

YARDLEY *Cattle Company*

Focus ON THE *Female*

SATURDAY, 20TH OF NOVEMBER 2021
1:00 (MST) at the ranch in beautiful Beaver, Utah

Welcome

Dear Friends, Fellow Cattlemen, and Valued Customers:

From the beautiful mountain valleys of Southern Utah, greetings from all of us at Yardley Cattle Co. This is our 44th annual "Focus on the Female Sale" bred cow and heifer sale. We are super excited for this year's offering. We want you to know how much we value your business and friendship. You great cattlemen and women have made it possible for us to stay in the purebred cattle business.

The females in this sale represent a lifetime of breeding quality genetics; deep, thick, moderate made, easy fleshing, low maintenance cattle with quiet dispositions, excellent udders and ideal feet and legs. We have been Aling to the best bulls we can find or raise for 53 years. Our cattle are bred with the commercial cattleman in mind to thrive on rangelands, excel in the feedlot, and perform in the pasture with the style and eye appeal to compete in the show ring.

Recently a Lover Boy daughter, JSUL Crystal Lover, was crowned the Supreme Champion Junior Heifer of the most prestigious show in the nation, the 2021 Cattlemen's Congress in Oklahoma City. Congratulations to Sara Sullivan of Dunlap, Iowa, who bred and showed her. She was the fanciest heifer we've ever seen. In our last female sale we sent cattle to 26 different states; spanning the nation from West Virginia to California, down into Florida, Alabama, Texas and up into Wisconsin and Michigan. We appreciate you, our valued customers from near and far, who support our program and make possible this lifestyle we feel so blessed to live.

It is the mother cow that is the most important part of any operation. No machine can begin to compete in efficiency or the cost of operation with a grazing cow. Our cows are run on a grass and forage based range the year around. They calve unassisted on desert winter range and summer in the high mountains. Fleshing ability is a function of body type and not an EPD or any other number. Our cows are deep bodied, thick, square butted, big topped, heavy muscled, gentle, fertile and structurally correct.

Our philosophy is simple: Raise the Best cattle possible, take good care of our customers and friends, and most

importantly put God first in our lives. This simple ideal has driven our successes and motivated us forward in our journey. So much of what is happening in the world is frustrating to say the least with the elections, COVID, the Constitution, Christian values, and Christianity under attack as never before in our country. Many have been faced with drought and some with floods, as the great British leader, Winston Churchill said, "We have not journeyed all this way across the centuries, across the oceans, across the mountains, across the prairies, because we are made of sugar candy." With the same grit, determination, faith, and love of God, and fellow men, let us press forward, as our ancestors before us, in making the cattle industry, our communities, our country and the world a better place.

We have so much to be grateful for. "The year that is drawing towards its close, has been filled with the blessings of fruitful fields and healthful skies. To these bounties, which are so constantly enjoyed that we are prone to forget the source from which they come, others have been added, which are of so extraordinary a nature, that they cannot fail to penetrate and soften even the heart which is habitually insensible to the ever watchful providence of Almighty God." —Abraham Lincoln. Let us press forward with a twinkle in our eye, a smile on our face, and with great and strong purpose in our hearts. We are amazed and inspired by the amount of goodness and quality of people we are blessed and privileged to rub shoulders with in the cattle industry.

Regardless of our creed or religion the same Christian core values seem to bond us all together. Thank you all for your lives and examples. God Bless you and God Bless America. We look forward to seeing you at our Focus on the Female sale November 20th and our annual bull sale FRIDAY March 11th, 2022. Sincerely yours for a better cattle business.

RANCH AND SALE LOCATION

Once you arrive in Beaver, go to the only traffic light in town on the corner of Main and Center Streets. Take Milford Highway 21, go West on Center 1 & 1/2 miles to the Yardley Black Cow/Calf sign, turn right and proceed North and West across the field to our sale barn. You will pass our house 1/4 mile North of the highway, but continue one more mile to the barn.

