

YARDLEY *Cattle Company*

46th Annual
Bull Sale
Saturday, March 9, 2019 1:00 MST

Welcome

Dear Friends, Fellow Cattlemen, and Valued Customers:

Greetings from all of us to all of you from the beautiful mountains, Welcome to our 46th Annual Bull Sale. We are privileged and honored to be your seedstock producer and a part of the cattle industry. It is awesome to work day in and day out with such an outstanding group of individuals comprising this industry. We truly feel blessed to rub shoulders with the best people on the earth, and to live in a nation that has been so blessed and prospered by the hand of The Almighty.

It is a great time to be in the cattle industry. Last year was one of the most dry and difficult summers we have experienced. We, like many of you, experienced a prolonged season of heat and drought; however, this winter and spring has filled our mountains and valleys with the much-needed moisture so vital for our crops, meadows, aquifers and rangelands. We thank God for this much needed blessing. With this moisture comes the opportunity to build back our herds and increase our numbers.

We believe in low maintenance cattle, **LOW MAINTENANCE DOES NOT MEAN NO MAINTENANCE!** We strive to take the best of care of our cattle and the rangelands they run on. Our cattle are current on all of their vaccines, have a well-balanced mineral program, and we always strive to have more feed than cattle. We operate our operation with the commercial cattleman in mind and therefore our cows are managed in a similar fashion. Our cows spend the entire summer grazing on forest permits ranging from 7,000 to 10,400 feet in elevation, trail home 25 miles prior to weaning, and are wintered at 5,200 feet elevation where they graze native grasses, shrubs and browse through the winter months, calving unassisted on the range and often trailing two and three miles to water each day.

In order to do this our cattle must be well balanced and built right from the ground up; good feet and legs, quality udders and teats with adequate milk, and abundant depth to pack a lunch and be easy fleshing, and breed back within a 60 day interval of calving, raising a large calf every year with minimal input, maintenance, and no assistance from creep feed. It's a simple no-nonsense approach to raising cattle that work in the real world, loaded with abundant longevity, fertility, eye appeal, and quiet temperaments. These characteristics are inherent in the maternal backing of your bull selection. We stand behind our product and appreciate your confidence in our program. Please feel free to call with any questions or concerns prior to the sale or anytime thereafter.

Look at the **QUALITY** of the bulls in our catalog and sale. Quality is the only trait you can never have too much of. You can't measure quality with a scale, a ruler or an EPD...it can only be measured by the eyes of a true stockman. Quality is the leading factor that determines the premiums that buyers will bid. Buyers measure quality base on the amount of thickness, length, depth, style and eye appeal they see in a set of cattle.

If your goal is to maximize the muscle, growth and visual quality of your next calf crop...then you can choose from 190 head of bulls that will sire thicker-butted, faster growing calves with added style and more eye appeal. **DON'T SETTLE FOR LESS WHEN YOU CAN HAVE MORE!**

We have been blessed in this Nation with the right to share our opinions and beliefs and to speak up for Christian principles and values that are the fabric which binds our families, communities, and Nation together. As the great statesman and anthropologist Edmund Burke stated: "The only thing necessary for the triumph of evil is for good men to do nothing." We can, and must, stand up, speak up, and band together, regardless of creed or religion, to protect our God-given freedoms, the sanctity of family, marriage, and life. As well as our inspired Constitution which protects our rights. We need to be civil but undaunted in standing firm for what we believe in; that we preserve for the generations to come, those wondrous elements of our society and manner of living, of which we have been the beneficiaries.

Thank you again for all you strive to do and are doing, to make your family, your community, the cattle industry, the Nation, and the world a better place. May God bless you in your trials and your efforts in becoming better people and making better cattle. Go forward in life with a twinkle in your eye and a smile on your face, but with great and strong purpose in your heart. We look forward to seeing you at the sale. **GOD BLESS YOU AND GOD BLESS AMERICA! WE LOOK FORWARD TO SEEING YOU AT OUR SALE!**

Sincerely yours for a better cattle business.

TRANSPORTATION

Beaver is 200 miles away from Salt Lake City or Las Vegas, NV, on I-15. From Salt Lake, Sky West Airline commuter (The Delta Connection) serves Cedar City, which is 50 miles south of Beaver. Beaver has many excellent motels and restaurants, and an airstrip for private planes. You must call us to meet your plane as there is no taxi service.

INFORMATION

TRUCKING & DELIVERY

Please leave detailed information with the sales clerk about your trucking needs and arrangements. We will work with you to help find the best and most efficient means for hauling. We will guarantee to have your animals delivered to a central location within 200 miles of your home anyplace in the United States for no more than \$300/head. This guaranteed delivery price does not apply to cattle that have not been fully paid for within ten days of the sale date.

ACCOMMODATIONS:

Request the Yardley Cattle Company special room rate. Please try to reserve rooms as far in advance as possible to guarantee room rate.
Days Inn435-438-7800
North Interchange \$29
Butch Cassidy Inn.....435-438-2438
Downtown limited trailer parking \$65
Quality Inn.....435-438-5426
South Interchange \$63
Comfort Inn.....435-438-6283
South Interchange \$71

RANCH AND SALE LOCATION

Once you arrive in Beaver, go to the only traffic light in town on the corner of Main and Center Streets. Take Milford Highway 21, go west on Center 1 1/2 miles to the Yardley Black Cow/Calf sign, turn right and proceed north and west across the field to our sale barn. You will pass our house 1/4 mile north of the highway, but continue one more mile to the barn.

UPON LEAVING HWY 21, TRAVELING NORTH ON THE GRAVEL ROAD, EXCEPT FOR OUR HOUSE AND LOT, THE HORSES, CATTLE AND LAND DO NOT BELONG TO US UNTIL YOU CROSS THE CATTLE GUARD JUST BELOW OUR SALE BARN.

BARBECUE

We will have a barbecue dinner in the sale barn starting at 11:00. Barbecue will be prepared by the Daren Oberg Family.

STAY TILL THE END OF THE SALE

Department stores don't put all the good stuff at the front door, do they? Great bulls will come into the ring all day long, AND IF YOU DON'T STAY UNTIL THE END YOU MIGHT MISS THE BEST DEALS OF ALL! WE WILL HAVE A DRAWING AT THE END OF THE SALE. All numbers will be put in a hat. Your must be present to win. THE WINNING NUMBERS WILL RECEIVE A CHECK FOR \$300, THE 2ND PLACE WILL RECEIVE \$200 AND 3RD PLACE WILL RECEIVE \$100.

TERMS & CONDITIONS

TERMS: Terms of this sale are cash, or a good check, unless arrangements are made prior to the sale. Settlement to be made immediately at the conclusion of the sale before animals are loaded. The right of property title shall not pass until checks have cleared.

BIDDING: All animals will sell as single lots to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

HEALTH: Every bull in this sale, to the best of our knowledge, is free of any disease and will be eligible for interstate transport. All bulls were Dectomax treated. They have been vaccinated twice for IBR, P13, BVD, BRSV, 8-way Blackleg, One Shot Pasturella, and Enforce.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter, and any other announcements.

