

YARDLEY *Cattle Company*

Focus ON THE *Female*

SATURDAY, 23RD OF NOVEMBER 2019

1:00 (MST) at the ranch in beautiful Beaver, Utah

Welcome

Dear Friends, Fellow Cattlemen, and Valued Customers:

From the valleys in the mountains of Southern Utah we welcome you to our annual Focus On The Female Sale. The cattle in our sale represent a lifetime investment and commitment to quality. Breeding, AI'ing, and flushing the very best genetics to ensure problem free cattle with superior milk, muscle definition, udder quality, growth, performance, and fleshing ability in a stylish, docile package. The maternal backing of these females is second to none with quality running through our entire offering.

Gib is now 86 years old. His life has been dedicated to these cows and the genetics behind them. They have worked and excelled for many individuals and operations, they have worked for us, and we are confident they will work for you! Our focus in our operation has truly been on the female. Our cows are deep bodied, thick, square butted, big topped, heavy muscled, level over the tail, gentle, fertile, and structurally correct. We strive to make cattle that blend eye appeal and structural correctness with productivity and growth. The quality of these cattle is as good as any in America. NO MATTER WHERE YOU COME FROM, IT WILL BE WORTH THE TRIP! Last year we had cattle sell to 21 states from Pennsylvania to California, Texas to North Dakota.

Our cows are run on a grass and forage based range year round. They calve unassisted on desert winter range and summer in the high mountains. Fleshing ability is a function of body type and not an EPD or any other number.

THIS IS A FAMILY OPERATION. I am very grateful for the love, hard work, help and interest of my wonderful wife and family. We are also very grateful for the hard work and dedication of our wonderful ranch hands, Jose Garcia, Jose Guzman and James Jeffs. They know how to do things right and put in many long hours.

We feel honored and privileged to meet, interact, do business, and rub shoulders with you! We truly believe that good cattlemen and women are some of the finest individuals in the world.