UPON Leaving Hwy 21, traveling North on the gravel road, except for our house and lot, the horses, cattle and land do not belong to us until you cross the cattle guard just below our sale barn.

TERMS & CONDITIONS

TERMS: No cattle will leave sale yards until full settlement has been made immediately after the sale. Payment terms are cash or a good check. All "returned" or insufficient checks will be immediately turned over to the District Attorney for immediate prosecution. This is a felony and charges will be filed.

BIDDING: All animals will sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter.

BREEDING DATES: Heifers will start calving February 1st and cows February 20th. Most of the cows will calve in March with some April and a few into May. These cows have been ultrasounded by a reproduction veterinarian to determine estimated calving date. **We cannot guarantee they will calve on this date.**

HEALTH: Every animal in this sale, to the best of our knowledge, is healthy and eligible for interstate shipment. Cows were vaccinated last spring for IBR, P13, BVD, BRSV, Vibrio, 5-way lepto and trichomoniasis. The heifer calves have been fully vaccinated and boosted. All cows that have had calves are vaccinated in January with Scour Guard 4 and 8 Way. They just need a booster and the bred heifers should get two shots, three weeks apart before they calve. All Cattle have had Dectomax, and given OneShot Ultra 8. Calves have had two shots Bova Shield Gold, Somnus, and OneShot Ultra 8.

BREEDING GUARANTEE: All females sold under the conditions "safe in calf" have been pregnancy checked, and sell with no further guarantee. No guarantee is given that bred females will deliver a live calf.

All heifer calves are guaranteed breeders. If the heifer failed to breed, we require a statement from the veterinarian who checked her, stating the problem and that the problem was not due to negligence or improper management, which will void the guarantee. This guarantee may be void if 1) a female is highly obese, has been shown extensively past July 1st and has not steadily been attempted to be bred and 2) if she is flushed at any time in the first year after the date of the sale 3) or if she is in poor body condition. These three exemptions do not apply if the female is examined by our vet to have an underdeveloped reproductive tract that would have been present at the time she was sold. Infections or other enlargement do

not constitute "undeveloped."

100% of the purchase price less salvage value on heifer calves will be credited to the next sale. No other expenses occurred in the female will be reimbursed to the buyer. In cases where the animal is subject to hormonal or surgical reproduction techniques or damage caused by foreign bodies after the sale, this contract is null and void. The seller is not responsible for sickness not apparent at time of sale. It is useless to breed more than two heat cycles, artificially. If they haven't settled artificially then, they must be put with a fertile bull for the summer. In no event will the seller be responsible for more than the purchase price, less salvage value.

AI CERTIFICATE: The purchase of A.I. certificates is the responsibility of the buyer, as well as, the registration of all calves born after sale day.

REGISTRATION CERTIFICATES: Supplied on eligible animals upon request on the sales slip at time of settlement or within 20 days. Leave the name and address to which you would like purchases transferred on your sales slip.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by these Terms and Conditions.

TRUCKING: All trucking, pricing and trucking fees are the responsibility of the buyer, but we will help you all we can with coordinating loads.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. We try to keep the most accurate records possible and have bull tight fences, but once in a while on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it. The owners and employees of Yardley Cattle Co. assume no liability, legal or otherwise in the event of an accident, bodily injury, theft, error or omissions in catalogs or parentage verification.

Cattle are kept in their own individual breeding groups until the first to mid July. Due to size and layout of the Forest permit it is necessary to mix breeding groups at that time. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows we cannot guarantee sire parentage unless a parentage identification test is ran either by pulling 30 switch tail hairs or a blood test. IGENITY labs runs this procedure for around \$30.

CREDIT CARDS: All credit card purchases will be charged an extra 4% processing fee.

If you would like to register as an absentee bidder please call Michelle at the office at 435-438-2424. You will be required to list your bank telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via wire-transfer on the Monday, following the sale, prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation

PICTURED COWS!

There are a lot of cows that are not pictured that are just as beautiful and productive as those pictured. We simply ran out of time!

