

A large herd of black and white cattle is gathered in a lush green field. In the background, three riders on horseback are visible, herding the cattle. The field is bordered by a dense forest of tall evergreen trees under a blue sky with scattered white clouds.

YARDLEY *Cattle Company*

49th Annual
Bull Sale

FRIDAY, March 11, 2022 1:00 MST

Welcome

Dear Friends, Fellow Cattlemen, and Valued Customers:

From the beautiful mountain valleys of Southern Utah, greetings from all of us at Yardley Cattle Co. This is our 49th Annual Bull Sale. As we near half a century of bull sales we want you to know how much we value your business and friendship. Many of our customers have attended nearly every sale. You great cattlemen and women have made it possible for us to enjoy the life we lead as seedstock producers.

The bulls in this offering represent a lifetime of breeding quality genetics; deep, thick, moderate made, easy fleshing, low maintenance cattle with quiet dispositions, excellent udders in the cows and well-developed testicles in our bulls with sound, smooth joints and ideal foot and leg structure. We have been Aling to the best bulls we can find or raise for 53 years. Our cattle are bred with the commercial cattleman in mind to thrive on rangelands, excel in the feedlot, and perform in the pasture with the style and eye appeal to compete in the show ring. Our goal is to produce cattle that will make a lasting economic and genetic significance to your herd.

It is the mother cow that is the most important part of any operation. We expect our cows to stay fat and maintain their body weight while raising a 700# calf without creep. The true value of a beef cow is her ability to convert grass and forage to protein. Our cows forage year-round.

We hope you enjoy life and cherish the gift each day is from God. "In all of living have much fun and laughter. Life is to be enjoyed not just endured." We have so many things to be grateful for despite the uncertainties of life that surround us. We are blessed to live a lifestyle where God's miracles and handywork surround us: the majesty and grandeur of the wide expanse of the universe on a starlit night, the miracle of seeing a new calf enter the world on wobbly legs to take its first drink of life-giving milk, or the simple wonder of witnessing the world shed its winter coat to reveal the first green growth of Spring and new life. To be surrounded by the love of family and friends; and to work side by side with our children and grand children.

Consider on the remarkable feats of science and engineering that have richly blessed our lives; a cell phone can hold more data and do more things than the computers NASA used to put the first men into space. We can see live time videos half way across the world nearly instantaneous. We can travel farther in an hour on a jet plane than the pioneers could travel in a month. Think of the miraculous advancements in the medical field that can save life at earlier ages, prolong life longer, and make our standard of living better.

How blessed we are to live in this the greatest of all the Nations on the Earth. The Constitution and Declaration of Independence are two of the most God inspired documents on freedom ever penned by the hand of man on Government; what a debt of gratitude we owe to the Framers of the Constitution for the grave sacrifices they went through to plant and establish the seed of liberty in our land. Consider the millions of brave men and women who have fought and spilt precious blood at home and abroad in the noble quest of preserving our freedom. Ours is the sacred task of passing the torch of liberty to future generations.

How grateful we should be to live in a nation that was built upon Christian principles of honesty, integrity, hard work, and dignity where we can worship as we wish regardless of creed or religion. What an eternal debt of gratitude we owe to God for the matchless and infinite gift of His Only Begotten Son, and his Son's atoning sacrifice for all of mankind. We should do all we can to protect and preserve the freedom of religion and freedom of speech that are currently under assault in our nation.

We also owe a great debt of gratitude to our pioneer ancestors and forebearers who crossed plains, dug ditches, forged trails, forded streams and great rivers, tamed the wild, cultivated barren soil, established communities and through a lifetime of backbreaking toil and effort established families, farms, ranches and communities. We reap the blessings of their great sacrifices.

When I was a boy we used horses and teams to put up hay. It would take a crew of ten or twelve men and teams all summer to put up the hay. A good team cutting hay could cut about 15 acres a day; it would really work them and they would get sore shoulders and necks. These new GPS controlled; self-propelled swathers, can cut 25 acres in under an hour. It is the same way in all areas of agriculture and architect; things that once required days and days of manual labor can now be done with relative ease in a few hours. What a blessing this is.

We live in a world of technology and innovations that previous generations only dreamt of and have more information at our fingertips than could be held in the finest libraries of their time in previous centuries. Yet despite this there is much of illiteracy, ignorance, and wasted time. The questions "Where is the wisdom we have lost in knowledge? Where is the knowledge we have lost in information?" are more applicable now than ever. We can and should do all in our power to educate ourselves and our fellow men; to rise above mediocrity and strive to excel and make the world a better place for those who follow.