TRUCKING: All trucking is the responsibility of the buyer, but we will help make arrangements. Every effort will be made to minimize costs to the buyer. We can only get these bulls delivered to central points.

GUARANTEE: Every bull has been tested for Tric and semen evaluated by a licensed veterinarian. We will guarantee the bulls selling in this sale to be fertile at the time of sale. Several of the bulls in this sale are of "Herd Sire" quality. If the buyer chooses to have semen collected on a bull, Yardley Cattle Company can not guarantee that the semen will freeze. **KEEPING BULLS TILL MAY 15TH:** We can do this but encourage you to insure them as the risk is the responsibility of the buyer. \$3.00 per head per day will be charged until the bulls are picked up.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Yardley Cattle Company assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it.

REGISTRATIONS: REGISTRATION PAPERS WILL ONLY BE FURNISHED IF REQUESTED AT THE TIME OF SETTLEMENT AT THE CONCLUSION OF THE SALE OR WITHIN 3 WEEKS. If requested later, buyer must pay additional registration fees. Leave the name and address to which you would like your bulls transferred on your sale slip when you settle up. Please print so that it is legible.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions. necessary to mix breeding groups at that time. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows we cannot guarantee sire parentage unless a parentage identification test is ran. IGENITY labs runs this procedure for around \$30.

ABSENTEE BIDDING

If you are unable to attend the sale but would like to bid on the lots offered we encourage you to call prior to sale day. There are two ways to participate in the bidding if you are unable to attend the sale. Bids will be handled with the strictest of confidentiality.

1-Work with one of us to fill your order.

Due to the size of the offering it is impossible to picture every bull. There are many quality bulls that may not be highlighted that will fit your program. Feel free to call anytime prior to the sale. Sale days are crazy! It is much easier for yourselves and for us if you are able to visit with us prior to the sale about certain lots. Gib: 435-310-0041, Steven: 435-310-1725, Rodney 801-824-8851

2-Bidding via DVAuctions.

Bid via www.DVAuction.com. For more information contact DV Auction at 402-316-5460.

3-Sale Day Phones.

These phones are only for bidding and we HIGHLY RECOMMEND PRIOR ARRANGEMENTS AS THE LINES MAY BE BUSY AND YOU MAY NOT BE ABLE TO GET THROUGH. If prior arrangements have been made we will accommodate you to the best of our ability.

Steven Yardley.....(435) 310-1725
Rodney Teichert.....(801) 824-8851
Jeannie Y. Griswold.....(435) 421-1200
John Griswold.....(405) 780-3300
Angela Y. Barton.....(435) 310-1147
Emily Y. Maxfield.....(435)310-0038
PRE-SALE REGISTRATION FOR ATTENDING BIDDERS AND ABSENTEE BIDDERS.

If you would like to register as an absentee bidder please call 435-421-1200. You may be required to list your bank telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via wire-transfer on Monday, March 12th prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation.

www.DVAuction.com

For more information contact DV Auction at 402-316-5460.
Before you can be approved you will need to provide a letter of reference from your lending institute. It must include the lenders letterhead, phone, address, contact person at the institution and a monetary range that can be used for purchases.

THESE BULLS WILL SELL IN EVERYONES PRICE RANGE.

We cull bulls from branding up until the sale for structural soundness, quality, breeding soundness, and temperament. Not every bull is destined to sire calves. **AS SEEDSTOCK PRODUCERS WE TAKE THE RESPONSIBILITY TO MARKET QUALITY BULLS SERIOUS.** We realize that your success depends upon our breeding program and we strive to have quality from the first lot sold to the last bull to walk through the sale ring.

FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$3000 or more will be covered 50% by Yardley Cattle Company if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. 50% of the value of the injured bull will be given as credit in a future sale or toward a replacement bull if one is available. **ALL INJURED BULLS MUST BE DIAGNOSED BY A VETERINARIAN AND WE MUST RECEIVE THIS AND A LETTER FROM YOU IN WRITING.** Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage. If at all possible we would like the injured bull to be returned to us. **ALL CLAIMS MUST BE MADE BY OCTOBER 1st.** We will not replace a dead animal for any reason.

RETAINING 1/3 SEMEN INTEREST ON ALL BULLS!

SEMEN INTEREST: We are retaining at least 1/3 semen interest in all bulls selling. The new owners of the bulls will have full possession and all salvage value. If semen is sold we would retain one-third of all revenue. There will never be more than 2 or 3 bulls a year that we will want to collect.

To whom it may concern:

Traveling the country over the past 15 years Ultra sounding Cattle I have seen many types and breeds of cattle that vary greatly in carcass traits and phenotypic quality. Gib Yardley contacted in the Fall about coming to Beaver, Utah and ultrasounding their yearling bulls. I was truly amazed with the amount of muscle and marbling the Yardley bulls possess in a very sound functional package. It has always been a pleasure to evaluate cattle of different breeds and what each of them offer to the Beef industry. On March 11, Bull buyers from across the United States will have the opportunity to purchase genetics from Yardley Cattle Co, a breeding program that has stood the test of time and continues to excel in carcass quality and maternal traits. Whether you are a Purebred Seedstock Producer or a Commercial Rancher retaining ownership of your calves through finishing Yardley Genetics will work for you. It has been proven that 1 square inch of Ribeye Area per hundred pounds of body weight on a Yearling Bull is average, as you evaluate the offering you will see that the Yardley Bulls will certainly exceed that while having high adjusted %IMF Values. A 4% IMF score is equated to a low Choice Quality Grade on fed cattle, Bulls will generally sire fed calves that are 1% higher than their own %IMF adjusted value. Translation as you see many Bulls in the sale with %IMF values of 4% or greater they will transmit these high IMF values to their offspring while increasing Ribeye size lowering numerical Yield Grades. It is always my pleasure to travel to Utah and ultra sound bulls of superior structural soundness, quiet disposition, and work with a Great Family. As you evaluate the bulls and make your purchases, buy with confidence, you are not only buying great bulls you are buying into a program and the Yardley's will stand behind what they sell.

Thanks,
Ghad Gordon

PLEASE BRAND YOUR CATTLE WHEN YOU GET HOME!

Our bulls are not pampered and are not overly fat. They are developed on high roughage rations for comparison only and not for maximum gain. You will not be paying for over fleshing that will melt away as the breeding season progresses. By not force feeding these bulls, you can be assured they will be sound, athletic, and ready to service cows. They are grown in big lots where they get lots of exercise, so they can take the toughest ranges. These bulls are grown mostly on hay with a 50/50 alfalfa grass mix with less than 1% of their body weight in grain.

