive to buy bulls". Finally in 2009 I made the trip from Lafayette, CO to Beaver, UT and was not disappointed in the bulls being offered for sale. At that sale in 2009 I intended to purchase four to six Angus bulls. I came home with six Sim/Angus bulls and two Angus bulls. Over the next three years I purchased 60 Angus, Sim/Angus and Simmental bulls from the Yardley's to be used in the Culver Cattle breeding program. The Yardley bulls worked extremely well in the Culver herd that resided year round above 8,000 feet elevation. The Simmental and Sim/Angus bulls increased our wean weights by 30 pounds and left us with an outstanding set of replacement females. The Angus bulls made great contributions to our breeding program as well adding conformation correctness, feed efficiency and natural fleshing ability. If you live at sea level or in the mountains, need to buy one bull or a truck load I'm confident you can fill your needs at the 2015 Yardley Cattle Co. Bull Sale. I would enjoy discussing my experiences with Yardley Cattle Co. bulls.

Jon Gabel
(303)594-5520

WHY USE YARDLEY BULLS

1. THE BIG FEEDERS PAY A PREMIUM FOR CALVES Sired BY OUR BULLS BECAUSE THEY ARE THE BEST GAINERS AND THEY HAVE THE LOOK, EYE APPEAL AND UNIFORM PHENOTYPE.
2. Their daughters will be the most productive cows you've owned.
3. Their calves will weigh 25 to 100 lbs more at weaning.
4. These bulls are wintered in big lots on half grass/alfalfa and only 1% grain.
5. They are born unassisted on the range and walk 25 miles to and from the summer range that goes to 10,200 ft. elevation, so they have to be structurally correct.
6. You don't have to baby and pamper them.
7. Our cows winter on desert winter range without hay. They have natural fleshing ability to stay fat on grass and take care of themselves.
8. All bulls are performance tested and backed by our first year breeding guarantee.
9. They have proven themselves to adapt to all environments and have sold into 30 states.
10. Simmental and Simmental crosses are some of the most sought after cattle by order buyers, feedlots and for replacement females.
11. YARDLEY BULLS ARE BRED WITH THE COMMERCIAL CATTLEMEN IN MIND.
12. You are buying from a family that is honest, we will treat you fairly.
13. GIB YARDLEY IS A MASTER CATTLE BREEDER. He will be 82 years old on March 15th. He has Al'd for 47 years and has produced one of America's greatest cow herds. He has spent his life breeding this herd of cattle and raising a wonderful family.
14. THESE ARE NOT ORDINARY CATTLE. THEY HAVE MORE THICKNESS, DEPTH, MUSCLEING, FLESHING ABILITY, PERFORMANCE, & STRUCTURAL CORRECTNESS IN A MODERATE SIZED PACKAGE.
15. Cross breeding pays. You can't afford not to.

"Today 90% of all cattle are bought and sold based on phenotype" Jarold Callahan, General Manager of Express Ranches, Yukon, OK during his judging commentary at the 2014 National Wester Angus Bull Show.

Producing calves with more quality, performance, structural soundness and eye appeal are one of the major advantages of using Yardley bred bulls

America THE BEAUTIFUL

LAND OF THE FREE AND THE HOME OF THE BRAVE

I hope all of you appreciate what a great blessing we have all had to be born and raised in America. We strongly believe that this is a land, choice above all other lands. We also believe that God inspired Columbus, the pilgrims and other early settlers to come here for religious liberty. These courageous people wanted to be free and not have to live under a king that wouldn't let them make their own decisions.

They were very brave, courageous people who wanted to live in a free country. God inspired them to write the Declaration of Independence and the Constitution. Those delegates could not agree on what to write until they prayed about it and the God inspired them to write these sacred documents, which are the greatest documents on government ever written in the world to grant FREEDOM to the citizens of this great land.