We take great pride in our "clean up" bulls, we call them our herd sires. Many of them come from top herds across the Nation or are hand selected from our bull calves each year. We know their lineage for generations, we know how their mothers milk, what their body condition score is, what type of feet and udder quality they have, and we only use the best. OUR BULLS IN THE PASTURE ARE OF EQUAL OR HIGHER QUALITY AS THOSE IN THE TANK and we take pride in their genetic merit. Don't hesitate to buy a female that is pasture bred!

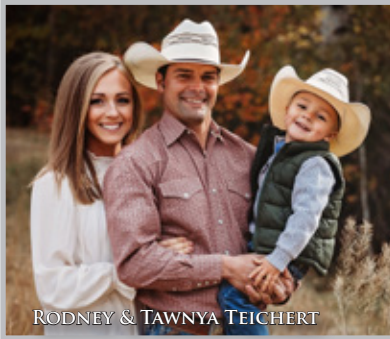

STAY UNTIL THE END OF THE SALE!

ALL BUYERS WILL BE ENTERED
INTO A DRAWING FOR CASH PRIZES.
MUST BE PRESENT TO WIN!

Jewel has the accolades and attitude of a true lady. She moves out on a powerful hip with show stopping eye appeal and charisma. She draws her dominant strength and design from a long line of elite, herd matrons tracing back to her fourth dam G41, a broody made easy fleshing donor whose lasting positive impact can still be traced through many of our prettiest, productive and profitable cow families. Her third dam produced a \$20,000 sale topper selected by Greg Shawcroft of La Jara CO. Jewel is a gem worth the price whose potential as a high quality show heifer pale in comparison to her genetic merit that will carry on long after she is gone.

Shakespeare himself couldn't find words to adequately describe this exceptional heifer's ideal conformation. Juliet is a female to build a herd around with the look, style, and design of royalty. She's stylish and square in her design with exceptional leg and foot structure, level topped, big butted and smooth across the tail head. Her sleek smooth design is one that will look good in purple, and she'll be wearing plenty of it with her impressive build.

Jade is a precious and rare treasure of intense beauty. With look, style and substance of a champion she has a proud head and a soft, kind eye. Her side profile is impeccable, but her best attribute is the tremendous maternal backing she is sure to infuse into her offspring. Her full sister was selected as the pick of our herd in '20 by our good friends the Allen Brothers of North Powder OR. Her profitable maternal grandam and donor produced \$9,500 Revenue purchased by Jim Schipper of Martin MI. Jade is sired by \$450,000 Coleman Bravo. Simply stated Jade is a result of years of our breeding philosophies, a true genetic masterpiece hailing from bloodlines that have stood the test of time for decades.

Joelle is loaded with depth and dimension, full of femininity with style to burn and a fancy front. She moves out in a mild manner with the confidence of a queen. Joelle has the credentials to excel in the show ring, thrive in the most rigorous and elite donor program, and the sensible design to excel in a variety of environments. -Joelle hails from greatness. Her dam records a notable 3@107 including, our pick of his calf crop, Yardley Lawman, an impressive and powerful herd sire.

Finding a female in a purebred package with a perfect blaze face and this kind of conformation is a challenging feat; finding one with the exceptional maternal backing and longevity of this elite donor prospect is another. Jackie's gorgeous maternal grandam played a cornerstone role in our donor program and genetic progression. She effectively weaned sixteen stylish calves. Many of her tremendous daughters grace our herd and continue to out produce themselves. Jackie's beautifully uddered dam has produced including two striking full brothers to Jackie that averaged over \$7,500 in past sales.

Janet is a girl who comes ready to go to work and get the job done right! She's not afraid to get her hands dirty, but she's also not afraid to get dolled up for the show. She has all the right parts and pieces to clean up nice! She has an amazing amount of capacity, added length, huge hip, powerful lower quarter and exceptional bone and foot structure wrapped in an impressive feminine package. She tracks wide and sets up squarely every time she stops. Her hair is ideal, long thick and straight. Get the job done right with Janet!