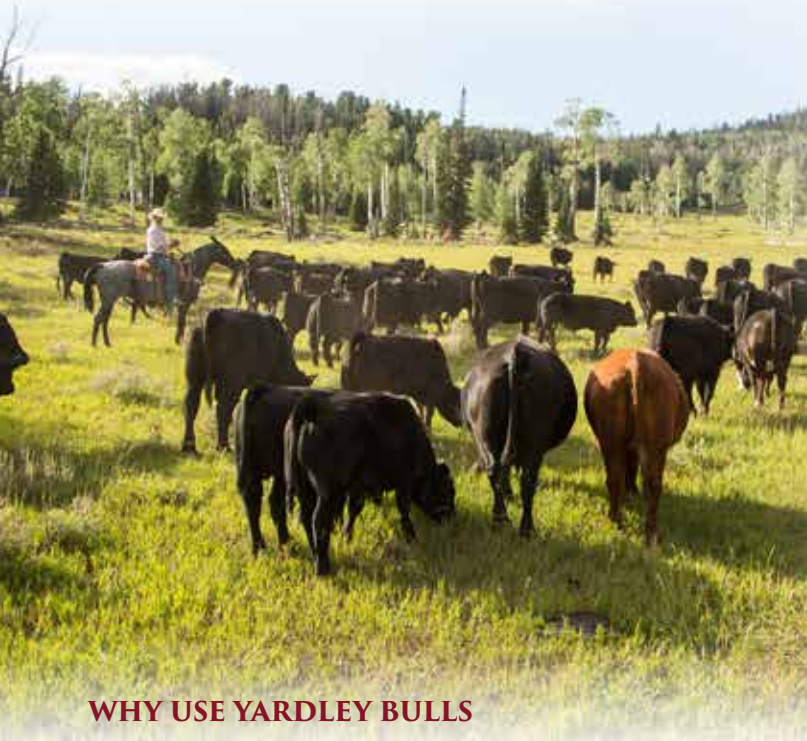

We have always concentrated on producing a functional, balanced, all purpose beef animal. One that is thick and moderate framed, not too big or too small, and that has a natural fleshing ability. If a cow has feed, I expect her to stay fat while raising a 700 lb. calf without creep. We believe in a balance between performance, eye appeal, and maternal traits. Above all, we have eliminated the problem cattle. To achieve balance, ranchers need cattle that are not necessarily the tops in all traits, but they can't be weak in one single trait.

PAP TEST

Brisket Disease of cattle is the result of right congestive heart failure, but is brought on specifically by effects of the lower oxygen pressures present when cattle are kept at high altitudes above 7,000 feet in elevation. The test is a measure of the pulmonary artery pressure (PAP). It is conducted by inserting a large gauge needle into the jugular vein, passing a fluid filled catheter through the needle and allowing it to flow down

IF YOU RUN BELOW 7,000 FEET ELEVATION, PAP SCORES SHOULD NOT BE CONSIDERED WHEN SELECTING BULLS.

into the pulmonary artery that goes to the lungs. Dr. Tim Holt of Colorado State University is the countries greatest authority on this disease and has tested many thousands of cattle. Dr. Holt recommends that bulls selected for cow herds running above 7,000 feet have PAP Scores of less than 41 if tested as yearlings and 41 - 45 is an acceptable score for animals tested over 16 months of age.

We've purchased bulls and females from Yardley Cattle Co for years, but tonight, as we flip through the 2018 Focus on the Female catalog, we feel the need to express what an impact this family has made in the U.S. cattle industry. Each page is filled with INCREDIBLE cattle. They are sound structured, heavy muscled, balanced, and soooo deep! Bar-none, THE BEST CATTLE we've ever seen. Ever. We are so proud to know these people and have the chance to bring home some of their genetics. Incredible cattle, incredible people.

Sincerely,

Kacie and Reyes Carballo and family

Kacie is a former member of the Casper College Livestock Judging Team and Currently lives in Parowan UT with her husband Reyes. They have a nice ranch and Kacie is the FFA teacher and advisor there.

WHY USE YARDLEY BULLS

1. THE BIG FEEDERS PAY A PREMIUM FOR CALVES SIRED BY OUR BULLS BECAUSE THEY ARE THE BEST GAINERS AND THEY HAVE THE LOOK, EYE APPEAL AND UNIFORM PHENOTYPE.
2. Their daughters will be the most productive, structurally sound cows you've owned.
3. Their calves will weigh 25 to 100 lbs more at weaning.
4. These bulls are wintered in big lots on half grass/alfalfa and only 1% grain.
5. They are born unassisted on the range and walk 25 miles to and from the summer range that goes to 10,200 ft. elevation, so they have to be structurally correct.
6. OUR CALVES ARE NEVER CREEP FED, their birth to weaning growth is based solely on their ability to perform on their mothers.
7. Our cows winter on desert winter range without hay. They have natural fleshing ability to stay fat on grass and take care of themselves.
8. All bulls are performance tested and backed by our first year breeding guarantee.
9. They have proven themselves to adapt to all environments and have sold into 30 states, Canada and Mexico.
10. Simmental and Simmental crosses are some of the most sought after cattle by order buyers, feedlots and for replacement females.
11. YARDLEY BULLS ARE BRED WITH THE COMMERCIAL CATTLEMEN IN MIND.
12. You are buying from a family that is honest, we will treat you fairly.
13. GIB YARDLEY IS A MASTER CATTLE BREEDER. He will be 85 years old on March 15th. He has AI'd for 50 years and has produced one of America's greatest cow herds. He has spent his life breeding this herd of cattle and raising a wonderful family.
14. THESE ARE NOT ORDINARY CATTLE. THEY HAVE MORE THICKNESS, DEPTH, MUSCLING, FLESHING ABILITY, PERFORMANCE, & STRUCTURAL CORRECTNESS IN A MODERATE SIZED PACKAGE.
15. Cross breeding pays. You can't afford not to.
16. You don't have to baby and pamper them.

UNDERSTANDING THE DATA

EXPECTED PROGENY DIFFERENCE (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an "I", and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

Calving Ease Direct (CE), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Maternal Milk EPD (MK), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

H/P/S: Horned (H), Polled (P), Scurred (S)

WDA: Weight per Day of Age= ((Weight-Birth Weight)/Age in Days)

TG: Test Gain=((Weight-Weaning Weight)/Days on Feed)

Rib Fat: inches of fat over the Rib Eye muscle

REA: Rib Eye Area measured in inches and adjusted to Yearling Age.

%IMF: % Intermuscular Fat in the rib eye muscle

DWR: Dam's Weaning Ratio on her number of calves and how those calves weaned compared to the average during those years.

-Example: 5/110; bull's dam has had five calves that have weaned at 110% of the average.

IN LOVING MEMORY OF JOE GRISWOLD

Our sincerest and most heartfelt condolences go out to John & Jeannie. John's Dad Joe, unexpectedly passed away in January. Joe is a wonderful man and an amazing cattlemen. He will truly be missed. His heart was gold and he had the biggest smile you've ever seen. Once you were Joe's friend, you were friends for life! Thank you Joe & Elaine for raising such a caring son as John! He takes such good care of Jeannie and his kiddos!

ONLY A DAD, WITH A TIRED FACE,
COMING HOME FROM THE DAILY RACE,
BRINGING LITTLE OF GOLD OR FAME,
TO SHOW HOW WELL HE HAS PLAYED THE GAME,
BUT GLAD IN HIS HEART THAT HIS OWN REJOICE
TO SEE HIM COME, AND TO HEAR HIS VOICE.