Ronald Reagan gave a speech in Seattle, Washington, on October 12, 1968. An excerpt from it follows: **"Thomas Jefferson tells that on the day of our nation's birth in the little hall in Philadelphia, debate had raged for hours. The men gathered there were honorable men hard pressed by a king who had flouted the very laws they were willing to obey. Even so, to sign a Declaration of Independence was such an irretrievable act that the walls resounded with the words 'treason, the gallows, the headman's axe,' and the issue remained in doubt. Then a man rose and spoke. Jefferson described him as not a young man, but one who had to summon all his energy for an impassioned plea. He cited the grievances that had brought them to this moment and finally, his voice failing, he said, 'They may turn every tree into a gallows, every home into a grave, and yet the words of that parchment can never die. To the mechanic in the workshop, they will speak hope: to the slave in the mines, freedom. Sign that parchment Sign if the next moment the noose is around your neck, for that parchment will be the textbook of freedom, the Bible of the rights of man forever.' He fell back, exhausted. The 56 delegates, swept up by his eloquence, rushed forward and signed a document destined to be as immortal as a work of man can be. When they turned to thank him for his timely oratory, he was not to be found, nor could any be found who knew who he was or how he had come in or gone out through the locked and guarded doors. Fifty-six men, a little band so unique, we have never seen their like since: had pledged their lives, their fortunes and their sacred honor."**

These brave men pledged "THEIR LIVES, THEIR FORTUNES, AND THEIR SACRED HONOR" to establish this great country.

The King of Great Britain did not want to give them their independence. They had to go to war to get their FREEDOM. The British army was the strongest in the world and it was an absolute miracle that George Washington with his little army of half dressed and often-hungry soldiers were able to defeat the British Army. God was with them or they never could have won.

From then on this Nation has grown and prospered because men were

FREE to make their own choices and decisions. They could own their own property, which is the most basic right of a free people. They established the free market enterprise system. This encourages people to start their own business with the INCENTIVE TO MAKE A PROFIT AND GET AHEAD IN LIFE WHILE MAKING A LIVING FOR THEIR FAMILIES.

This has given us the highest standard of living the world has ever known. We have all the modern conveniences to make life easier and more enjoyable. With FREEDOM, people have made all these wonderful inventions of every kind that we have and enjoy.

Our Founding Fathers were devoted religious men who believed in the Bible and lived the Ten Commandments and the Golden Rule. America has always been a Christian nation and the majority live the teachings of Jesus and that is why God has blessed us so abundantly. There are now many people who are breaking God's Commandments and having lives full of sorrow, they could change this by living the teachings of Jesus, for "Sin was never Happiness".

There are some leaders in our government and in the armed forces who want to belittle our Christian principles and we must use our power to never let them do this. The Gospel of Jesus Christ teaches us to love and live peaceably. Obama and his supporters wrongly believe that our rights as Christian citizens are granted by the government, and can therefore be repealed by the government. They do not believe as you and I do, or even as our Founding Fathers did, that ... OUR RIGHTS ARE INALIABLE BECAUSE THEY COME FROM GOD. We will never compromise on this truth. We can't let left wing college professors, liberal politicians and bureaucracies, uninformed celebrities and environmentalists pass their hatred for America and poison the minds of our young people. We must stand strong, and make sure our students understand and appreciate the freedom, opportunity and prosperity that our nation represents.

This administration wants to redistribute all the wealth. This is Communism and it has failed miserably wherever tried. Without freedom and the incentive to get ahead, there is not enough food raised so the people starve and become slaves to the government. The people that work should not have to take care of those that are too lazy to work.

We are enthusiastic boosters of America. We are super patriotic and feel great pride when "Old Glory" is raised. We strongly believe in those principles upon which this great Nation was founded; Christian religious principles, hard work, freedom to excel, honesty, integrity, decency and high morals, private property rights, free enterprise, traditional marriage and family values.