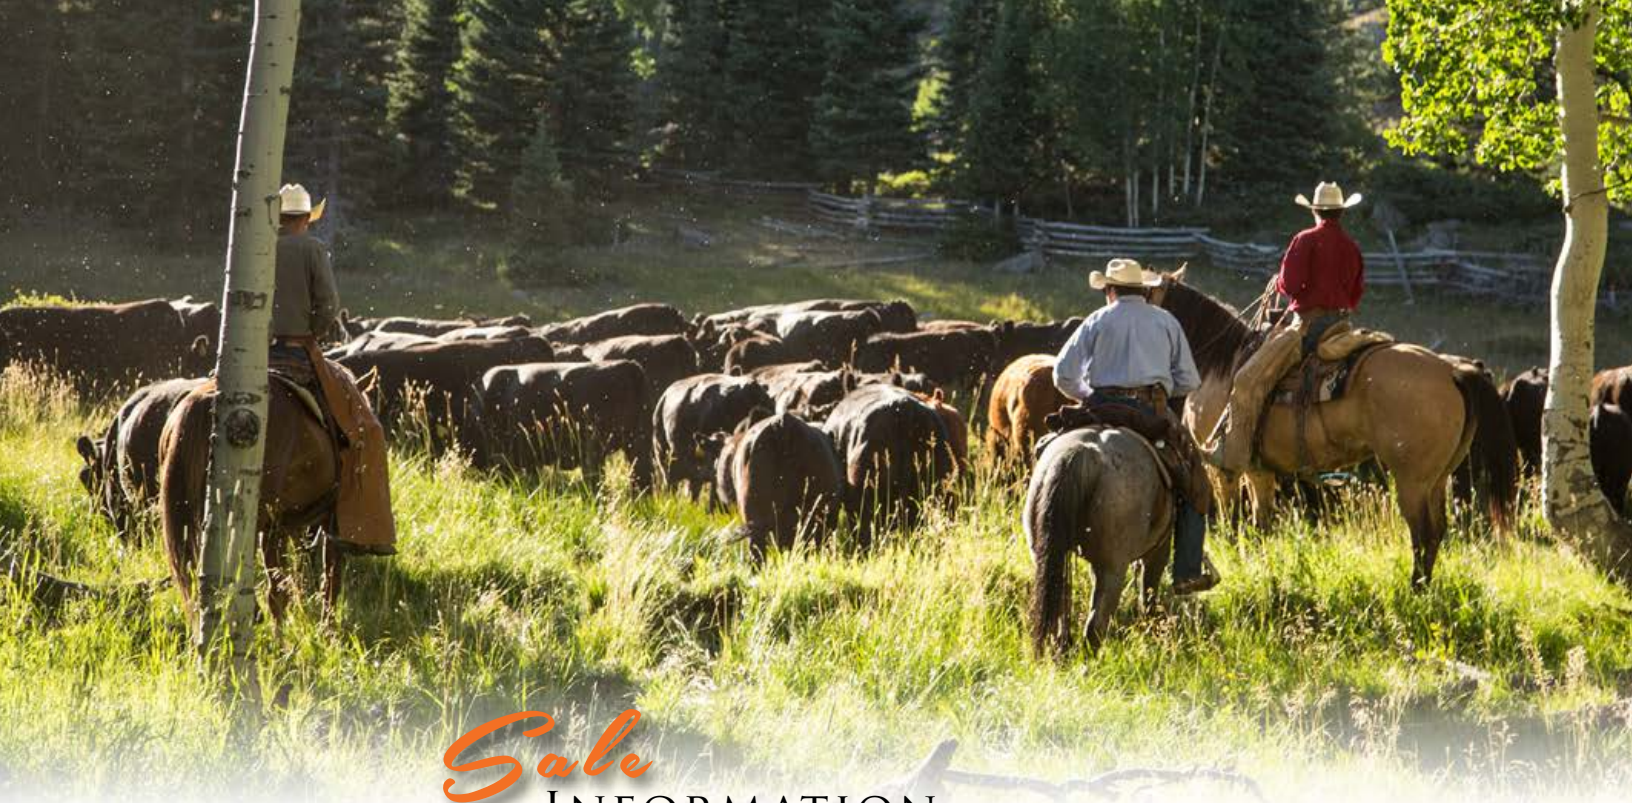

WE LOOK FORWARD TO SEEING YOU AT OUR SALE, IN BEING REUNITED WITH OLD FRIENDS, AND IN KINDLING NEW RELATIONSHIPS. We hope you will cherish your family, pray for our country, prosper in your endeavors, have success in your life, see the rewards of your toil, and find joy in the journey of life. In short, we wish you the very best! GOD BLESS YOU AND GOD BLESS AMERICA!

Yours for a better cattle business,

The Gib Yardley Family

RANCH AND SALE LOCATION

Once you arrive in Beaver, go to the only traffic light in town on the corner of Main and Center Streets. Take Milford Highway 21, go West on Center 1 & 1/2 miles to the Yardley Black Cow/Calf sign, turn right and proceed North and West across the field to our sale barn. You will pass our house 1/4 mile North of the highway, but continue one more mile to the barn.

UPON Leaving Hwy 21, traveling North on the gravel road, except for our house and lot, the horses, cattle and land do not belong to us until you cross the cattle guard just below our sale barn.

TERMS & CONDITIONS

TERMS: No cattle will leave sale yards until full settlement has been made immediately after the sale. Payment terms are cash or a good check. All "returned" or insufficient checks will be immediately turned over to the District Attorney for immediate prosecution. This is a felony and charges will be filed.

BIDDING: All animals will sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter.

