

A photograph of a large herd of dark-colored cattle being driven by several cowboys on horseback. The scene is set in a forest with trees displaying vibrant yellow autumn foliage. The cowboys are wearing hats and riding gear. The cattle are moving along a dirt path, and the overall atmosphere is one of a traditional ranching activity.

YARDLEY *Cattle Company*

Focus ON THE *Female*

SATURDAY, 17TH OF NOVEMBER 2018

1:00 (MST) at the ranch in beautiful Beaver, Utah

Welcome

Dear Friends, Fellow Cattlemen, and Valued Customers:

From the beautiful mountain, deserts and valleys of southern Utah our family sends greetings to all of you. It is with great pride that we welcome you to our 41st Annual Focus on the Female Sale. We are very excited and proud of the cattle we are offering for sale. The Yardley Family has a long tradition of raising cattle. My great, great Grandfather was one of the original settlers of Beaver, coming here in 1856. We feel very fortunate to be a part of a business that we love so much.

We are very FAMILY oriented and believe that GOD, FAMILY and COUNTRY are the most important aspects of life. I am very grateful for the love, hard work, help and interest of my wonderful wife, children and their great spouses and grandchildren.

We love this great country of America and all the blessings we have had by living here. I was named after my Uncle Gib, James Gilbert Yardley, who died in the 1st World War in France defending freedom. One of our great Army Generals, General Omar Bradley, of World War II wrote these inspiring words:

FREEDOM

No word was ever spoken that held out greater hope,
Demanded greater sacrifice, needed more to be nurtured,
Blessed more the giver, cursed more its destroyer, Or
came closer to being Gods will on earth. And I think that
is worth fighting for.

Our founding Fathers were great Christian, God loving men and were inspired of God to write our great Constitution that is the greatest document on government and freedom ever written in the history of the world. Now the liberal, atheistic and fake news liars want to change all of this for socialism and communism, which are failed societies, with so many poor people who never have enough food.

We'd like to extend our gratitude to all you customers and friends. We are grateful for your confidence in our cattle, our program, and family.

We look forward to seeing you at the sale and talking with you.

GOD BLESS YOU AND GOD BLESS AMERICA.