ONLY A DAD, WITH A BROOD OF FOUR,
ONE OF TEN MILLION MEN OR MORE.
PLODDING ALONG IN THE DAILY STRIFE,
BEARING THE WHIPS AND THE SCORNS OF LIFE, A
WITH NEVER A WHIMPER OF PAIN OR HATE,
FOR THE SAKE OF THOSE WHO AT HOME AWAIT.

ONLY A DAD, NEITHER RICH NOR PROUD,
MERELY ONE OF THE SURGING CROWD
TOILING, STRIVING FROM DAY TO DAY,
FACING WHATEVER MAY COME HIS WAY,
SILENT, WHENEVER THE HARSH CONDEMN,
AND BEARING IT ALL FOR THE LOVE OF THEM.

ONLY A DAD, BUT HE GIVES HIS ALL
TO SMOOTH THE WAY FOR HIS CHILDREN SMALL,
DOING, WITH COURAGE STERN AND GRIM,
THE DEEDS THAT HIS FATHER DID FOR HIM.
THIS IS THE LINE THAT FOR HIM I PEN,
ONLY A DAD, BUT THE BEST OF MEN.

You can't help but be impressed by this blaze faced stud. He boasts the second heaviest YW and spread of any bull in our entire offering, from a 81# BW to a 761# WW, to a 1,474# YW, out of a first calf heifer that makes this curve bending feat even more impressive. He really hit the ground running and is sure to produce calves that will do the same. He sits in the top 5% for both WW and YW EPDs.

• His stellar dam boasted an impressive 748# WW and was out of a cornerstone matriarch and donor dam, U152 who averaged over 735# on nine calves including a \$9,000 and a \$12,000 son.

• Sired by the acclaimed Coleman Charlo who also sired the highest revenue flush mating in Angus history. Included in this flush mating was SAV President, the \$750,000 superstar sire of the Black Angus breed. Charlo also sired the world-record-selling sire group in 2017.

Coleman Charlo 0256, the powerful sire of F265.

Eye-catching maternal brother to the dam of F265.

Miss Yardley U152, one of the most productive cows on the ranch and grandam of F265.

With a massive, powerful topline, ginormous hip, and depth extending from his forerib through his wide sprung ribs and into his flank and lower quarter, F410 is a bull that will impress with just enough chrome to keep it interesting and one of the most impressive performance records of any bull on our ranch with a stunning 762# WW and an equally impressive 1411# YW. He's sure to add pounds of profit in the right package to the calf crop.

YI Gib, the stylish sire of F410.

Flawless donor dam of F359, F381, YI North Force, and YI Highway.

YI Top Notch, the popular sire of F359 & F381.

YI North Force, a high-performing maternal brother to F359 & F381.

You'll love Top Cut. This blaze faced, performance packed, high percentage Simmental Stud is out of our favorite Steel Force donor on the ranch. He's as long as a freight train and broad as a barn and strides out with the confidence of a king.

- His impeccable dam is the mother of our herd sire, Yardley North Force and has produced seven of her own calves averaging a hefty 700# at weaning including a sale stopping, feature show heifer, \$16,500, Y1 Blitz purchased by Brent White of IA and a \$14,000 son purchased by Peter Mori of NV.

- His full brother sells as Top Mark F381, Lot 4.

Impression is sure to leave you with a lasting impression of him. He's a blazed faced charmer with a tremendous amount of length, width, and capacity. You'll love how free and confident he strides out on an exceptional set of wheels. His dam is a noteworthy heavy milking High Regard daughter who has the look of a Denver champion. Her dam in turn was our prettiest replacement heifer and was an own daughter of our fancy donor Y25 who produced Yardley North Slope, a \$9,000 sale day sensation and many other fine individuals. Several of her daughters have been retained in our herd.

• SAV Sensation was the \$950,000 total valuation, high seller of the 2016 Schaff Angus Valley Sale. He is a full brother to \$235,000 SAV Seedstock. His mother, SAV Blackcap May 4136, is the No.1 income producing cow in SAV history. She has generated over 9 million in progeny sales to date.

2018 Bull Sale highlight and full brother to F489.

Miss Yardley U152, the powerhouse dam of F489.

A feminine maternal sister to the dam of F288.

SAV Sensation 5615, the popular calving-ease sire of F288.

You'll love the amount of substance and impressive muscle coupled with the softness, smooth joints and impressive performance, this young stud brings to the table. On the move he's even more impressive as he strides out in a wide based, easy flowing stroll. It's easy to see why so many producers are drawn to the magic of the SimAngus cross. This sire, SAV Catalyst, will see increased use and production in future years as he is a calving ease phenomenon. He combines moderate birth weights with explosive growth and impressive performance in a well-balanced, correct structured package, with ideal dispositions and frame size.

Huge-middled maternal brother to F338. Y1 Gib, the performance-driven sire of F338.

Heavy-muscle maternal brother to F374.

Calving ease phenomenon, SAV Catalyst.

Masculine maternal brother to F341.

THANKS YARDLEY FAMILY FOR ANOTHER GREAT SALE. WE REALLY ENJOY YOUR CATTLE AND YOUR FAMILY. GOD HAS CERTAINLY BLESSED YOU. HOP YOU HAVE A GREAT HOLIDAY AND WILL HOPE TO SEE YOU NEXT YEAR. ED MOUGHLER -INDIANA

You'll be impressed by the extreme length and big hip of this moderate made, big growth bull. He records one of the most impressive, curve bending profiles with a hefty 764# WW out of a first calf heifer and 1,432# YW.

- His long lived, maternal granddam has done a prolific job of producing pounds in the right package, recording a 108 weaning ratio on 12 calves, including feature show heifer, Yardley High Society, selected by Griswold Cattle Company of OK; She is a true testament of longevity and profitability.

"CYNICS DO NOT CONTRIBUTE,
SKEPTICS DO NOT CREATE,
DOUBTERS DO NOT ACHIEVE."

Maternal brother to F413.

Maternal brother to F413.

You'll love the added depth and capacity of this impressive bull with a robust 711# WW out of a first calf heifer. A maternal brother to his gorgeous dam was an \$8,500 crowd favorite in our '15 sale selected by Lanny Putnam of Woodruff UT. F261's maternal grandam was one of our prettiest cows out of a full sister to our donor W172, a complete made, phenotypically flawless daughter of Duff New Edition.

F297 combines two of our latest and greatest herd sires, past Denver champion, Loverboy and a daughter of Stepping Stone. Our Stepping Stone daughters are proving their consistent value as brood cows as they are deep bodied, easy fleshing females with nice udders, abundant milk and consistently wean big calves.

Stylish maternal brother to the dam of F297.

"WHOEVER YOU ARE AND WHEREVER YOU MAY BE YOU HOLD
IN YOUR HANDS THE HAPPINESS OF MORE PEOPLE THAN
YOU CAN IMAGINE." ~ HENRY B. EYRING

Yardley Investor is a beautiful baldy bull worth investing in! The cards are stacked in your favor with this handy made, no nonsense bull. He's long, deep, moves out like a professional ball player, wide based, big topped and flat out good. With a 79# BW, a smooth shoulder lay, 728# WW, 1,364# YW, a strikingly powerful hip and a fancy front end, Investor brings all the money to the table. He is an investment worth the money. We are having a hard time letting this genetic masterpiece go. We are confident in his ability to produce greatness.