BREEDING DATES: Heifers will start calving February 1st and cows February 20th. Most of the cows will calve in March with some April and a few into May. These cows have been pregnancy tested by a reproduction specialist to determine estimated calving date. **We cannot guarantee they will calve on this date.**

HEALTH: Every animal in this sale, to the best of our knowledge, is healthy and eligible for interstate shipment. Cows were vaccinated last spring for IBR, P13, BVD, BRSV, Vibrio, 5-way lept and trichomoniasis. The heifer calves have been fully vaccinated and boosted. All cows that have had calves are vaccinated in January with Scour Guard 4 and 8 Way. They just need a booster and the bred heifers should get two shots, three weeks apart before they calve. All Cattle have had Dectomax, and given OneShot Ultra 8. Calves have had two shots Bova Shield Gold and OneShot Ultra 8

BREEDING GUARANTEE: All females sold under the conditions "safe in calf" have been pregnancy checked, and sell with no further guarantee. No guarantee is given that bred females will deliver a live calf.

All heifer calves are guaranteed breeders. If the heifer failed to breed, we require a statement from the veterinarian who checked her, stating the problem and that the problem was not due to negligence or improper management, which will void the guarantee. This guarantee may be void if 1) a female is highly obese, has been shown extensively past July 1st and has not steadily been attempted to be bred and 2) if she is flushed at any time in the first year after the date of the sale 3) or if she is in poor body condition. These three exemptions do not apply if the female is examined by our vet to have an underdeveloped reproductive tract that would have been present at the time she was sold. Infections or other enlargement do not constitute "undeveloped."

100% of the purchase price less salvage value on heifer calves will be credited to the next sale. No other expenses occurred in the female will be reimbursed to the buyer. In cases where the animal is subject to hormonal or surgical reproduction techniques or damage caused by foreign bodies after the sale, this contract is null and void. The seller is not responsible for sickness not apparent at time of sale. It is useless to breed more than two heat cycles, artificially. If they haven't settled artificially then, they must be put with a fertile bull for the summer. In no event will the seller be responsible for more than the purchase price, less salvage value.

AI CERTIFICATE: The purchase of A.I. certificates is the responsibility of the buyer, as well as, the registration of all calves born after sale day.

REGISTRATION CERTIFICATES: Supplied on eligible animals upon request on the sales slip at time of settlement or within 20 days. Leave the name and address to which you would like purchases transferred on your sales slip.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by these Terms and Conditions.

TRUCKING: All trucking, pricing and trucking fees are the responsibility of the buyer, but we will help you all we can with coordinating loads.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. We try to keep the most accurate records possible and have bull tight fences, but once in a while on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it. The owners and employees of Yardley Cattle Co. assume no liability, legal or otherwise in the event of an accident, bodily injury, theft, error or omissions in catalogs or parentage verification.

Cattle are kept in their own individual breeding groups until the first to mid July. Due to size and layout of the Forest permit it is necessary to mix breeding groups at that time. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows we cannot guarantee sire parentage unless a parentage identification test is ran either by pulling 30 switch tail hairs or a blood test. IGENITY labs runs this procedure for around \$30.

If you would like to register as an absentee bidder please call Michelle at the office at 435-438-2424. You may be required to list your bank telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via wire-transfer on the Monday, following the sale, prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation

PICTURED COWS!

There are a lot of cows that are not pictured that are just as beautiful and productive as those pictured. We simply ran out of time!

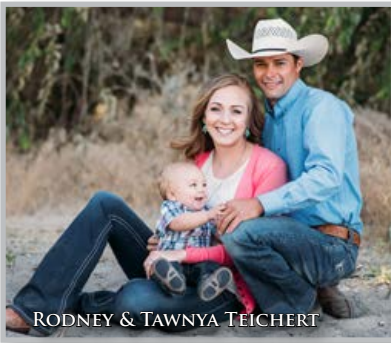

We take great pride in our "clean up" bulls, we call them our herd sires. Many of them come from top herds across the Nation or are hand selected from our bull calves each year. We know their lineage for generations, we know how their mothers milk, what their body condition score is, what type of feet and udder quality they have, and we only use the best. OUR BULLS IN THE PASTURE ARE OF EQUAL OR HIGHER QUALITY AS THOSE IN THE TANK and we take pride in their genetic merit. Don't hesitate to buy a female that is pasture bred!