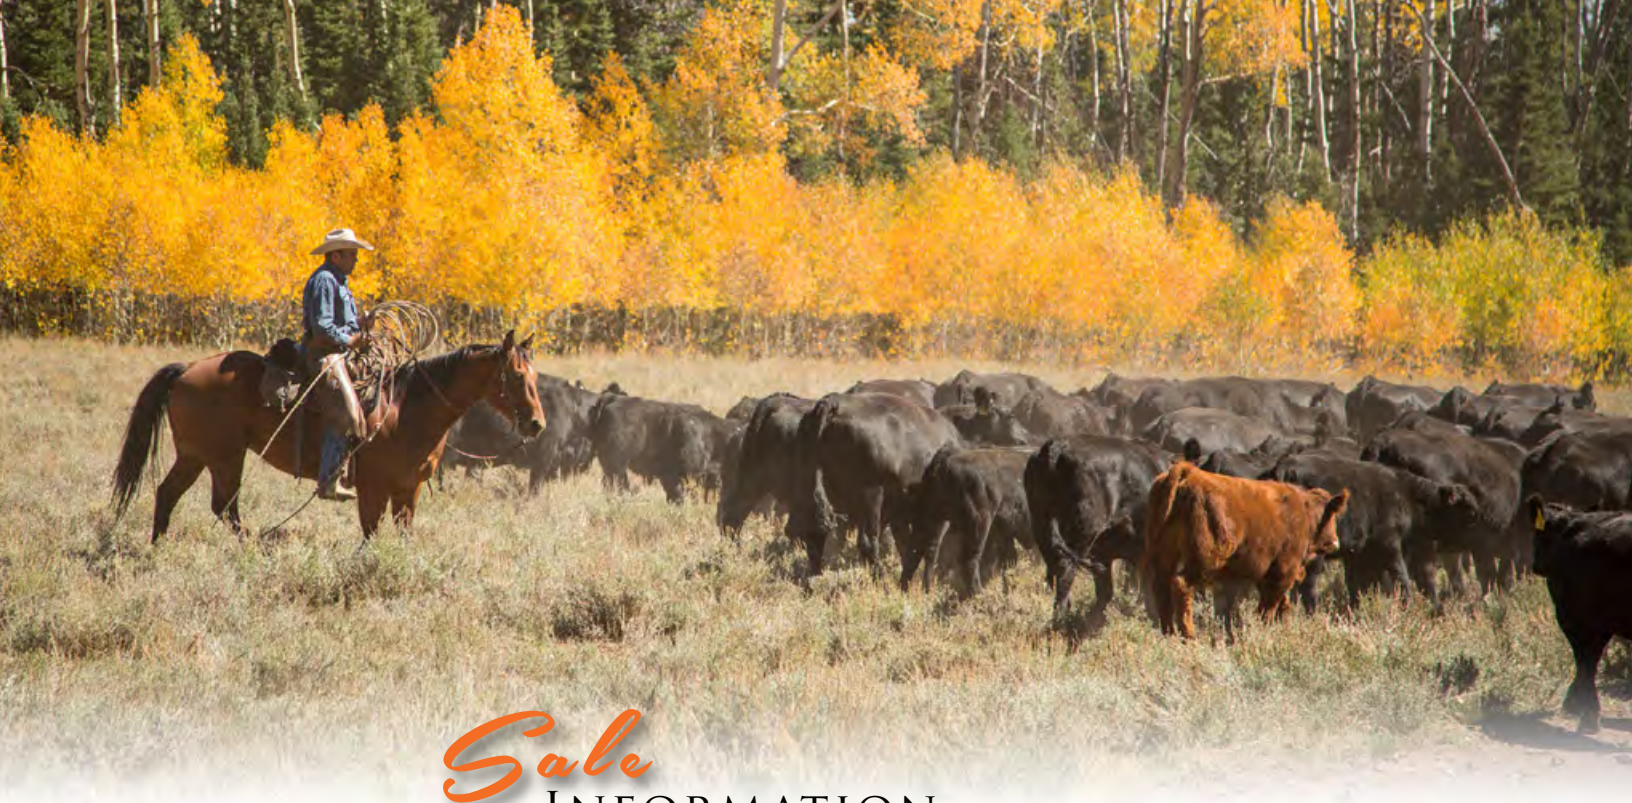

Sincerely,

Yours for a better cattle business,

The Gib Yardley Family

RANCH AND SALE LOCATION

Once you arrive in Beaver, go to the only traffic light in town on the corner of Main and Center Streets. Take Milford Highway 21, go West on Center 1 & 1/2 miles to the Yardley Black Cow/Calf sign, turn right and proceed North and West across the field to our sale barn. You will pass our house 1/4 mile North of the highway, but continue one more mile to the barn.

UPON Leaving Hwy 21, traveling North on the gravel road, except for our house and lot, the horses, cattle and land do not belong to us until you cross the cattle guard just below our sale barn.

TERMS & CONDITIONS

TERMS: No cattle will leave sale yards until full settlement has been made immediately after the sale. Payment terms are cash or a good check. All "returned" or insufficient checks will be immediately turned over to the District Attorney for immediate prosecution. This is a felony and charges will be filed.

BIDDING: All animals will sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter.

BREEDING DATES: Heifers will start calving February 1st and cows February 20th. Most of the cows will calve in March with some April and a few into May. These cows have been pregnancy tested by a reproduction specialist to determine estimated calving date. **We cannot guarantee they will calve on this date.**

HEALTH: Every animal in this sale, to the best of our knowledge, is healthy and eligible for interstate shipment. Cows were vaccinated last spring for IBR, P13, BVD, BRSV, Vibrio, 5-way leptospirosis and trichomoniasis. The heifer calves have been fully vaccinated and boosted. All cows that have had calves are vaccinated in January with Scour Guard 4 and 8 Way. They just need a booster and the bred heifers should get two shots, three weeks apart before they calve. All Cattle have had Dectomax, and given OneShot Ultra 8. Calves have had two shots Bova Shield Gold and OneShot Ultra 8

BREEDING GUARANTEE: All females sold under the conditions "safe in calf" have been pregnancy checked, and sell with no further guarantee. No guarantee is given that bred females will deliver a live calf.