Let us all strive and do all we can to preserve this great country, as we have known it. I pray that our children and grandchildren can enjoy the happiness and ways of life we have been blessed with. GOD BLESS YOU AND GOD BLESS AMERICA.

Sincerely,

Gib

From day one Game Plan has been a standout in the pen. It is rare to see this much shape and dimension in a purebred package. His young dam is an impeccably uddered, beautifully made baldy. His maternal sister is as pretty of a bred heifer as we own. Game Plan is sure to please with a 795# WW and a 1,400# YW in a moderate and correct package. Pinnacle's offspring are some of our favorite bulls in our pens and Game Plan is at the top of our list with his cool front end and his perfect muscle pattern, with plenty of flex in his hocks and pasterns. Game plan is sure to make magnificent daughters in your herd and in the industry. Yardley Cattle Co retains a ½ semen interest, ½ possession interest in Game Plan. 80K TESTED Heterozygous Black, Homozygous Polled.

High Regard
From the Purple to the Pasture

PB SIMMENTAL ASA # 2522822

Sire: Y1 Impressive by Dinero x Power Surge

Dam: Miss Yardley T68 by Pinion

Y1 High Regard was the \$30,000 high selling bull in our 2010 sale to John Goken and Dale Werning Families of SD. Sired by Yardley Impressive x Y1 Pinion. The calves sired by High Regard are stout, cool made, and consistent. He is siring sale toppers across the country demanding as much as \$75,000. Another daughter was just crowned Grand Champion at the prestigious and tough Simmental Junior Nationals, the American Royal and Denver. High Regard hails from generations of good uddered, broody made females. They are real world cattle that will work in the show ring and we know will work in the pasture. As a complete outcross to Dream On he is the go to sire for functional, consistent quality. Sexed semen available.

High Regard has created a small stir among the cattle industry with National Champion Purple Ribbons, \$75,000 and \$80,000 sale-toppers and sky rocketing semen sales. The incredible amount of style and substance backing these cattle shines through the numbers game and leaves you with a set of mouth-watering females. Here is your rare opportunity to own a maternal brother to this legendary sire. Red Hawk has the width, depth, hip and added dimension of his big brother, in an increasingly popular red package. He also has an equally impressive set of carcass data with a huge REA. Don't miss out on this powerful package. 80K TESTED.

There is no question that pounds on your calves is money in your wallet, especially with the value of cattle in today's market. With that in mind, consider Black Gold. Black Gold more than doubled his impressive 783# WW to a scale mashing 1,590# YW, the highest in Yardley Cattle Co history! With a huge hip, massive depth and spring of rib coupled with an ideal leg set this big footed brute has all of the power and potential to increase your bottom line and leave you with a beautiful set of performance packed females. He is a very massive individual with a moderate frame. Black Gold's maternal sister was a feature bred heifer in our Focus On the Female Sale weaning at 697# and selling for \$6,500. Shocking Dream is one of our favorite Dream On son's and is the sire to Long Haul and several other impressive bulls. Yardley Cattle Co retains a ½ semen interest, ½ possession interest in Black Gold. 80K TESTED Heterozygous Black, Homozygous Polled.

New Attraction has as much volume, capacity, length and depth coupled with finesse and style as any bull on the ranch. There is so much to love and appreciate about this docile powerhouse! Admire his massive hind quarter to his smooth shoulder lay with depth of body and rib extending from his heart girth to his flank. Power, style and softness are blended together in this wonderful masterpiece. We seriously contemplated keeping New Attraction as our next herd sire; he is that good. His powerfully complete dam was a favorite we bought from Trenepohls. She has done a tremendous job on her first two calves which averaged 740#. Her first bull, a sale favorite, sold for \$7,500 to Beaver Creek Cattle Company, Waldon CO. New Attraction's sire, Nickels and Dimes did not disappoint siring four top feature heifers in last year's Focus On the Female sale, including \$10,000 feature Bling, selling to Ron Shivers of IA. 80K TESTED Homozygous Black.