STAY UNTIL THE END OF THE SALE!

ALL BUYERS WILL BE ENTERED
INTO A DRAWING FOR CASH PRIZES.
MUST BE PRESENT TO WIN!

There is no need in any land for conflict between diverse groups of any kind. Let there be taught in the homes of people that we are all children of God, our Eternal Father, and that as surely as there is fatherhood, there can and must be brotherhood. Let there be taught respect for womanhood and manhood. Let every husband speak with respect, kindness, and appreciation for his wife. Let every wife look for and speak of the virtues of her husband.

After several calls this summer of people looking for mature bulls for fall use we decided to offer one of our best. Eclipse was the leadoff bull of Lee's '18 Grand Champion Pen of Five purebred bulls. He is loaded with an amazing amount of length and depth and moves out nice with a powerful hip and a big top. His dam needs no introduction as one of the breed's most influential, consistent, quality donors. Her offspring includes past and current Denver champions such as Pay the Price and Pays to Believe. His sire TKCC Classified commanded \$70,000 at the legendary Hudson Pines Farms dispersal. His first progeny are creating nation-wide buzz! Classified's donor dam Dolly Y83, is another of the breed's most distinguished females. She has produced many top of the line offspring and was the dam or maternal grandam to every bull in Kearn's '18 Grand Champion Pen of Three Simmental bulls. Her offspring include \$34,000 Carver, Victoria 57A who produced the \$120,000 Fort Worth sale stopper, Exclusive, and several other fancy sons and daughters. Homo Black.

You'll love the style and design of this front-pasture, featured female. Her dam is one of our favorite daughters of WS Stepping Stone. Everyone loves a baldy; this one comes with an early calf sired by Denver Champ, Loverboy!

THE KEY TO THE PUZZLE = BALANCE

IT'S THE HARDEST THING TO KEEP IN THE FRONT OF OUR MINDS. WE ALWAYS WANT TO THINK THAT BIGGER IS BETTER, OR WE BUY BULLS BASED ON SPREAD EPD'S OR WE CHOOSE A BULL BECAUSE HE HAS ONE TRAIT THAT REALLY STANDS OUT. WE'VE ALL BEEN GUILTY OF IT, BUT THE REAL KEY IS "BALANCE," THE ONES THAT DO ALL THINGS WELL. I REALLY BELIEVE THAT THIS IS ONE OF THE HARDEST, IF NOT THE HARDEST, HURDLE IN BREEDING CATTLE. IF WE CAN STAY FOCUSED ON THIS, IT WILL MAKE US MORE PROFITABLE AND BETTER CATTLE BREEDERS.

You can't help but fall in love with this mouthwatering, moderate made female loaded with red meat and substance. If you are looking for a soft made, easy keeping female she'll do the job! Her beautiful SimAngus dam is an own daughter of P199, a valued and a treasured gem in our donor program. Several of her daughters highlight our herd. She is one of the deepest ribbed, soggiest, and powerful feminine fronted females I have ever seen. She has a perfect udder, always weans a nice calf and stays hog fat doing it. She continues strong and sound as ever after weaning 12 calves. This heifer has some attitude.

You'll love the amount of shear style, dimension, and structural correctness of this impressive Top Notch daughter. Mouthwatering females like her give you an appreciation for the nearly magical SimAngus cross. F70's Angus herd matron was a heavy milking machine. Her past two impressive bull calves sold for \$7,000 to our good friends Paul Matthews of Alamo NV and \$5,250 to Alders of Malad ID. This heifer is a little flighty.

F95 hails from my dad's favorite Maine Anjou cow family on our ranch. Her maternal grandam was as pretty of a donor Maine as we have ever raised with exceptional body, hair, and structural correctness. F95's dam produced Yardley Captain, the highest selling Maine Anjou bull we have raised at \$16,000 selected by longtime customer and friend Steve Welling of Fielding, UT. This cow family works as good as any Maine cow family we have encountered. She also produced another \$7,000 son and a \$7,200 daughter.