All heifer calves are guaranteed breeders. If the heifer failed to breed, we require a statement from the veterinarian who checked her, stating the problem and that the problem was not due to negligence or improper management, which will void the guarantee. This guarantee may be void if 1) a female is highly obese, has been shown extensively past July 1st and has not steadily been attempted to be bred and 2) if she is flushed at any time in the first year after the date of the sale 3) or if she is in poor body condition. These three exemptions do not apply if the female is examined by our vet to have an underdeveloped reproductive tract that would have been present at the time she was sold. Infections or other enlargement do not constitute "undeveloped."

100% of the purchase price less salvage value on heifer calves will be credited to the next sale. No other expenses occurred in the female will be reimbursed to the buyer. In cases where the animal is subject to hormonal or surgical reproduction techniques or damage caused by foreign bodies after the sale, this contract is null and void. The seller is not responsible for sickness not apparent at time of sale. It is useless to breed more than two heat cycles, artificially. If they haven't settled artificially then, they must be put with a fertile bull for the summer. In no event will the seller be responsible for more than the purchase price, less salvage value.

AI CERTIFICATE: The purchase of A.I. certificates is the responsibility of the buyer, as well as, the registration of all calves born after sale day.

REGISTRATION CERTIFICATES: Supplied on eligible animals upon request on the sales slip at time of settlement or within 20 days. Leave the name and address to which you would like purchases transferred on your sales slip.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by these Terms and Conditions.

TRUCKING: All trucking, pricing and trucking fees are the responsibility of the buyer, but we will help you all we can with coordinating loads.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. We try to keep the most accurate records possible and have bull tight fences, but once in a while on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it. The owners and employees of Yardley Cattle Co. assume no liability, legal or otherwise in the event of an accident, bodily injury, theft, error or omissions in catalogs or parentage verification.

Cattle are kept in their own individual breeding groups until the first to mid July. Due to size and layout of the Forest permit it is necessary to mix breeding groups at that time. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows we cannot guarantee sire parentage unless a parentage identification test is ran. IGENITY labs runs this procedure for around \$30.

If you would like to register as an absentee bidder please call Michelle at the office at 435-438-2424. You may be required to list your bank telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via wire-transfer on Monday, November, 19th prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation

PICTURED COWS!

There are a lot of cows that are not pictured that are just as beautiful and productive as those pictured. We simply ran out of time!

We take great pride in our "clean up" bulls, we call them our herd sires. Many of them come from top herds across the Nation or are hand selected from our bull calves each year. We know their lineage for generations, we know how their mothers milk, what their body condition score is, what type of feet and udder quality they have, and we only use the best. OUR BULLS IN THE PASTURE ARE OF EQUAL OR HIGHER QUALITY AS THOSE IN THE TANK and we take pride in their genetic merit. Don't hesitate to buy a female that is pasture bred!

STAY UNTIL THE END OF THE SALE!

ALL BUYERS WILL BE ENTERED
INTO A DRAWING FOR CASH PRIZES.
MUST BE PRESENT TO WIN!

Fancy is all her name implies and more. She has the supreme look of a champion. She has a massive, square hip and level tail head, extending through her strong top, deep body, filled in fore rib, smooth shoulder, and zipper tight neck. She moves out with confidence of a queen; nailing her square step in every stride. Excellent flex in her hocks and pasterns and ideal leg set and structural correctness. Her excellent temperament only adds to her attractiveness. Her flawless phenotype is a trademark characteristic of her profitable donor dam, who produced the impressive, Tulsa State Fair Supreme Champion Simmental heifer and a stylish \$7,500 maternal brother purchased by the renowned, Rick Calvo, of Calvo Red Angus in Bassett NE.

Maternal masterpiece and young dam of F187.