WC Banchor 46D, the calving-ease and stylish sire of F461.

"THERE OUGHT TO BE A LAW,' MANY SAY WHEN CORRUPTION RAISES ITS UGLY HEAD, AND OUR ANSWER IS THAT THERE ARE LAWS—NUMEROUS LAWS WHICH ARE NOT ENFORCED; BUT OUR FURTHER ANSWER IS THAT YOU CANNOT LEGISLATE GOODNESS AND HONOR AND HONESTY. THERE MUST BE A RETURN TO CONCIOUSNESS OF THOSE VALUES."

Wow! What a chunk! He combines phenomenal phenotype with exceptional style and impressive muscle mass. A maternal sister to his dam was a \$7,000 sensational show heifer, Yardley Homecoming Queen, selected by Mike Hibma of IA. F380's standout \$5,000 maternal brother was selected by our good friend Lynn Bastian in last year's sale. F380 is a little flighty. F380's sire Overhaul was our \$20,000 high selling bull selected by the prestigious Wheatland Cattle Company of Saskatchewan CA. They report his daughters as being exceptional, abundant milking, nice uddered, feminine fronted, good footed cattle.

Big-topped maternal brother to F380.

A feminine maternal sister to the dam of F380.

You'll love the depth and substance of this masculine made bull. Study the sheer power, performance and impressive phenotype of this individual who is backed by one of our top cow families. His dams maternal grand dam has stellar weaning ratio of 107 on six calves including a \$9,500 bull calf, an \$11,000 feature bred heifer in '16 purchased by our good friends at Charmont Farms of Ripley OH, and an \$8,500 standout bull selected by Greg Shawcroft of LaJara CO. Her dam in turn produced twelve calves that have averaged an impressive 704# at weaning and ratioed at 109. There is power in the blood!

Powerful maternal brother to the dam of F280.

Here's a big footed, stout hipped, big topped rascal with a cool big spot on his head. He has an impressive performance record, 72# BW and 750# WW.

• His productive, attractive, and profitable dam makes them nice every time with a notable 106 weaning ratio. Last year she raised a dandy \$7,000 son purchased by longtime repeat customer and friend Scott Miller of Manti UT. The year before that a full brother to F416 sold for \$4,500 to Spring Creek Ranch, Vernal UT.

284Z, the feminine donor dam of F316. Miss Yardley Fancy F172, maternal sister to F316.

Fancy maternal brother to F429. Maternal sister to the dam of F429.

A broody maternal sister to F456.

You'll love the well balanced, smoothly blended, impressive shape and muscle pattern of this moderate made, docile breed piece. As you move him through the pen you'll appreciate his big hoof, wide base, and fluid movement. His impressive and productive dam has been a performance and profit driven herd matron who has a track record of a 104 weaning ratio on five calves including a \$8,500 bull calf selected by longtime customer Kay Baumgardner of CO. His maternal pedigree traces back to a rock-solid cornerstone herd matron, N138. She produced 11 calves that effectively averaged over 730# giving her a weaning ratio of 111; her last two bull calves to sell averaged over \$8,000.

Those of you who have followed our program will remember our cornerstone herd matron A144. This grand old cow was a Whirlaway daughter that produced three herd sires for us and lived to be seventeen. Arguably her best daughter was P82, F46's maternal grandam, and a Goldmine daughter that produced several fancy, heavy weight bulls that were sale favorites including an \$8,500 son purchased by our friends the Walkers of Mennan ID. Her best producing daughter, in turn is U81, F456's heavy milking dam that has a weaning ratio of 103 on nine calves including a fancy maternal brother to F456 purchased by our good friend and longtime customer Dick Wheeler of Casper WY. Cow families at their greatest!

Miss Yardley E111, 2018 Cow Sale feature and maternal sister to the dam of F267.

F450 is backed by one of my favorite cow families, anchored in our old herd matron and donor dam, P153. She produced several stylish show heifers. Her best heifer, a Dream On daughter we kept is F450's maternal grandam, her best and most productive daughter is sired by High Regard and she has been the epitome of a quality brood cow; exceptional depth, capacity, muscle definition, and structural soundness. She's a great milker with a perfect udder and ideal teats and she's the dam of F450. She has weaned four hefty calves that have averaged 705# her past two quality bulls highlighted our sales at \$11,000 selling to great customers Darrel Shawcroft of LaJara CO and Allen Brothers Cattle of North Powder OR.

Square-made maternal brother to F450.

Miss Yardley S25, a phenotypic standout and grandam of F450.

Everybody knows a Super Puncher is at the top of the totem pole on the range. This Super Puncher has got all the tools in the toolbox to get the job done! He boasts the highest YW, a massive 1,456# and the second highest, scale-mashing, 823# WW of our Angus bull crop. He puts pound of product in the right package, with exceptional foot and leg structure to support his magnificent muscle pattern and depth of body. He strides out with confidence and authority like a Super Puncher should.

• Super Puncher's dam, S100 is as pretty, feminine, angular, and broody as any Angus female we own. She has a perfect udder with tiny teats but always brings home a heavy weight, stylish calf in the fall, with twelve elite calves averaging over 705#. Her past three bull calves have averaged over \$6,000. A maternal brother to Super Puncher was purchased by astute seed-stock producer Doug Jauer of Hinton IA. 50K Tested.

*** ACTUAL ULTRASOUND DATA**

Soft-middled maternal brother to F483.

Husky maternal brother to F483.

Highly-productive dam of F483.

Check out Charbroil. He's one beefy dude loaded with power and performance. Charbroil has it all; a clean front and smooth shoulder, with abundant rib shape and dimension. He is perfectly sound and smooth through his hooks, pins, and tail head. From behind he is wide based, filled in across the tail and has massive width extending all the way down through his lower quarter. Charbroil is sure to throw many superior daughters and stout made sons.

- His elite first calf heifer dam did an exceptional job. His phenomenal feminine maternal grandam is the picture of perfection with true Angus breed character. Several of her bull calves have highlighted past sales. Her past three bull calves to sell have averaged \$5,500 including a stylish \$6,250 son selected by Greg Nate of Cokeville, WY.

- Charbroil's sire, Charlo has produced more high dollar offspring in the past couple of years than about any bull in the breed including \$750,000 SAV President and \$450,000 Coleman Bravo. **50K TESTED**

The stellar two-year old dam of F260..

The beautiful grandam of Charbroil.

Coleman Charlo 0256, the powerhouse sire of YI Charbroil F260.

Cashier will handle your money wisely. He's a impressive hip, deep bodied bull with awesome performance and a cool look to go with it. He is backed by a phenotypically flawless female who was Jose Guzman's pick of her calf crop. Her dam was a complete made female who was a maternal sister to our herd sire Doc Skipper. This profitable dam produced a \$16,500 feature show heifer and was later purchased for \$20,000 by our good friends Wayne and Barb Ohlrichs of Norfolk NE and incorporated into their donor program.