Josie blends country charm with uptown style. She's a fancy female that moves out with confidence and style. You'll appreciate her amount of capacity, added length, huge hip, powerful lower quarter and exceptional bone in a surprisingly feminine package. You'll love her rich, true black color, perfect hair, fancy features and amazing eye appeal. Jade is sired by \$450,000 Coleman Bravo, one of our favorite Angus AI sires in recent years who sired the pick of our heifers two years ago.

Circle and put a star next to this fancy, feminine fronted female. She's deep and broody, with a strong top, and great flex in her hocks and pasterns, and a big set of britches. Her impressive dam is a maternal sister to Yardley Eye Candy a \$6,200 feature of our '17 sale purchased by our good friend Cody Lucey of WV. With show stopping good looks and the ability to transmit them to her offspring H198 is a sure bet jackpot.

THE KEY TO THE PUZZLE = BALANCE

IT'S THE HARDEST THING TO KEEP IN THE FRONT OF OUR MINDS. WE ALWAYS WANT TO THINK THAT BIGGER IS BETTER, OR WE BUY BULLS BASED ON SPREAD EPD'S OR WE CHOOSE A BULL BECAUSE HE HAS ONE TRAIT THAT REALLY STANDS OUT. WE'VE ALL BEEN GUILTY OF IT, BUT THE REAL KEY IS "BALANCE," THE ONES THAT DO ALL THINGS WELL. I REALLY BELIEVE THAT THIS IS ONE OF THE HARDEST, IF NOT THE HARDEST, HURDLE IN BREEDING CATTLE. IF WE CAN STAY FOCUSED ON THIS, IT WILL MAKE US MORE PROFITABLE AND BETTER CATTLE BREEDERS.

G225 is backed by one of my favorite cow families, anchored in our old herd matron and donor dam, P153. She produced several stylish show heifers. Her best heifer, a Dream On daughter we kept is G225's maternal grandam, her best and most productive daughter, sired by High Regard, and the dam of G225. She has been the epitome of a quality brood cow; exceptional depth, capacity, muscle definition, and structural soundness. She's a great milker with a perfect udder and ideal teats and she's the dam of G225. She has weaned seven hefty calves that have averaged 670# her past two quality bulls highlighted our sales at \$11,000 selling to great customers Darrel Shawcroft of LaJara CO and Allen Brothers Cattle of North Powder OR.

This big bodied, proven herd matron has done a tremendous job for us producing mouthwatering impressive calves. She's an own daughter of the legendary SAV Resource; the popular, powerful, proven performance sire who has taken the industry by storm.

-Her first son to sell, Yardley Abundance was purchased by Dustin Pape of Kensington OH, his striking full brother was later selected by Ben Adams of Promontory UT for \$6,000.

-Her long-lived productive pathfinder dam has produced nine outstanding offspring ratioing 7@102 including a \$7,500 sale favorite purchased by Rayne Bagley of Greenwich UT.

-She sells bred to the exciting \$45,000, KR Synergy. He combines tremendous eye appeal with leading data! He posted a 115 Weaning Ratio and his dam has 2@88 BR, 2@109 WW.