Yardley Pay Load will stand out in the crowd. He's the kind of bull you want to have on display in the front pasture with his incredible spring of rib, wide top, big hind quarter and exceptional leg and foot structure. We can't say enough good about Pinnacle's first set of bulls and Pay Load is near the top. Payload's impeccable dam is a standout Steel Force daughter that we bought out of the GCC Classic sale. She has done an exceptional job for us. Her first bull calf sold to Chiver's ranch of Vernal UT for \$5,750. Pay Load's calves will push down the scales in the fall and his daughter's will develop into a great set of replacements. 80K TESTED Homozygous Black, Homozygous Polled.

BW: 2.5 WW: 51.3 YW: 57.6 MK: 17.4

Calving heifers. We calve from 100-200 heifers every year and we always watch them closely. We always try to breed them to an easy calving bull. However, I don't care how much of a calving ease bull you buy, if you want a live calf you have got to get up at 2:00 in the morning. We check our heifers every 4 hours. IF YOU GET THEM TO FAT OR TO THIN YOU ARE ALSO GOING TO HAVE TROUBLES. We like to not feed them

over 1/3 alfalfa and they need some exercise. They need a little protein or the calves will be born weak and are a lot more susceptible to scours. But too much protein makes the calves bigger. All females should be watched closely during calving. You can't predict whether any virgin bull will be a heifer bull until he's sired a crop of calves. THE BEST WAY TO AVOID CALVING PROBLEMS IS TO EXPECT YOU WILL HAVE THEM.

The Brilliance offspring are one of our favorite sire groups in our offering. Leading off the group is Keystone. You will love this tremendous bull of epic proportions. He combines real world depth and capacity with style and substance in a calving ease package. His 713# WW and 1,284# YW show his real world ability to perform. His Sire SAV Brilliance has achieved widespread popularity as a proven calving-ease sire who transmits powerful phenotype. He ranks among the top 12 sires in the Angus breed for annual registrations. Brilliance stamps his low birth weight progeny with correctness, balance, superb-structure and eye-catching style. Brilliance was the #1 sire for entries at the 2013 National Junior Angus Show and his progeny dominate the show ring. 50K Tested.

Before you start any major project, you start with a set of blue prints so you have the end result in mind from the beginning. Blue Print will do the same for your cowherd. With a 74# BW and weaning off at 704# out of a first-calf heifer, Blue Print has continued to excel in performance and eye appeal to a 1,297# YW. He is backed by an exceptional cow family. You will recall that his maternal grand dam U196 was our lead off Angus mature cow in our '14 Focus On the Female Sale. She is a beautiful, phenotypically flawless female of exceptional dimension and broodiness. Blue Print is a bull for someone with big plans. He has a pedigree stacked with phenomenal females. 50K Tested.

Excerpts from the last letter of my uncle Gib-Died in WW1 in France

"...There are some things on earth worse than death and one of them is backing down when the other boys are giving their time and perhaps their lives for their country. Life to me is dear. I have a lot to live for but I always want to be able to say that I did my part, and I know that though it is costing us a lot you are thankful that I am here. Generations to come may not know of the humble soldiers who are fighting for liberty and peace but time will never erase the big thing (freedom) that these soldiers will bring to the world." -Pvt. James G. Yardley, March 29, 1918. Taken from the last letter written by my Uncle Gib before he died and written to his loving parents. I was named after him; my dad idolized my Uncle Gib. James Gilbert "Gib" was able to meet his brother Jack who was serving an LDS mission in New York, just before he was shipped overseas to fight in WW1. He never made it back, he died Oct. 20, 1918 WW1, somewhere in France.