• Cashier's \$125,000 sire, Bank Note is built right from the ground up; is an impressively sound individual that will add extra muscle, stoutness, and rib capacity in a very attractive package. He has won many banners in the show ring, but his true value will be as a bigtime producer for years to come. He recently sired \$95,000 Brookings Firebrand. **50K TESTED**

Yardley Capital Gain hails from one of the most profitable cow families on the ranch loaded with production packed donor dams and elite sale topping individuals. His maternal line traces back directly to cornerstone herd matriarch C72 through his magnificent donor great grandam S19. He is an extremely deep bodied, strong topped bull loaded with extra pounds of red meat, depth and width. With an impressive 709# WW ratioing at 104 he's sure to add pounds of profit to the equation. Capital Gain's grandam epitomizes the ideal Angus brood cow. She is deep bodied, smooth shouldered, feminine fronted and powerful hipped correct structure throughout. Her seven calves have averaged an impressive 724#. She has proven herself in every trait of economic importance. **50K TESTED**

Reward blends a powerful butt end with a fancy front, coupled with exceptional depth from fore rib to flank in a stout, smooth made package. We place the highest confidence in this stellar, big volume bull. His donor dam of perfect proportions is the mother of two of our herd sires, Yardley Aspen and Yardley High Roller. She is both feminine and powerful with an exceptional udder and structural correctness. She averaged 687# on nine calves including a \$5,600 feature in our '16 sale purchased by Mike Sinon of NY. Reward's donor dam epitomizes the ideal Angus brood cow. Her seven calves have averaged an impressive 724#.

Dameron C5 American Classic, sire of F378.

Fancy maternal sister to the dam of F378

Soft-middled and thick maternal brother to F360.

Miss Yardley Z69, big-time producer and dam of F360.

Feminine donor dam of F351.

YI High Roller C360, a stellar maternal brother to F351.

We couldn't be more excited and impressed with SAV Catalyst. His calves are consistently born light, calve easy, and excel in growth with ideal phenotype and impressive performance. F296 should carry on in similar fashion with a 76# BW, a dam with a featherlight 68# BW and a maternal grandam with an impressively BW average of 75# on nine calves. Several of F296's young dam's maternal siblings have highlighted past sales including '15 Yardley Country Girl, a fancy \$6,250 feature show heifer and Yardley Silver Spoon purchased by Ronnie Smith of TX and another impeccable feature of our '10 sale selected by Scott Roberts, TN. Their dam is a front pasture female that is loaded with fleshing ability, abundant milk, and an exceptional udder. She is ultra sound in her feet and legs. Her beautifully put together donor dam has made some really fancy females as well.

Long-bodied maternal sister to the dam of F296.

High-performing maternal brother to the dam of F296.

With a 68# BW and a dam whose seven calves have averaged 795# at weaning this deep bodied bull will work on moderating and softening a set of harder doing females, while removing birthweight in the process. His maternal grandam has been a top of the line producer. Her past two bull calves have averaged \$7,000 including a \$7,500 stud purchased by Carl Curtis of Landisburg, PA.

• F276's sire, Charlo has produced more high dollar offspring in the past couple of years than about any bull in the breed including \$750,000 SAV President and \$450,000 Coleman Bravo.

YI Lad C423, a long-bodied maternal brother to the dam of F276.

Here's another moderate made brickhouse. With a long nice front, F262 is one of the deepest made, softest shouldered, soggy bulls in the pen. He will moderate and add fleshing ability to your herd, producing highly sought-after replacements. With featherlight 67# BW, a 70# BW dam, and a maternal grandam average of 73# in six head, he should be a great calving ease and replacement heifer bull.

His dam, D64 is the kind of cow you wish you could make a mold of and have a hundred more. Her impressive wide top and powerful hip along with her smooth joints and fluid like movement add to the package of this moderate made, beautifully uttered package. Her similar stunning donor dam is one of the best Final Answer daughters on our ranch and has produced extremely fancy calves including a \$6,000 daughter in last year's sale.

Check out this smooth made, stylish wide tracked individual. A fancy \$8,000 maternal brother to F451, Yardley Blue Print, was a feature in our '15 sale selected by Russ Jordan of CO. They are backed by an exceptional cow family. You will recall that his maternal grand dam, U196 was our lead off Angus mature cow in our '14 Focus On the Female Sale. She is a beautiful, phenotypically flawless female of exceptional dimension and broodiness. She is a maternal sister to one of our most dominant Angus donors, S19. Their maternal line traces back to our cornerstone Angus matriarch C72.

When my Dad went to the '16 GCC Classic Sale, E308's dam was his most exciting purchase. He called us ecstatic to tell us about her. When she arrived we were super impressed with her femininity, depth, volume, capacity and ideal balance, along with her perfect udder and great athleticism. She stems from the cow family that produced Chill Factor and GCC Legacy at Griswolds. F308's sire, SAV Renown, sires added performance in a functional, yet eye-appealing package. His progeny are sound-footed, correct cattle that are free on the move and flexible in their skeletal design, superior phenotype, and maternal potency; like few that have come before him!

F515's captious dam is a maternal sister to our donor cow S19 who is also the mother to another great donor Y64. Both of these elite individuals trace back through generations of great cows to our cornerstone herd matriarch C72. An impressive maternal brother to F515 sold for \$5,750 to our good friends the Walkers of Menan ID.

A fancy and exciting trio of big topped, wide based, flush mate brothers lead off this second set of Simmentals. They're an impressive set to behold. Their donor dam, W151 is one of our deepest bodied, stout hipped, fanciest blazed faced females. A proven production track record boasts of power and performance; weaning off one of the heaviest heifers at 790#. W151 continually passed performance to her offspring with an in herd weaning ratio of 111, averaging 713# WW, including our proven herd sire, Yardley Ensign. Legendary is a direct son of deceased Icon, and is an ultra-sound, good footed, soft-middled bull with tons of function and eye appeal. He was a successful show bull for Rocking P, being a division champion at NAILE, and winning the Sweepstakes and the KY State Fair. Bloomberg's added Legendary to their powerful herd battery, selecting him as the second high-selling bull at the 2017 "The One Sale". We saw him in Denver and were deeply impressed with the amount of rib capacity and sheer muscle he possessed.

Rocking P Legendary, the Champion Purebred Simmental Bull 2016 Simmental Breeders Sweepstakes & Supreme Champion Bull, Kentucky State Fair.

F441's dam is arguably our prettiest red cow and the only red cow we have ever flushed, giving you an idea of what we think of her. She is a beautiful herd matron, with a perfect udder and teat attachment that always stays fat and weans a big calf, averaging a whopping 712# average with a 108 weaning ratio on six head. Her calves have included our leadoff lot one bull in last year's sale, \$9,500 Clear Cut, purchased by our good friends the Kunzlers of Park Valley UT.

• F441's sire CCR Cowboy Cut has quickly become the go-to sire for calves with a tremendous look and breed-leading numbers. Cattlemen appreciate the added structural integrity, mass and muscle, and attractive package that Cowboy Cut stamps on his progeny.

Performance-driven dam of F441.