I BELIEVE A MAN'S GREATEST POSSESSION IS HIS DIGNITY AND THAT NO CALLING BESTOWS THIS MORE ABUNDANTLY THAN FARMING. I BELIEVE HARD WORK AND HONEST SWEAT ARE THE BUILDING BLOCKS OF A PERSON'S CHARACTER. I BELIEVE THAT FARMS, DESITE ITS HARDSHIPS AND DISAPPOINTMENTS IS THE MOST HONEST AND HONORABLE WAY A MAN CAN SPEND HIS DAYS ON EARTH. I BELIEVE MY CHILDREN ARE LEARNING VALUES THAT WILL LAST A LIFETIME AND CAN BE EARNED NO OTHER WAY. I BELIEVE FARMING PROVIDES EDUCATION FOR LIFE THAT NO OTHER OCCUPATION TEACHES SO MUCH ABOUT BIRTH, GROWTH AND MATURITY IN SUCH A VARIETY OF WAYS. I BELIEVE MANY OF THE BEST THINGS IN LIFE ARE INDEED FREE: THE SPLENDOR OF A SUNRISE, THE RAPTURE OF WIDE OPEN SPACES, AND THE EXHILARATING SIGHT OF YOUR LAND GREENING EACH SPRING. I BELIEVE TRUE HAPPINESS COMES IN WATCHING YOUR CROPS RIPEN IN THE FIELD, YOUR CHILDREN GROW TALL IN THE SUN, AND YOUR WHOLE FAMILY FEELS THE PRIDE THAT SPRINGS FROM THIER SHARED EXPERIENCES. I BELIEVE THAT BY MY TOIL I AM GIVING MORE TO THE WORLD THAN I AM TAKING FROM IT. AN HONOR THAT DOES NOT COME TO ALL MEN. I BELIEVE MY LIFE WILL BE MEASURED ULTIMATELY BY WHAT I HAVE DONE FOR MY FELLOW MAN, AND BY THIS STANDARD I FEAR NO JUDGEMENT. I BELIEVE WHEN A MAN GROWS OLD AND SUMS UP HIS DAYS, HE SHOUDL BE ABLE TO STAND TALL AND FEEL PRIDE IN THE LIFE HE'S LIVED. I BELIEVE IN FARMING BECAUSE IT MAKES ALL THIS POSSIBLE. -THE FARMERS CREED. FRANK MANN

YARDLEY Cattle Company Sire Lineup

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. **Semen Available on most sires.**

CALVING EASE SIRE SUPREME. He is one of the easiest calving purebred Simmentals in the breed. The last three years we have had over 100 heifers and cows calve out of him, and we have never had to pull a calf. They are very stylish and correct and have good growth, performance, and eye appeal. Our cattle have to do a lot of walking so we are very fussy about good feet and legs. There is an epidemic of back curly toes and toeing out on the front legs in both Simmental and Angus. He is the most correct legged bull we saw in Denver. His dam was the Grand Champion Simmental female at the 2009 American Royal Show in Kansas City. Many of the bred cows and heifers in this sale carry his service. You Need To Try Him. Hetero Black Homo Polled.

Standout's name says it all. Since he was a calf he always had a stylish look about him and leading performance. His two-year-old dam is very feminine fronted, deep bodied, easy fleshing and ideal uddered. Standout was her first calf with a birth weight of 72 pounds, weaning weight of 773 pounds without creep, and a yearling weight of 1338. His extended front end and smooth shoulder give him added eye appeal and increase calving ease. His beautiful dam, C136, has entered the donor pen at an early age join his grandam, Y22 who has been super productive. Consistency is coming from both sides of the pedigree here. YARDLEY ROUNDUP E311

ANGUS BD 2/24/2017 AAA 19020421

SIRE: SAV RENOWN 3439 BY RITO 707 OF IDEAL

DAM: MISS YARDLEY B42 BY YARDLEY BLACK MUSTANG

Roundup was the pick of our 2017 Angus calf crop for good reasons. His 3-year-old dam is a deep, thick, and feminine female with an ideal udder and teats. Roundup was 69# at birth, hit the ground running and weaned off at 744# without creep, and then crushed the scales with a yearling weight of 1465#, all that in a moderate made easy-fleshing package. He is structurally correct on his feet with excellent hoof size and shape. The cow family behind Roundup is very productive, consistent, and functional, which gives us confidence and high expectations for this young herd sire.

YARDLEY CHARBROIL F260

PB ANGUS BD 1/14/18 AAA 19335781

SIRE: COLEMAN CHARLO

DAM: MISS YARDLEY D56 X SAV INTERNATIONAL

Check out Charbroil. He's one beefy dude loaded with power and performance. Charbroil has it all; a clean front and smooth shoulder, with abundant rib shape and dimension. He is perfectly sound and smooth through his hooks, pins, and tail head. From behind he is wide based, filled in across the tail and has massive width extending all the way down through his lower quarter.