Felicia is a fancy fronted female that catches eyes, turns heads, and makes you say, "Dang Felicia!" You'll love the look of sheer awesomeness and attractiveness she possesses in a stylish, solid package. Her beautiful, smooth, sweeping design extends from her keen head, kind eye and smooth shoulder, back through her deep body and strong top and into her powerful hip and ideal leg set. She is an exceptional showy package. Fancy and Felicia's sire, Loaded Up, shouts style and class. He is one of the hottest bulls in the Simmental breed for good reason. Half interest sold for \$240,000 at the 2017 Embryos on Snow sale to Griswolds. He is the kind to build a base around; the big footed, solid made kind that breeds consistent, good looking offspring.

Flame is a powerfully made, smoking hot heifer that couples awesome eye appeal with top credentials and proven performance. Her sheer power, length, width, depth, and dimension are reflected by her performance record, which stands nearly unsurpassed with a 117 weaning ratio and a 717# adj WW. With her powerful hip, exceptional spring of rib, and structural correctness, Flame's potential as a cornerstone donor will compliment even the most prestigious program. Her aged, productive, problem free dam is one of our oldest herd matrons. She boasts an incredible weaning ratio of 109 on thirteen calves and a WW average over 700#; a true testament of longevity, stayability, productivity, and profitability. Including an impressive maternal brother, Yardley Black Eagle, a \$10,000 sale day standout selected by Kevin Dietz of Butte, ND.

Yardley Fina's sleek, smooth design, massive hip, added width and tremendous side profile, make her an intriguing show piece that is sure to take home purple ribbons and make lasting memories, both in and out of the show ring. Her royal pedigree will increase her genetic potential for making consistent offspring. Yardley Fina's maternal line is loaded with productive, heavy milking matrons with flawless teats and udders tracing back to her third dam, our oldest herd matriarch and donor, M100 who at nearly seventeen is still going strong having weaned fifteen top of the line calves. Fina's broody dam and maternal granddam both have impressive weaning ratios of over 110! Flame and Fina's sire, Loverboy, was the Denver Supreme Champion Simmental. He looks good every place you look at him. You can't help but love him; he has perfect conformation, excellent fleshing ability, and is just the right size. He throws lightweight calves that hit the ground running in terms of growth with excellent weaning weights and ideal phenotypes.

Flossie moves out on a powerful hip with added lower quarter and a level tail head. She has a long, deep undercarriage extending from her fore rib to her flank. Flossie has a personality that will win your heart and a cool conformation that will catch your eye. Her mild mannered disposition will build confidence and make a pleasant experience for the junior showman or the most experienced. She moves out on a powerful leg and a smooth shoulder. Her potential as a mature cow will land her an easy spot in your donor pen where her offspring will be cherished breed pieces for years to come. Flossie's sire, North Force is the pinnacle of perfection in terms of power, performance and phenotype. His donor dam is a beautiful long-bodied, deep-sided female with a perfect udder and flawless structure. She has proven to be our most productive purchase from Griswolds in terms of dollars and pounds. Her first heifer to sell, Yardley Blitz was a crowd favorite selected by Brent White of Iowa for \$16,500.

E76's full sister, Yardley Delilah was a \$6,500 standout sale feature in our '16 sale, selected by our good friend Ed Moughler of Butler IN. A maternal brother to their dam sold for an impressive \$8,500. E76's dam is as pretty of a red cow as we run on the ranch. Her dam in turn was a front pasture, moderate made, easy fleshing female with added rib and dimension. Powerful pedigrees breed consistency, and this is a good one.

THE KEY TO THE PUZZLE = BALANCE

IT'S THE HARDEST THING TO KEEP IN THE FRONT OF OUR MINDS. WE ALWAYS WANT TO THINK THAT BIGGER IS BETTER, OR WE BUY BULLS BASED ON SPREAD EPD'S OR WE CHOOSE A BULL BECAUSE HE HAS ONE TRAIT THAT REALLY STANDS OUT. WE'VE ALL BEEN GUILTY OF IT, BUT THE REAL KEY IS "BALANCE," THE ONES THAT DO ALL THINGS WELL. I REALLY BELIEVE THAT THIS IS ONE OF THE HARDEST, IF NOT THE HARDEST, HURDLE IN BREEDING CATTLE. IF WE CAN STAY FOCUSED ON THIS, IT WILL MAKE US MORE PROFITABLE AND BETTER CATTLE BREEDERS.