Big Step brings the necessary characteristics to not only change your herd but to change the entire Maine Anjou breed. He has a massive hip, huge top, exceptional bone and foot structure, and exceptional depth and spring of rib. He is flat-jointed and moves out with the prowess of a cat, has a giant set of testicles and an exceptionally quiet personality. Big Step's power and performance are equally impressive. 787#WW to 1,517#YW, the second highest yearling weight on our ranch. His beautiful and moderate young dam is a real asset to our program. His sire Buck Cowboy was Jirl Buck's high performance, power bull and has proven his ability to transmit high performance on his first calf crop which averaged over 710#WW and 1,340#YWs.

In Loving Memory

We just had two wonderful friends leave this world and pass over to Heaven. They will be greatly missed by our family and others.

ALMA EVANS from Parowan, Utah lived all his life 30 miles south of Beaver. Alma had a semi truck and hauled our cattle for over 50 years. He was 96 years old and a friend to everyone. He was like a grandfather to my kids and they all loved him. He had watched them grow up and as Jeannie said, "We have never had a better friend than Alma." He has bought many bulls from us and has a good farm and herd of cattle. We will miss you Alma, we are glad that you got to be reunited with your sweetheart on the other side. Alma is survived by 4 sons and 1 daughter and many grandchildren. Alma left a great posterity 32 grandchildren and almost 89 great grandchildren, 16 great-great grandchildren.

SVF Steel Force

GCC Blackbird

Here is possibly the most stylish Simmental bull in the offering. When our excellent and skilled hired hand and dear friend Jose Guzman chose a replacement from the herd 192Y was his choice. It's easy to see why. This fine female developed by Griswolds and selected by us in their sale is as pretty of a Steel Force daughter as broody and feminine as you ever laid eyes on. Longhaul mated up with all the style and smoothness makes for one outstanding calf; a real show stopper.

Miss Yardley L13 by

Talk about a deep bodied female maker. You'll like the looks of this one; his massive depth, his powerful hip, his big strong top, and his overall softness. His dam is a beautiful, broody Hard as Steel Daughter. B266 has just the right blend of Simmental to stouten up a set of Angus. CA Ranger was our \$12,000 pick of the Hamilton offering in Canada. They raised Kodiak 5R, Ranger's sire, who sold for \$150,000 and is the only Canadian bull to have sired the Champion pen of three Angus in Denver.

In Loving Memory

WARREN WILLIAMS spent his entire life 70 miles south of Beaver, in Cedar City UT. When we were boys Warren and I showed steers at the Southern Utah Jr. Livestock show. He had the Grand Champion one year and I had it the next. We have been close friends ever since. Warren was a very good manager and ran both sheep and cattle, but has since sold the sheep. We ran cattle together at Blue Springs Ranch, in the summer. He has bought many bulls from us. He rode bucking horses in many rodeos when he was young. He liked to go to the National Finals Rodeo and the Days of 47 Rodeo in Salt Lake City and he loved to come to our bull sale. He is survived by his wife Peggy, one son and two daughters.

Gib & Denise

Angela & Steve Barton

We welcomed a new grand baby to Lori Ann & Toby Hoffman. Rhett Gilbert Hoffman was born August 2, 2014. He weighed 8 lbs oz.

Emily married Weston Maxfield on the 23rd of August, 2014 in the Manti Temple.

Our little Birdy followed suit and married Steve Barton on the 25th of August, 2014.

Jessica, (Michelle's oldest) reported for the Honolulu, Hawaii Mission for the Church of Jesus Christ of Latter Day Saints October 1, 2014.

We had a few crazy months!

Toby & Lori Ann Hoffman Family

Rhett Gilbert Hoffman

Rodney & Tawnya Teichert

"When God wants a great work done in the world or a great wrong righted, he goes about it in a very unusual way. He doesn't stir up his earthquakes or send forth his thunderbolts. Instead, he has a helpless baby born, perhaps in a simple home. And then God puts the idea into the mother's heart, and she puts it into the baby's mind. And then God waits. The greatest forces in the world are not the earthquakes and the thunderbolts. The greatest forces in the world are babies."