His elite first calf heifer dam did an exceptional job. His phenomenal feminine maternal grandam is the picture of perfection with true Angus breed character. Charbroil's sire, Charlo has produced more high dollar offspring in the past couple of years than about any bull in the breed including \$750,000 SAV President and \$450,000 Coleman Bravo.

SAV PATRIOT 0942

PB ANGUS BD 12/26/2019 AAA 19851723

SIRE: SAV PRESIDENT 6847

DAM: SAV MADAME PRIDE 5809

Patriot is an ultra-thick, super stout, heavy-quartered, stock bull with incredible muscle, shape, and fault-free design. He's unique in the fact that he has such a small head and attractive front end with such a massive body. His extraordinary dam is a maternal sister to SAV America, that sold for \$1.51 million, and she serves as a sixth generation SAV headliner donor. She presents a stellar phenotype with ultra-femininity and impeccable udder and feet quality – one of the very best to ever walk SAV pastures. Owned with Allen Brothers Cattle of North Powder, OR and Schaff Angus Valley of St. Anthony, ND.

ANGUS BD 1/20/19 AAA 19549971

SIRE: COLEMAN CHARLO 0256

DAM: MISS YARDLEY E49 X SAV PATRON

Check out this meat wagon! He's been a standout and a ranch favorite from day one! He moves out on a powerful hip with exceptional depth of body, width and dimension in an attractive, well balanced package with an ideal leg set, a smooth level tail, and a strong top. His impressive first calf heifer dam did a tremendous job on this her first calf that ratioed 112 weaning with explosive growth from a mere 71# BW to an impressive 784# WW. His maternal line is as good as any on the ranch tracing back to cornerstone herd matrons Miss Yardley S19 and Miss Yardley C72.

YARDLEY MONSOON

ANGUS BD 1/28/19 ASA 19575605

SIRE: SAV 654 X RAINMAKER

DAM: MISS YARDLEY E38 X SAV PATRON

Monsoon is the result of a lifetime of mating the best individuals within the breed, carefully considering and selecting all traits and characteristics of each animal to complement and improve upon the previous generation to create the best in real world performance, phenotype, and genetic potential. He excels in all areas of economic importance and combines length, width, depth and dimension with a well-balanced smooth look. His smooth shoulder and powerful hip combined with his impressive 790# adj WW and 1,368# adj WW make him a force to be reckoned with. His impressive dam is an own daughter of Donor dam T66 who produced our '15 \$18,000 high selling Angus Yardley Cornerstone selected by Lee Stremsterfer of IL and John Griswold of OK.

We have had the privilege of riding the range with Leon Brinkerhoff and his family, especially his daughter Cie Jae and son-in-law Raymond; we share a Forest Service allotment on the Dixie National Forest on the Cedar Mountain. Leon Reese Brinkerhoff rode into “new country on a fine horse” when he passed away, after a valiant battle with cancer, on September 12th, 2021 at his home in Glendale, Utah surrounded by his family. Leon was 67 years old.

Leon was loaded with sage wisdom and sound advice and could spin a yarn that would last from your first encounter until the day was done. When herding the cows interrupted his story, he'd pick up right where he left off when you met up again. He was a great husband, father, cowboy, horseman, roper, and a true friend.

He had a way of saying something in a unique way, that would drive the point home without being condescending or belittling, using gentle, dry humor blended with life learned lessons. One of his favorite sayings when you were trying to force something was, “Don't hit it any harder, Just get a bigger hammer.”

We will miss riding the trail with you Leon. The cattle drives won't be nearly as entertaining, the conversation not as plentiful, and the stories not as colorful, without you. Your presence, help and wisdom will be remembered and treasured for years to come. I'm sure we'll see you down the trail in greener pastures someday. Happy Trails, dear friend!

Cowboy's Prayer

Oh Lord, I've never lived where churches grow.
I love creation better as it stood
That day You finished it so long ago
And looked upon your work and called it good.