If you're looking for a Maine influenced cow to add depth to the equation Z118 will definitely do the job. Her maternal pedigree includes many of, "the great ones" from the Maine breed including Chilled Chivas and Draft Pick. Her past three calves to sell have averaged nearly \$5,000 including feature lot Yardley Courture purchased by Ronnie Smith of Denton, TX. She sells bred to Denver champion Beasty Boy.

Fancy son of Z118.

DONOR QUALITY! There are not adjectives to adequately describe this breathtaking female. She is the epitome of awesomeness! She's that good! She's one of the deepest bodied, biggest top, stoutest hipped, fanciest females you will encounter this year. She is a proven producer of quality calves. In her young career she has produced over \$35,000 on five calves including a '14 feature heifer Yardley Bronze Beauty purchased by Michael Mckay of WA, \$10,500 bull selected by Kent Probst of Midway UT. Her calves have averaged close to 700# at weaning. 58Z will produce calves that flat out work and perform regardless of how you take them in the showing, in the pasture, and in the feedlot!

Another had the lead off bull in last year's sale and brags a 108 weaning ratio on 7 calves with a scale crunching 724# average. Another daughter had a \$10,500 bull, a \$9,500 bull, and a weaning ratio of 106 on four head with a hefty 732# average. Y64 is a female to build a program around!

When I think of outstanding Angus females A46 is one of the first to cross my mind. The depth, width, and hip this female displays; coupled with her easy fleshing ability make her a true outlier. You'll appreciate the spring of rib and capacity she passes onto her offspring along with stout bone and a sound hoof. Her first calf, C466 caught many eyes and brought \$8,000 selling to Josh Curtis of Jensen, UT. She is consistently producing low-birth weight calves that hit the ground running.

A deep bodied daughter of A46.

Here is a fancy female worth getting excited about. She has done a great job of raising nice calves with function, form, fleshing ability, and performance. Her Darkhorse dam has been a consistent producer of standout bulls and stylish heifers. Her past two bulls sold for \$7,500 to Carl Curtis of Landisburg PA and another \$6,500 son to our good friends and longtime customers of Johnson Mountain Ranch in Salina, UT. A164 sells bred to Angus sensation HA Cowboy Up. Two-thirds interest of him sold for \$350,000 and at the 2017 Bases Loaded Sale a 10% semen interest of him sold for \$120,000 making him one of the most valuable living Angus sires. This is one of the best purebred Simmental bulls I have ever seen. I am 86 years old and have seen as many bulls as anyone in the country. I am one of the fussiest bull buyers in America and a bull has to be about perfect for me to buy him. This fancy bull is so deep ribbed, square hipped, full of muscle and red meat. He is big topped, wide based, clean fronted, and clean sheathed. He is very sound on his feet and legs and carries himself well. He has a topline set of EPD's and is a HERD BULL SUPREME. Owned with Walsh Simmentals. Mike McDonald, Canadian Semen rights. Hetero Black, Homo Polled.

Joy's Elegance was Grand Champion in Denver in the Junior Show and matured into as picture perfect of a cow as she was show heifer. A true test for a great show heifer doesn't come in the show-ring, it comes in her ability to produce and transmit the same look and quality in her offspring. Joy's produced \$106,000 in progeny sales in one year on four head with one of the most consistent flushes ever produced at Griswold Cattle. Nickels N Dimes sired our Lot 4, \$18,000 bull in our '15 Bull Sale. He is big topped and complete with plenty of rib, dimension, style and power with a great look. T164 is a beautiful designed, perfect uddered, big bodied, no-miss Angus herd matron that has produced several top notch calves including the pick of our '14 calf crop, Yardley Aspen. She flat out works with whatever we cross her to. High Roller is the result of mating her to High Regard who has produced sale toppers and purple ribbon winners across the Nation. High Regard has sold many heifers from \$100,000 on down. Many bringing \$50-75,000 and winning all of the big shows across the Nation. We bred him to a lot of heifers. You'll love the amount of depth, dimension and real world performance of High Roller. He's sure to produce high dollar offspring come spring. Homo Black, Hetero Polled.