Mark & Michelle Smith Family

YARDLEY

Cattle Company Sire Lineup

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. Semen Available on all sires.

GCF BILLY THE KID

1/2 SIMM 1/2 ANGUS REG # 2548887

Sire: MCC Cupid by OCC Legend

Dam: GCF Miss Reflection by CNS Dream On

Billy the Kid did not disappoint. He has sired a group of calves second to none. They are big bodied, stout made, and there just isn't any throw aways in them. They exhibit a soft made, easy doing look that is popular in everyone's cow base. Billy the Kid was a member of Grindstone Creek Farms Pen of Three in Denver 2011. He has quickly earned a place in our Herd sire pen. You're going to fall in love with his daughters at our Focus on the Female sale.

Y1 WHIRL OF A DREAM W361

PB SIMMENTAL REG # 2533644

Sire: CNS Dream ON by Nichols Legacy

Dam: Miss Yardley B75 by Whirlaway

Whirl of a Dream was the pick of our '10 bull offering. He's big topped, large scrotaled, with bone and great muscle shape. His dam, B75, was a top producer for us weaning fifteen stout and stylish calves until she was seventeen years of age and always stayed fat doing it. Whirl of a Dream weaned off at 712# with no creep. A wise cattlemen once said if you love the cow, breed one of her sons and you'll replicate her. There is performance, power, longevity and style in Whirl of a Dream's pedigree. His calves are functional, big ribbed, thick made cattle with performance. His '12 bulls were our top sire group averaging an impressive \$7,000. SEMEN \$30

YARDLEY UTAH

3/4 SIMMENTAL 1/4 ANGUS REG # 2641894

Sire: GCC Hard as Steel

Dam: Miss Yardley T170 by Dream On x Corrector

We consider this bull one of the best, if not the very best we have ever raised. I am as critical a bull buyer as there is in the country and there isn't a single thing I don't like about Utah. He has perfect phenotype every place you look at him. I don't like high tailed. I want them square over the tail head and he is. We consider his dam to be the perfect built, moderate sized cow and as pretty and good as any cow we own. His beautifully designed maternal grand dam was a stellar \$7,700 feature in our sale that sold to Greg Kroupa of White Lake, SD. Utah has experienced great success in our program and at Wernings in Emery SD with several calves selling for over \$15,000. A daughter of his was crowned Champion at the West Virginia State Fair. Owned with Griswold Cattle Co, Werning Cattle Co, Trennepohls.

Miss Yardley T170

GCC HARD AS STEEL 144W

1/2 SIMMENTAL 1/2 ANGUS ASA REG # 2511031

Sire: SVF Steel Force S701

Dam: OCC Jaunada 898L by OCC Homer

I had the opportunity to go to the Grass to Grid Sale, before I married John. I fell in love with Hard As Steel before I was real sure I was in love with John! I circled his lot number, put a star next to his name, and wrote love this bull in my footnotes. With a 70# BW, 15.67 REA, and a 40.5 yearling scrotal he was one you could like off of paper but he got better after a visual analysis. He is a female maker that is huge bodied with fleshing ability and style. He has sired many of our top-sellers and herd sires including Yardley Utah and Yardley Powerhouse. Owned with Curt Suehner, and Griswold Cattle Company. His mother has been in ET at Griswolds, she is one of the best cows that they purchased from Tim Ohlde. Hard as Steel cost us \$12,000. SEMEN \$30

GCC NICKELS N DIMES

PB SIMMENTAL ASA REG # 2659379

Sire: SVF Steel Force by CNS Dream On

Dam: AJE/JF Aunt Joys Elegance by 3C Macho

Joy's Elegance was Grand Champion in Denver in the Junior show and matured into as picture perfect cow as she was show heifer. A true test of a great show heifer doesn't come in the showing, it comes in her ability to produce and transmit the same look and quality in her offspring. Joy's produced \$106,000 in progeny sales this past year on four head with one of the most consistent flushes ever produced at Griswold Cattle. The two yearling heifers produced are proving to be as competitive in the show ring as their great dam. Nickels n' Dimes is big topped and complete with plenty of rib, dimension, style and power with a killer look. This is the kind of bull to change a program with! Owned with Griswold Cattle.