Check out this beauty. The saying, "If you want to know what a girl is going to turn out like when she's older, just look at her mother," holds true for most species including cattle. E184's phenotypically flawless donor dam excels in all traits of economic significance. She is a beautiful Steel Force half blood that has a perfect udder and excellent milk. Her seven calves have averaged 700# at weaning, rationing at 108. She transmits show stopping good looks. Her stunning calves include \$16,500 sale feature, Yardley Blitz, selected by Brent White of IA, \$14,000 Yardley Highway purchased by Pete Mori of NV, and Yardley North Force our pick of our '15 calf crop.

Everyone loves a good baldy and D136 is one of the best. She combines two of the best sires to come from our program. Her sire, \$20,000 Overhaul was our '14 high seller selected by the renowned cattlemen of Wheatland Cattle Company. He produced a \$42,000 son for them and came to an untimely death. They report his daughters are beautifully built, heavy milking brood cows. Her dam's sire, Yardley High Regard needs no introduction as the go to sire in the Simmental breed for making fancy daughters.

PE: 5/11/18 SIXTEEN STEP, EXP CALVING DATE: MID MARCH

Here's a cow worth getting excited about. Her dam has done a first class job of raising stylish calves with function, form and fleshing ability. She's wedgy made, cool and transmits these characteristics to her offspring in excellent fashion. B48's maternal granddam, G41 was a moderate made, perfect uddered donor that personally raised thirteen calves. B48's impressive maternal brother sold for \$9,000 to Darrell Shawcroft of LaJara CO.

Here's a heifer to build a program around with the phenotype of a high end show heifer and broodiness and depth inherited from her stellar donor dam; E146 is the real deal and one worth getting excited about. Her dam, out of the immortal calving ease sire SAV Final Answer, is as structurally sound, deep bodied, mild mannered, and beautifully uddered as you could mold one. Her calves have highlighted our sales and we have retained several of her amazing daughters for in herd production. E146's sire, Sky High, was the lead-off and high selling \$136,000 bull at the 2016 Musgrave Angus Bull Sale. He earned weaning and yearling ratios of 114 in a contemporary group of 91 head. His remarkable dam has earned a WR of 3 @ 109.

When my Dad went to the '16 GCC Classic Sale. E60's dam was his most exciting purchase. He called us ecstatic to tell us about her. When she arrived we were super impressed with her femininity, depth, volume, capacity and ideal balance, along with her perfect udder and great athleticism. She stems from the cow family that produced Chill Factor and GCC Legacy at Griswolds. We incorporated her into our donor pen, retaining maternal siblings that will be valued assets to accentuate our herd.

IT IS CHRISTIANITY TO BE GENTLE, MERCIFUL, AND FORGIVING, AND TO KEEP THOSE QUALITIES QUIET IN OUR OWN HEARTS, AND NEVER MAKE A BOAST OF THEM, OR OF OUR PRAYERS OR OF OUR LOVE OF GOD, BUT ALWAYS TO SHOW THAT WE LOVE HIM BY HUMBLY TRYING TO DO RIGHT IN EVERYTHING. E51's sire, SAV Renown, has a unique ability to sire added performance in a functional, yet eye-appealing package. His progeny are sound-footed, correct cattle that are free on the move and flexible in their skeletal design. E51's maternal sister, a first calf heifer, just weaned a stellar 729# adj. WW heifer that ratioed at 119! Impressive pedigree coupled with excellent milking ability.

Massive maternal sister to the dam of E51.

Donor Quality. You'll love this easy fleshing, deep bodied, broody cow. Her dam is as pretty of a cow as we have and is featured alongside this tremendous daughter in this year's sale. Her sire, SAV Resource, is in a league of his own for siring body dimension, fleshing ease, muscle thickness and breed character. He consistently sires high quality functional phenotype and unprecedented productivity. Resource daughters are prized assets in breeding programs that admire eye-appealing, highly productive females that are easy to be around.