Lot 1 from the 2018 Bull Sale and maternal brother to F441.

Here's a fancy F1 SimAngus, with long sweeping depth and spring of rib extending from his heart girth into his flank, a cool front on one end and a powerful hip on the other blended together perfectly in a smooth made, structurally correct package. His maternal sister was a \$10,000 sale day favorite purchased by Ronnie Smith of Denton TX in '15.

YI Bald Eagle B340, maternal brother to F443

This deep bodied dude is the result of a purchase we made at the Sim Magic on Ice sale in '17. Our good friend Ryan Schliff of Tree Lane Farms is the owner of Miss Star. He had her on display in Denver that year and she was as pretty and big topped and level tailed and deep bodied and big hipped as any cow we've ever seen, needless to say we were deeply impressed by her. It didn't hurt that she raised \$300,000 TL Bottomline who went on to be the Kansas City and the NAILE. F417's sire, Blaze of Glory was the champion bull at the NAILE as well in '15; this is a royal mating!

This long bodied, big topped bull's stellar dam is one of our highlight herd matrons in production at Yardley Cattle Company. She's a beautifully uddered, sound structured female who always outbreeds herself –the true measure of greatness in a breeding piece. His outstanding dam produced a \$10,000 lot one bull in '14 that sold to our good friend Jimmy Woodman of Texas. That same year his maternal sister, Yardley Bring It, was our \$16,000 high selling feature to renowned showman, Brent White of IA.

This burly made bull is out of a broody, feminine fronted, easy fleshing, and exceptional milking OCC Missing Link SimAngus daughter. She is out of an own daughter of the immortal Meyer 734. Her donor dam was a soggy made, easy fleshing, moderate made powerhouse that produced another donor daughter, who is currently our oldest cow on the ranch, M100. E475's impressive maternal brother sold for \$7,000 to our good friend Dick Wheeler of Casper WY.

Big-hipped grandam of F475.

F405's dam is a belly dragging tank that is feminine fronted and ideal uddered. She exemplifies the ideal phenotype of what you'd want the perfect, front pasture cow to look like. A wise man once told me if you want to know what the heifers out of your bull are going to look like, look at his dam, if this holds true, which it usually does, you should really like F405's daughters.

F495 is out of one of our prettiest and productive Steel Force daughters, out of one of our prettiest Angus bred donors. His sire, Sixteen Step, was the Purebred Winter Calf Champion at the NWSS in '17. We were impressed with how smooth made, deep bodied, big topped and structurally sound he is along with his stellar pedigree, smooth joints and big foot. His \$42,000 proven donor dam is a full sister to popular AI sire, Uno Mas. F495 is a little flighty.

YI Profit D283, maternal brother to the dam of F333.

Balboa is a massive stud, loaded with a tremendous amount of length, depth and thickness blended together in a smooth, powerful package, full of red meat and muscle. He has a tremendous butt end on him with added lower quarter and good feet and legs. He moves out in a stylish and bold fashion on a powerful set of big hooves. He was Rodney's pick of the '18 Janssen Voss offering and comes highly recommended from their program.

• His potent and profitable dam produced \$22,500 SAV Oliver! His impressive grandam is a full sister to the dam of SAV International.

SAV Reliable 7131 was one of our selections from the world renowned Schaff Angus Valley in '18. He's loaded with exceptional thickness, muscle, performance, and a friendly disposition. His stunning dam brings elegance, mass, and power together in perfect harmony. She is the #1 yearling, #3 weaning, and #5 ribeye female of her calf crop. His productive Net Worth grandam was produced from four consecutive generations of elite Emblynette Pathfinders. She ranks among the eight top income-producing cows in SAV history. She has 22 daughters retained in the SAV herd and 95 progeny highlighting past SAV sales to cowmen in 16 states, Canada and Brazil.

SAV Emblynette 7566, the prolific grandam of Reliable, has tallied \$1.4 million in receipts.

Check out this cool baldy with show stopping good looks; his zipper front, smooth shoulder, big belly and handsome hip. His sensational, smooth made, big ribbed, complete dam excels in all traits of economic importance. Her five rock solid calves have weaned off averaging over 700#. As a first calf heifer she raised a \$7,000 sale feature bull purchased by cattleman Quinton Harper of Walden, CO.

Maternal brother to F517.

Productive dam of F517.

Check out this moderate made, masculine bull with pounds in the right package; he's the kind cattlemen seek after and ranchers want with an excellent set of feet and legs under him. His maternal sister Yardley Blackberry was a feature in our '14 sale selected by JR Lewis of KS. Their young dam is out of a beautiful OCC Jet Fleck daughter who has averaged over 700# on four calves. She in turn is out of our old milk maid, B3 whose fourteen calves averaged over 670# WW and she raised two calves several years. Longevity and maternal ability runs deep in this heifer's blood. She has all of the parts and pieces to make a great donor with plenty of depth, bone, and mass.

Massive maternal sister to the dam of F397.

Performance-driven maternal brother to the dam of F521

Dad and his life long friend Max Firth.

DISCOUNTS ON SEMEN.

YARDLEY Cattle Company Sire Lineup

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. Semen Available on all sires.

YARDLEY TOP NOTCH C371

POLLED PB SM BD3/8/2015 3080653

SIRE:Sandeen Upper Class 2386

DAM:HSF Victoria P30 by Nichols Blk Destiny

Top Notch is the exciting result of the \$55,000 Sandeen Upper Class crossed on HSF Victoria P30, who has had over \$500,000 in offspring sales and reigns as the leading donor for Hecksels of Minnesota, and the producer of another successful donor phenomena, HSF Baby Doll W959. Top Notch is loaded with exceptional mass and performance in a moderate made easy-keeping package. His width and massive rib shape afford him the ability to moderate cattle without moderating weaning weight. Top Notch is a breed changer. His first calf crop topped our sale in 2018 averaging nearly \$7,200 on 13 sons including \$15,000 high seller, Yardley Top Line.

Dam of North Force

W/C BANCHOR 46D

POLLED 3/4 SM 1/4 AN BD 2/12/2016 3182241

SIRE:CCR Anchor 9071B

DAM: W/C Miss Werning 46B by Remington Lock N Load

W/C Banchor 46D has been fun to see in our pastures all summer. He is loaded with depth of body, thickness and muscle, excellent feet quality, good haired, and a blazed face to top it all off. He stayed sound and fat all summer while doing a great job of getting the cows bred. He has a nice slope to his shoulder and a disposition that can't be beat. He is sired by CCR Anchor 9071B, whose progeny have highlighted many sales over the last year. They have proven themselves as sound, functional, real world cattle that just work. His dam Miss Werning 46B is a daughter of the great 715T donor cow and has had multiple full sisters sell for over \$10,000. The maternal backing behind Banker gives us great confidence in the future of him and his offspring. He is a proven heifer bull. We have had sixteen calves out of him this year and haven't had to touch one. He throws a lot of baldy calves. Owned with Chad Ruda of Nebraska.

CALVING EASE EXTRAORDINAIRE. BANCHOR IS A PROVEN HEIFER BULL. WE HAVE HAD SIXTEEN CALVES OUT OF HIM THIS YEAR AND HAVEN'T HAD TO TOUCH ONE.