Time passes far too quickly to not cherish every passing moment and fleeting day. Remember "minutes and hours well spent are the building blocks of a life well lived." Don't miss out on the teaching opportunities with your children and grandchildren. Three things that never come back are the spent arrow; the spoken word; and the lost opportunity. Make sure to take and make time and opportunities for the things that matter most.

We thank you for the confidence in our genetics it is an honor and a privilege to work and rub shoulders with you. Your success is our success; we wish you the very best in your calving season and with your cow herds large or small. We hope and pray the good Lord will send moisture to all of the parched areas of the West and encourage you to ask for this blessing as well. If we can do anything to help or assist you in your herd sire selection, please feel free to give us a call anytime. God bless you and God bless America! We look forward to seeing you sale day,

Sincerely yours for a better cattle business.

Catalog Design: Chris Petersen, Cedar City, UT

TRANSPORTATION

Beaver is 200 miles away from Salt Lake City or Las Vegas, NV, on I-15. From Salt Lake, Sky West Airline commuter (The Delta Connection) serves Cedar City, which is 50 miles south of Beaver. Beaver has many excellent motels and restaurants, and an airstrip for private planes. You must call us to meet your plane as there is no taxi service. St. George, UT is 100 miles South of Beaver on I 15. It is served by United, Delta, and American Airlines.

TRUCKING & DELIVERY

Please leave detailed information with the sales clerk about your trucking needs and arrangements. We will work with you to help find the best and most efficient means for hauling. We will guarantee to have your animals delivered to a central location within 300 miles of your home anyplace in the United States for no more than \$300/head. This guaranteed delivery price does not apply to cattle that have not been fully paid for within ten days of the sale date. NO CATTLE WILL LEAVE THE RANCH UNTIL PAID FOR IN FULL.

ACCOMMODATIONS:

Request the Yardley Cattle Company special room rate. Please try to reserve rooms as far in advance as possible to guarantee room rate.

RANCH AND SALE LOCATION

Once you arrive in Beaver, go to the only traffic light in town on the corner of Main and Center Streets. Take Milford Highway 21, go West on Center 1 1/2 miles to the Yardley Black Cow/Calf sign, turn right and proceed north and west across the field to our sale barn. You will pass our house 1/4 mile north of the highway, but continue one more mile to the barn.

UPON LEAVING HWY 21, TRAVELING NORTH ON THE GRAVEL ROAD, EXCEPT FOR OUR HOUSE AND LOT, THE HORSES, CATTLE AND LAND DO NOT BELONG TO US UNTIL YOU CROSS THE CATTLE GUARD JUST BELOW OUR SALE BARN.

BARBECUE

We will have a barbecue dinner in the sale barn starting at 11:00.

STAY TILL THE END OF THE SALE

Department stores don't put all the good stuff at the front door, do they? Great bulls will come into the ring all day long, AND IF YOU DON'T STAY UNTIL THE END YOU MIGHT MISS THE BEST DEALS OF ALL! WE WILL HAVE A DRAWING AT THE END OF THE SALE. All lot numbers will be put in a hat. You must be present to win. THE WINNING NUMBERS WILL RECEIVE A CHECK FOR \$200, THE 2ND PLACE WILL RECEIVE \$100

TERMS & CONDITIONS

TERMS: Terms of this sale are cash, or a good check, unless arrangements are made prior to the sale. Settlement to be made immediately at the conclusion of the sale before animals are loaded. The right of property title shall not pass until checks have cleared.

BIDDING: All animals will sell as single lots to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

HEALTH: Every bull in this sale, to the best of our knowledge, is free of any disease and will be eligible for interstate transport. Bulls were Dectomax treated. They have been vaccinated twice for IBR, P13, BVD, BRSV, 8-way Blackleg, One Shot Pasturella, Somnus, and Enforce.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter, and any other announcements.

TRUCKING: All trucking is the responsibility of the buyer, but we will help make arrangements. Every effort will be made to minimize costs to the buyer. We can only get these bulls delivered to central points. All cattle must be paid for in full before leaving the ranch.

GUARANTEE: Every bull has been tested for Tric and semen evaluated by a licensed veterinarian. We will guarantee the bulls selling in this sale to be fertile at the time of sale. Several of the bulls in this sale are of "Herd Sire" quality. If the buyer chooses to have semen collected on a bull, Yardley Cattle Company can not guarantee that the semen will freeze. **KEEPING BULLS TILL MAY 15TH:** We can do this but encourage you to insure them as the risk is the responsibility of the buyer. \$3.00 per head per day will be charged until the bulls are picked up.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Yardley Cattle Company assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it.