Miss Yardley W151

YARDLEY ENSIGN Z394

3/4 SIMMENTAL 1/4 ANGUS ASA REG # 2690517

Sire: STF Shocking Dream by Dream On

Dam: Miss Yardley W151 by 3D x Treasure x N130

Great cattle it seems are built by great cow families and the E119 cow family has been one of the most profitable we have ever owned. It doesn't matter the generation E119 falls back through on the pedigree chart, they are destined to be good. N130 is a daughter of K114, E119's best daughter and both donors. All three of these great females have produced sale toppers, the quality doesn't get any better. Ensign is a bull that stuck out as soon as you walked in the pen. With plenty of rib, bone and power along with the look it takes to make class winners and sale toppers. He's the real deal and we couldn't be more excited about him!

YARDLEY CHROME Y256

POLLED PB SIMMENTAL ASA REG #2629556

Sire: Flying V Cut Above

Dam: Miss Yardley W122 by 3C Macho x Bonanza x Whirlaway

Longevity is essential to profitability in a cow base. Chrome's, beautiful bodied, perfect uddered, maternal grand dam effectively raised sixteen calves; her powerful dam raised fourteen calves-longevity second to none! Sired by Cut Above, Chrome combines calving ease with efficiency and style and has matured into a great muscled, huge hiped herd sire that is an outcross to Dream On. He has raised several stylish calving ease bulls that have sold for \$6,500 and over. He adds style, extra hip and a smooth shoulder to his offspring with plenty of blazed faces in the bunch. He has averaged 80# BWs on fifty-five calves. SEMEN \$30

STCC LONG HAUL

PB SIMMENTAL REG # 2540264

Sire: Shocking Dream by Dream On

Dam: Miss Fancy Yardley T85 by 3C Macho

Long Haul's dam was the pick of our heifer calf crop in 2007 by Trennophl and Rist of Indiana. Long Haul held his flesh as well as any bull we have ever used. He was Intermediate Grand Champion bull in Denver 2012. He's moderate framed, cool made, and his cow family stands second to none. He has produced numerous sale favorites and toppers including our '14 \$20,000 sale topper, Overhaul, that went to renowned Wheatland Cattle Co. and \$16,500 '14 sale highlight Yardley Blitz purchased by Brent White of Iowa. His Granddam produced the \$21,000 high seller from last year's sale that sold to Jones Show Cattle and Tulle Cattle Co. A maternal sister to his dam produced Sugar Plum, a crowd favorite in our 2009 sale that sold to Wayne and Barb Ohlrichs. Case in point is this cow family will PRODUCE! Owned with Trenepohls of Indiana; contact Trenepohls for semen purchases.

YARDLEY WAH WAH Z303

3/4 SIMMENTAL 1/4 ANGUS REG # 2690482

Sire: Billy the Kid

Dam: Miss Yardley U154 by Ranchhand x E119

Wah Wah was the pick of our herd for our next herd sire in our bull battery. With his flawless phenotype that combines a massive hind quarter with a big top, deep chest, smooth shoulder, big hoof and ideal leg set in a unique blend of power and softness. He has an equally impressive set of weights with a huge spread from 78# at birth to 764# at weaning. His quiet disposition and awesome pedigree trace back to our herd matriarch and donor E119, is filled with equally impressive herd matrons and make Wah Wah the complete package and impeccable addition to our bull battery.