YARDLEY HIGH REGARD W242

POLLED PB SM

BD3/20/2009

ASA 2522822

SIRE:Yardley Impressive T371

DAM:Miss Yardley T68 by Pinion

Y1 High Regard was the \$30,000 high selling bull in our 2010 sale to John Goken and Dale Werning Families of SD. Sired by Yardley Impressive x Y1 Pinion. The calves sired by High Regard are stout, cool made, and consistent. He is siring sale toppers across the country demanding as much as \$100,000. Another daughter was just crowned Grand Champion at the prestigious and tough Simmental Junior Nationals, the American Royal and Denver. High Regard hails from generations of good uddered, broody made females. They are real world cattle that will work in the show ring and we know will work in the pasture. As a complete outcross to Dream On he is the go to sire for functional, consistent quality.

Denver Champion phenotype in a calving ease package. We went to the National Western Stock Show in Denver and wanted to buy the high % Simmental we liked the best. We looked at all of them there. There are so many bulls of all breeds that have bad feet and a lot of people aren't paying attention to it. Their hooves are either too small or many of them have outside back toes that curl under or else they toe out on front. We have tried to watch this very closely because our cows have to walk and trail the year around as many of yours do. We finally found one at the last minute. He looked good every place you looked at him with no holes in him and the best feet we had seen on any bull in the show. We had to catch a plane to go home and I gave them a check for \$25,000 for him about 3 or 4 minutes before he was to show and left for the airport. HE WAS PICKED GRAND CHAMPION SIMMENTAL OF THE SHOW. Jeannie and John were there to see him and get in the picture. You can't help but love him because he has perfect confirmation and is just the right size.

This is one of the best purebred Simmental bulls I have ever seen. I am 82 years old and have seen as many bulls as anyone in the country. I am one of the fussiest bull buyers in America and a bull has to be about perfect for me to buy him. This fancy bull is so deep ribbed, square hipped, full of muscle and red meat. He is big topped, wide based, clean fronted, and clean sheathed. He is very sound on his feet and legs and carries himself well. He has a topnotch set of EPD's and is a HERD BULL SUPREME. Out of a 1st calf heifer, pictured above as a two year old, and the great WS Step Up X27. We paid \$52,000, he's one bull that was worth it! Owned with Walsh Simmental. THE KEY TO THE PUZZLE = BALANCE

IT'S THE HARDEST THING TO KEEP IN THE FRONT OF OUR MINDS. WE ALWAYS WANT TO THINK THAT BIGGER IS BETTER, OR WE BUY BULLS BASED ON SPREAD EPD'S OR WE CHOOSE A BULL BECAUSE HE HAS ONE TRAIT THAT REALLY STANDS OUT. WE'VE ALL BEEN GUILTY OF IT, BUT THE REAL KEY IS "BALANCE," THE ONES THAT DO ALL THINGS WELL. I REALLY BELIEVE THAT THIS IS ONE OF THE HARDEST, IF NOT THE HARDEST, HURDLE IN BREEDING CATTLE. IF WE CAN STAY FOCUSED ON THIS, IT WILL MAKE US MORE PROFITABLE AND BETTER CATTLE BREEDERS.

YARDLEY SUMMIT C351

ANGUS BD 3/7/2015 AAA 18372546

SIRE:Sinclair Mountain Pass

DAM:Miss Yardley Y179 by TC Freedom 104

Yardley Summit is the result of a life time of breeding the best to the best. The University of Wyoming judging team just visited our ranch at Christmas time. They were amazed by the amount of width, depth, bone and style of this purebred wonder. Caleb Boardman, their coach, commented he was one of the best Angus bulls he had encountered. His dam is one of the prettiest made, stylish females—the kind you could build a whole herd around. She produced \$5,750 feature Cashmere that sold to Rick Dunson of Ohio, and is a maternal sister to Yardley Cover Girl, selected by our good friend Kasey Rowser of Wellsville Utah for \$4,500. Let Yardley Summit help take your herd quality to new heights.

QUALITY

BUY YARDLEY BULLS and choose from a large selection of the highest performing bulls in the industry for top quality that sire heavier muscles, fast gaining calves with more style and eye appeal, plus depth, thickness, and square butts.

You won't find any more quality any place than you will see in these cattle. Quality is the only trait that you can never get too much of. You can't measure quality with a ruler, a scale, or an EPD. It can only be measured with the eye of a true stockman. Quality is the #1 trait that separates "reputation cattle" and quality is the leading factor that determines the premiums that buyers will bid for at auction. Buyers measure quality based on the amount of added thickness, length, style, and eye appeal they see in a set of calves. Quality has a massive impact on the value of the females you retain in your cowherd.

Gib is 86 years old and has spent his life breeding, culling, and selecting this herd of cattle. We have been A.I.ing for 51 years. Our focus has always been on cow families that have longevity and fleshing ability to stay fat on grass. IF YOU WANT THE BEST, WE HAVE THEM IN VOLUME.

A LITTLE ABOUT OUR BELIEFS... THE CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS

"The first principle of our church is faith in the Lord Jesus Christ. The fundamental principles of our religion are the testimony of the Apostles and Prophets, concerning Jesus Christ, that He died, was buried, and rose again the third day, and ascended into heaven; and all other things which pertain to our religion are only appendages to it."-Joseph Smith

We believe in God as a living, loving, all knowing, and all powerful being who is the literal Father of our Spirits, our Heavenly Father who sent His son, Jesus Christ, into the world to set a perfect example for us to follow, and to pay the ultimate price of pain and suffering for our sins and imperfections so that, through His Atonement, or sacrifice, we could all be forgiven of our short comings through the repentance process. We believe that after laying in the tomb for three days Jesus Christ was resurrected, his spirit was reunited with his body in a perfect immortal form, and that through his resurrection Jesus broke the bands of death, that only he could break, so that we will all be resurrected again through his grace and power.

We believe that all men can, through obedience and repentance, return home to live for eternity with our Heavenly Father and that this is His greatest work and glory, "to bring to pass the immortality and eternal life of man." We believe that this is why we are here on earth; to strive to become more like he is, to be tested and tried to see if we will be faithful, and to receive a mortal body. We believe that agency, or the freedom to choose right from wrong and receive just consequences for our actions, is one of the greatest gifts God has given to man, and something to be fought for and protected. We believe that righteous governments were instituted to help protect that freedom and that any government that seeks to take freedom away from its people unjustly is in opposition to God's law.

"We believe, as Jesus taught, that... "the first great commandment is to love God with all of our heart might mind and strength and to love your neighbor as yourself." We believe that to serve your fellow man is to serve God, and one of the most Christ like things you can do to benefit society. We believe that the family and marriage are instituted of God, and that marriage, as instituted of God is a sacred union between one man and one woman. We believe that God gave us laws or commandments to help us be happy by being obedient to them and that wickedness never was happiness. We have many other beliefs that we cherish and strive to live by. If you would like to learn more about our religion please feel free to visit or ask questions to any of us.

Sincerely, *The Gib Yardley Family*