Show stopping good looks, perfect udder, excellent fleshing ability and maternal traits. She's the whole package and is one fancy female. Her sire, North Country, is out of Soo Line Annie K, who was the Champion Female at the World Angus Forum in 2009. She sold for \$100,000 and Kodiak sold for \$150,000. One of the most exciting aspects of North Country comes from the consistency of his dam to produce high dollar, eye appealing progeny. The power of a cow family is immeasurable. North Country carries plenty of look and style along with an extra dose of performance, bone, and scrotal development. His sire, Kodiak produced the first pen of three Denver Champions. His offspring also include Soo Line Motive and HF Tiger 5T who was the '09 World Angus Forum Champion.

S19 is phenomenal! This easy fleshing donor is performance packed. She consistently produces pounds of profit in the right package while staying hog fat. She passes down a tremendous amount of thickness and ideal phenotype averaging an impressive 697# WW and a weaning ratio of 107. 75# BW average on nine natural offspring. As a first calf heifer she weaned a powerful 793# calf that went on to be our '08 high selling bull for \$10,500 purchased by our good friends the Walkers of Menan ID. S19 has several outstanding daughters in production in our herd. Donor daughter Y64, who was the heavy weaning heifer of her calf crop at 864# act. and produced a \$10,500 bull calf selected by Justin Allen. Another first class daughter weaned our highest weaning calf this year at 840# and produced another \$8,500 son. Another had the lead off bull in this year's sale and brags a 108 weaning ratio on 7 calves with a scale crunching 724# average. Another daughter had a \$10,500 bull, a \$9,500 bull, and a weaning ratio of 106 on four head with a hefty 732# average. We have several matings stored up in the tank on this lead off donor. She has proven herself in every trait of economic importance. This is a once in a lifetime opportunity. SHE SELLS OPEN AND READY TO FLUSH; FOR FLUSHING PURPOSES ONLY.

High-performing son of S19 sired by SAV Resource 1441.

This is possibly the best Maine cow we have ever raised. She's got a choke neck with a strong top, stout hip, sound joints, and exceptional hair. She moves with the grace of a ballerina. Her cool fronted, donor dam is also the mother of our all-time high selling Maine Anjou bull, Yardley Captain, a \$16,000 stud purchased by Steve Welling of Fielding UT. Her stylish made maternal grandam was also an exclusive donor at Yardley Cattle Company. Her son, Yardley Specialty, was our powerful lead off Maine in '16 and the high selling Maine to repeat customer Scott Fulmer of OH. Don't miss out on this great one.

Irish Whiskey needs no introduction in the club calf world as being the go to sire for producing functional quality females that consistently produce top end "clubbies". Little wonder the gavel has hammered down bids well beyond \$50,000 on many a daughter to this herd legend. With semen averaging \$500/straw you don't just put it in any female. N171 is as pretty and broody Angus donor as has ever graced our ranch. Our good friends the Dunsdales of NLC Cattle in South Dakota selected a flush sister to this heifer, \$5,000 Yardley Dandy. If you want to talk about the best cow families at Yardley Cattle Company E208's is surely near the top. Both his powerfully made, beautiful grandam and third dam were cornerstone donors in our program for several years. Her maternal grandam raised fourteen calves. Weaning a 732# calf at 16; her donor dam in turn weaned 12 calves including our first calf to ever sell for \$10,000, a true testament to longevity, productivity and functionality. These are real world cows that have stood the test of time raising stylish productive calves along the way. A maternal brother to E208's dam sold for \$9,750 to Dan Lunsford of WY, another for \$9,500 to Culver Cattle Company of CO.

FREEDOM AND OPPORTUNITY FOR ORDINARY PEOPLE

IN HER EULOGY FOR HER OLD FRIEND RONALD REAGAN, MARGRET THATCHER, PRIME MINISTER OF GREAT BRITAIN, SAID SOMETHING THAT I FIND STRIKING IN ITS CLARITY ABOUT WHAT MAKES AMERICA SO UNIQUE. LADY THATCHER ASTUTELY OBSERVED, "THEREIN LIES PERHAPS THE FINAL EXPLANATION OF HIS ACHIEVEMENTS. RONALD REAGAN CARRIED THE AMERICAN PEOPLE WITH HIM IN HIS GREAT ENDEAVORS BECAUSE THERE WAS PERFECT SYMPATHY BETWEEN THEM. HE AND THEY LOVED AMERICA AND WHAT IT STANDS FOR: FREEDOM AND OPPORTUNITY FOR ORDINARY PEOPLE."