Dear friends and fellow cattlemen,

Thank you for attending our sale. We are blessed to rub shoulders with such fine individuals! You can be, and are an influence for good in the world. The greatest work you will do will be within the walls of your own home. Make time for and cherish the time you have with your spouse, children, and family. When all is said and done your relationship with God, your family, and your fellow man are what matter most.

We are extremely blessed to live in this great land of America. It really is "...the land of the brave and the home of the free!" We say thank you to our brave men and women in the armed forces who stand for freedom, willfully placing themselves in harm's way to protect our sacred liberty. Some have paid the ultimate sacrifice in preserving it; we are eternally indebted to these brave individuals and their families.

Consider the bounteous blessings which are ours and the miraculous times in which we live. We can hold more technology in our hand than what it took to put man on the moon! Nearly instantly we can send and receive emails, talk to people across the nation and world, and even facetime and view friends, family, and acquaintances in real time. We have efficient and comfortable modes of travel and can get farther in an hour than the pioneers could in a month. We have clothes to wear, food to eat, books to read, warm houses to live in and comfortable beds to sleep in. We have more devices to assist and make us comfortable than any other people in the history of the world. Our generation lives better than the kings and queens of old times. We truly have much to be grateful for.

Our nation was created and established by the grace of God. It was through miracles that it has been preserved, and it is only through continued aid from the hand of the Almighty that it will endure. "In God We Trust" should have more value than the money upon which it is printed. It should be willfully enshrined within our hearts. It has been said "America is great because she is good, and if America ever ceases to be good, she will cease to be great." We believe this to be true. A great man once said: "We cannot be less than honest, we cannot be less than true, we cannot be less than virtuous if we are to keep sacred the trust given us." -Gordon B Hinckley.

"Our Nation was founded on prayer, it was preserved by prayer, and we need prayer again. I plead with you...to pray for this country, for our leaders, for our people, and for the families that live in this great Nation founded by God. Remember, this

country was established and preserved by our founding fathers and mothers who repeatedly acknowledged the hand of God through prayer."—M. Russell Ballard Please make prayer your daily bulwark against whatever life throws your way. We all need God and His help in our lives.

The time has come for us to band together as Christians and stand boldly for truth and righteousness. So much of what is virtuous and good is under attack. The very fabric of our society is being frayed by those with ill intent. The family, religion, God, America, principles and morals, capitalism, and our Constitution are under attack as never before. We have been commissioned to "be a light to the world." There is much truth in the saying, "The only thing necessary for the triumph of evil is for good men to do nothing." The great political philosopher Edmond Burke said: "When bad men combine, the good must associate; else they will fall, one by one, an unpitied sacrifice in a contemptible struggle." United we must prepare ourselves, take a stand, speak up, run for political offices, serve within our communities, share on social media, and do whatever possible to uphold the ideals which made our country great.

During the trying times of World War II the great leader Winston Churchill encouraged the people of England, and of the world, with these striking words which are as applicable to our day as they were in his:

"Do not let us speak of darker days; let us speak rather of sterner days. These are not dark days: these are great days-- the greatest days our country has ever lived; and we must all thank God that we have been allowed, each of us according to our stations, to play a part in making these days memorable in the history of our race."

"To each there comes in their lifetime a special moment when they are figuratively tapped on the shoulder and offered the chance to do a very special thing, unique to them and fitted to their talents. What a tragedy if that moment finds them unprepared or unqualified for that which could have been their finest hour." Let us ever be valiant so that when our moment comes it will find us prepared! God bless you in all your endeavors.

Sincerely,

Steven Yardley