I know that others find you in the light
That's sifted down through tinted window pane,
And yet I seem to feel You near tonight
In this dim, quiet starlight on the plains.

I thank you, Lord, that I am placed so well,
That you have made my freedom so complete;
That I'm no slave of whistle, clock or bell,
Nor weak-eyed prisoner of wall and street.

Just let me live my life as I've begun
And give me work that's open to the sky.
Make me a pardner of the wind and sun.
And I won't ask a life that's soft or high.

Let me be easy on the man that's down;
Let me be generous with all.
I'm careless sometimes Lord, when I'm in town,
But never let 'em say I'm mean or small.

Make me as big and open as the plains,
As honest as the hoss between my knees,
Clean as the wind that blows behind the rains;
Free as a hawk that circles down the breeze.

Forgive me, Lord, if sometimes I forget.
You know about the reasons that are hid.
You understand the things that gall and fret;
You know me better than my mother did.

Just keep an eye on all that's done and said
And right me, sometimes, when I turn aside,
And guide me, on the long, dim trail ahead
That stretches upward toward the Great Divide.

- Badger Clark

A Little of Our History

My great grandfather Anderson was one of the first 10 men to settle this beautiful valley in 1856 and our family has been raising cattle ever since. My great grandfather Yardley, came four years later. He was in partnership with his two brothers. Uncle Al would take a herd of cattle down to the Wah Weep, 200 miles away and stay and take care of them on open range all winter. He would live in a tent and live on salt bacon, potatoes and coffee all winter. This was down by Page, AZ.

One spring on his way home he got up a wrong canyon and this put him on the head of Asay Creek. He said it was the most beautiful place he had ever seen. He saw the man that owned it and asked him if it was for sale and he said he would take \$5,000 for it. It was 1,100 acres. A few years later they bought another 700 acres to go with it. They also got one of the first forest permits on the Dixie National Forest of 400 head.

When I was a boy growing up there were no tractors, we did everything with teams. There were no trucks or trailers. When you moved cattle you did it horseback. When we sold cattle to buyers in California or back east we'd have to drive these cattle to Milford, 30 miles west of Beaver, and load them on the train. It was 75 miles from Beaver to Asay Creek and it would take us 3½ days to trail the cattle over there in the spring and then bring them back every fall to winter here in Beaver where they would feed them hay.

I grew up with a great love for good, beautiful horses which I have had all my life. I have the same family of paint horses that I have had and loved for over 75 years. We also have some great quarter horses. We prefer red and blue roans, but first and foremost they must have a gentle, quiet disposition, a small head, short back, deep body, and a big hip. We love our horses so much they are just like part of the family.

My great grandparents were all converts to the Church of Jesus Christ of Latter Day Saints. They came from England, Germany, and Tennessee. They came out and settled when there was nothing here so they could worship God in peace as they so desired according to the dictates of their own conscience. One of my great grandmothers, Eliza Morton, was just 18 years old and pulled a handcart from Omaha, Nebraska to Salt Lake City, with the ill-fated Martin handcart company. They got snowed in up by Riverton, Wyoming and had no food and very little bedding or clothing. Brigham Young heard about them and sent wagons with feed and bedding to rescue them. Of the 576 members of the party, almost one-fourth died before they reached Utah. She never saw or heard from her family again.

It was such a dry country that when they got here they had to dig ditches to irrigate their crops and that was a tough challenge. THEY LEFT US A GREAT HERITAGE, AND A GREAT PLACE TO RAISE CATTLE AND KIDS.

DOING OUR BEST: I have always believed in doing my best at anything we do. Many, many years ago I set a goal to raise the best cattle and horses in the country. It has taken a lot of years but I feel I have achieved this goal and a lot of others. Jeannie says that she has worked cattle in a lot of corrals and she has never seen anything to compare with our corrals for efficiently working cattle. We love our summer and winter ranges. They are 125 miles apart but when you get there they are a summer and winter haven for these cows.