FOR MORE THAN TWO HUNDRED YEARS THIS SIMPLE PROPOSITION HAS BROUGHT PEOPLE FROM AROUND THE WORLD TO THIS LAND. EACH OF THESE ORDINARY PEOPLE PURSUING THEIR DREAMS FOR THEMSELVES AND THEIR FAMILIES CREATED PRODUCTS AND SERVICES THAT IMPROVED THE LIVES OF THEIR FELLOW AMERICANS AND IN THE PROCESS THEY BUILT THE GREATEST NATION IN THE HISTORY OF THE WORLD.

YET TODAY, THIS SIMPLE PROPOSITION OF "FREEDOM AND OPPORTUNITY FOR ORDINARY PEOPLE" IS UNDER ASSAULT AS NEVER BEFORE IN OUR NATIONS HISTORY. LARGE AND GROWING NUMBERS OF OUR FELLOW CITIZENS ARE INCREASINGLY READY TO THROW AWAY THE VERY FREEDOMS AND SYSTEM THAT HAVE LIFTED THEM AND MORE GENERATIONS OF AMERICANS TO A HIGHER STANDARD OF LIVING THAN ANY OTHER SYSTEM KNOWN TO MAN.

YARDLEY Cattle Company Sire Lineup

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. Semen Available on all sires.

Top Notch is the exciting result of the \$55,000 Sandeen Upper Class crossed on HSF Victoria P30, who has had over \$500,000 in offspring sales and reigns as the leading honor for Hecksels of Minnesota, and the producer of another successful donor phenomena, HSF Baby Doll W959. Sandeen Upper Class comes from a cow family that is second to none. His dam, breed legacy, Donna 7386 commanded an impressive \$140,000 selling to astute cattleman Nick Sloup of Nebraska. His powerhouse maternal grandam brought an astounding \$100,000. Top Notch is loaded with exceptional mass and performance in a moderate made easy-keeping package. His width and massive rib shape afford him the ability to moderate cattle without moderating weaning weight. Top Notch is a breed changer. The bulls from his first calf crop averaged \$7,900 with the high-selling bull going for \$15,000. His calves have increased muscle, depth of body, dimension, and overall performance.

North Force is the pinnacle of perfection in terms of power, performance and phenotype. His width, depth, and overall mass is unsurpassed by any bull on the ranch which is reflected in his real world numbers. He is the result of a mating of two of the elite individuals in the Simmental breed. His donor dam is a beautiful long-bodied, deep-sided female with a perfect udder and flawless structure who has proven to be our most productive purchase from Griswolds in terms of dollars and pounds. As a first calf heifer she weaned a 737#. Her first heifer to sell, Yardley Blitz was a crowd favorite selected by Brent White of Iowa for \$16,500. C302's \$25,000 sire, Northern Octane, is out of Kappes's leading donor female, Kappes Sadie T635. We Al'd several of our elite females to Northern Octane in hopes of getting a herd sire. We were not disappointed at weaning when his eleven calves averaged 733#. North Force led the pack at 828#. Here is a bull that has all the right parts in all the right places, and one that is certain to increase weaning weight and improve quality! Hetero Black.