ZEIS REAL STEEL A23

1/2 SIMMENTAL 1/2 ANGUS REG # 2770310

Sire: SVF Steel Force

Dam: BF GCC 5918 by OCC Legend

This fancy 1/2 blood was Grand Champion Simmental bull wherever shown at the Nebraska State Fair, Iowa State Fair, The American Royal, Kansas City, North American in Louisville, and the greatest of all stock shows the National Western in Denver. He's about perfect in his phenotype. My good friend Stan Sears from California and I were watching them judge the show and when he won we decided to buy him. He is by Steel Force out of an OCC Legend daughter. He had a 64# birth weight so we bred him to quite a few heifers. He cost us \$15,000. He really held his flesh well after we turned him out to breed. Owned with Stan Sears.

KCC1 PINNACLE 118Z

ANGUS REG # 16996619

Sire: WAGR Driver

Dam: CNS Tiara P405 by RCC Headliner M6051

Pinnacle was the lead off bull in the Grand Champion pen of three high % Simmental bulls in Denver. He cost us \$16,000. We really have some fancy calves by him. He is sired by WAGR Driver and out of a Power Drive cow. He had an 87# BW and 775# WW. You'll like his calves. He has done us a great job!

YARDLEY ZION X288

ANGUS REG # 17036377

Sire: SCC Apache Brave

Dam: Miss Yardley S504 by SAF Bando 5175

S504 has been one of our very top producers, she does not miss. Zion was a bull that stood out as a top individual from the time we weaned. He had as much rib, rear quarter, power and overall mass as any bull in the pen. We just weaned his first calf crop, they have performance and eye appeal. He was severely hurt as a yearling, we babied him along for a solid year and he recovered. He is as pretty a mature bull as you could picture with the pedigree and performance to stand out from the crowd.

SCC APACHE BRAVE

ANGUS REG # 15759398

Sire: OCC Legend 616L

Dam: Y Annie Coed 928 (Krugerrand granddaughter)

Apache Brave is going to go down as one of the greatest sires of Yardley Cattle Co. His progeny are top of the pen with 11 head of bulls averaging \$4,568. He is an easy calving sire that produces cattle that have look and style. Grass fat cattle are what we need to breed. He always maintained his flesh while breeding cows and he wasn't a bull that needed to primed and pampered. Apache was a moderator that kept performance and bred depth and rib into his progeny. Owned with Matt Sherwood.

YARDLEY ROYAL JET

ANGUS ASA REG #16704437

Sire: OCC Jet Stream

Dam: Miss Yardley R192 by SC Stockman

Royal Jet is the type of bull that defines where we are taking our program. Soft made cattle that carry performance, thickness, fleshing ability, and style. OCC Jet Stream is now deceased, he stands as one of Ohlde's greatest herd sires. Look at the performance this bull carries coupled with a perfect phenotype. This is as good as Angus bull as you will find anyplace. We have used him to clean up our Angus heifers, cows, and crossed him up on Simmentals and Maines. The results are the same: sound made functional cattle with eye appeal and performance. Royal Jet is the type of bull that will add belly, rib, and doability, without taking pounds away from your bottom line. SEMEN \$30

BK ZOOK "BK COWBOY"

AMAA REG # 434993

Sire: BK Cowboy by Limited Edition

Dam: Irish Whiskey

BK Zook 588Z Buck Cowboy by Limited Edition x Irish Whiskey. We bought this bull from one of the most renowned Maine Anjou breeders in the country, Jirl Buck from Madill, OK. Jirl said this about the bull. "This is the highest performing bull in the offering. He is a bold ribbed, big hiped and attractive bull. Here's a herd bull." He has an 84# BW, Adj.WW 820#, YW 1480#. THIS GREAT BULL IS THE HIGHEST PERFORMING BULL THAT WE HAVE EVER OWNED OR BRED TO. His calves have that stylish picture perfect look and have grown faster than any Maines we have ever had. They have the highest yearling weights of any of our breeds and this is the first time they have out averaged the Simmentals and Angus. You will love his calves.