W/C Banchor 46D has been fun to see in our pastures all summer. He is loaded with depth of body, thickness and muscle, excellent feet quality, good haired, and a blazed face to top it all off. He stayed sound and fat all summer while doing a great job of getting the cows bred. He has a nice slope to his shoulder and a disposition that can't be beat. He is sired by CCR Anchor 9071B, whose progeny have highlighted many sales over the last year. They have proven themselves as sound, functional, real world cattle that just work. His dam Miss Werning 46B is a daughter of the great 715T donor cow and has had multiple full sisters sell for over \$10,000. CALVING EASE SIRE SUPREME. He is one of the easiest calving purebred Simmentals in the breed. The last two years we have had 60 heifers calve out of him and we have never had to pull a calf. They are very stylish and correct and have good growth, performance, and eye appeal. Our cattle have to do a lot of walking so we are very fussy about good feet and legs. There is an epidemic of back curly toes and toeing out on the front legs in both Simmental and Angus. He is the most correct legged bull we saw in Denver. His dam was the Grand Champion Simmental female at the 2009 American Royal Show in Kansas City. Many of the bred cows and heifers in this sale carry his service. You Need To Try Him. His two-year-old dam is very feminine fronted, deep bodied, easy fleshing and ideal uddered. Standout was her first calf with a birth weight of 72 pounds, weaning weight of 773 pounds without creep, and a yearling weight of 1338. His extended front end and smooth shoulder give him added eye appeal and increase calving ease. This is one of the best purebred Simmental bulls I have ever seen. I am 82 years old and have seen as many bulls as anyone in the country. I am one of the fussiest bull buyers in America and a bull has to be about perfect for me to buy him. This fancy bull is so deep ribbed, square hipped, full of muscle and red meat. He is big topped, wide based, clean fronted, and clean sheathed. He is very sound on his feet and legs and carries himself well. He has a topnotch set of EPD's and is a **HERD BULL SUPREME**. Joy's Elegance was Grand Champion in Denver in the Junior Show and matured into as picture perfect of a cow as she was show heifer. A true test for a great show heifer doesn't come in the show-ring, it comes in her ability to produce and transmit the same look and quality in her offspring. Joy's produced \$106,000 in progeny sales this past year on four head with one of the most consistent flushes ever produced at Griswold Cattle. The two yearling heifers produced are proving to be as competitive in the show ring as their great dam. Nickels N Dimes sired our Lot 4, \$18,000 bull in our '15 Bull Sale. A LITTLE ABOUT OUR BELIEFS... THE CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS

"The first principle of our church is faith in the Lord Jesus Christ. The fundamental principles of our religion are the testimony of the Apostles and Prophets, concerning Jesus Christ, that He died, was buried, and rose again the third day, and ascended into heaven; and all other things which pertain to our religion are only appendages to it."-Joseph Smith
We believe in God as a living, loving, all knowing, and all powerful being who is the literal Father of our Spirits, our Heavenly Father who sent His son, Jesus Christ, into the world to set a perfect example for us to follow, and to pay the ultimate price of pain and suffering for our sins and imperfections so that, through His Atonement, or sacrifice, we could all be forgiven of our short comings through the repentance process. We believe that after laying in the tomb for three days Jesus Christ was resurrected, his spirit was reunited with his body in a perfect immortal form, and that through his resurrection Jesus broke the bands of death, that only he could break, so that we will all be resurrected again through his grace and power.

We believe that all men can, through obedience and repentance, return home to live for eternity with our Heavenly Father and that this is His greatest work and glory, "to bring to pass the immortality and eternal life of man." We believe that this is why we are here on earth; to strive to become more like he is, to be tested and tried to see if we will be faithful, and to receive a mortal body. We believe that agency, or the freedom to choose right from wrong and receive just consequences for our actions, is one of the greatest gifts God has given to man, and something to be fought for and protected. We believe that righteous governments were instituted to help protect that freedom and that any government that seeks to take freedom away from its people unjustly is in opposition to God's law.

"We believe, as Jesus taught, that... "the first great commandment is to love God with all of our heart might mind and strength and to love your neighbor as yourself." We believe that to serve your fellow man is to serve God, and one of the most Christ like things you can do to benefit society. We believe that the family and marriage are instituted of God, and that marriage, as instituted of God is a sacred union between one man and one woman. We believe that God gave us laws or commandments to help us be happy by being obedient to them and that wickedness never was happiness. We have many other beliefs that we cherish and strive to live by. If you would like to learn more about our religion please feel free to visit or ask questions to any of us.

Sincerely, *The Gib Yardley Family*