REGISTRATIONS: REGISTRATION PAPERS WILL ONLY BE FURNISHED IF REQUESTED AT THE TIME OF SETTLEMENT AT THE CONCLUSION OF THE SALE OR WITHIN 3 WEEKS. If requested later, buyer must pay additional registration fees. Leave the name and address to which you would like your bulls transferred on your sale slip when you settle up. Please print so that it is legible.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions. Late in the summer it is necessary to mix breeding groups. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows we cannot guarantee sire parentage unless a parentage identification test is ran. IGENITY labs runs this procedure for around \$30. When you get your bulls home put them with another bull or cow and don't leave them alone in a corral. This makes them wild.

ABSENTEE BIDDING

If you are unable to attend the sale but would like to bid on the lots offered we encourage you to call prior to sale day. There are two ways to participate in the bidding if you are unable to attend the sale. Bids will be handled with the strictest of confidentiality.

1-Work with one of us to fill your order.

Due to the size of the offering it is impossible to picture every bull. There are many quality bulls that may not be highlighted that will fit your program. Feel free to call anytime prior to the sale. Sale days are crazy! It is much easier for yourselves and for us if you are able to visit with us prior to the sale about certain lots. Gib: 435-310-0041, Steven: 435-310-1725, Rodney 801-824-8851

2-Bidding via CCI.LIVE

Bidding online via CCI.LIVE is simple, and reliable. You can register to bid online at (www.cci.live) For more information visit the CCI.LIVE website or contact 405-400-9505.

3-Sale Day Phones.

These phones are only for bidding and we HIGHLY RECOMMEND PRIOR ARRANGEMENTS AS THE LINES MAY BE BUSY AND YOU MAY NOT BE ABLE TO GET THROUGH. If prior arrangements have been made we will accommodate you to the best of our ability.

Steven Yardley.....(435) 310-1725
Rodney Teichert.....(801) 824-8851
Jeannie Y. Griswold.....(435) 421-1200
Angela Y. Barton.....(435) 310-1147
Emily Y. Maxfield.....(435)310-0038

PRE-SALE REGISTRATION FOR ATTENDING BIDDERS AND

ABSENTEE BIDDERS: If you would like to register as an absentee bidder please call 435-691-4854. You may be required to list your bank telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via wire-transfer on Monday, March 16th prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation.

Bid online...you're ringside from the comfort of home!

CCI.LIVE

Register to bid today!

Visit the website at www.cci.live. If you are a first time user click on create account. After you create an account, you can request buying or bidding credentials. Upon approval you will receive a text from us saying that you have been approved by CCI.live. After you have been approved, getting a buyer number for a sale is very simple. You just visit the sale page for the auction and click the BID ONLINE button. Then there will be a GET BUYER NUMBER button that will automatically sign you in for the auction and give you a number. For more information contact CCI.LIVE at **405-400-9505**.

THESE BULLS WILL SELL IN EVERYONES PRICE RANGE.

We cull bulls from branding up until the sale for structural soundness, quality, breeding soundness, and temperament. Not every bull is destined to sire calves. **AS SEEDSTOCK PRODUCERS WE TAKE THE RESPONSIBILITY TO MARKET QUALITY BULLS SERIOUS.** We realize that your success depends upon our breeding program and we strive to have quality from the first lot sold to the last bull to walk through the sale ring.

FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$3000 or more will be covered 50% by Yardley Cattle Company if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. 50% of the value of the injured bull will be given as credit in a future sale or toward a replacement bull if one is available. **ALL INJURED BULLS MUST BE DIAGNOSED BY A VETERINARIAN AND WE MUST RECEIVE THIS AND A LETTER FROM YOU IN WRITING.** Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage. If at all possible we would like the injured bull to be returned to us. **ALL CLAIMS MUST BE MADE BY OCTOBER 1st.** We will not replace a dead animal for any reason.

RETAINING 1/3 SEMEN INTEREST ON ALL BULLS!

SEMEN INTEREST: We are retaining at least 1/3 semen interest in all bulls selling. The new owners of the bulls will have full possession and all salvage value. If semen is sold we retain one-third of all revenue. There will never be more than 2 or 3 bulls a year that we will want to collect.

PLEASE BRAND YOUR CATTLE WHEN YOU GET HOME!

Our bulls are not pampered and are not overly fat. They are developed on high roughage rations for comparison only and not for maximum gain. You will not be paying for over fleshing that will melt away as the breeding season progresses. By not force feeding these bulls, you can be assured they will be sound, athletic, and ready to service cows. They are grown in big lots where they get lots of exercise, so they can take the toughest ranges. These bulls are grown mostly on hay with a 50/50 alfalfa grass mix with less than 1% of their body weight in grain.

To whom it may concern:

Traveling the country over the past 15 years Ultra sounding Cattle I have seen many types and breeds of cattle that vary greatly in carcass traits and phenotypic quality. Gib Yardley contacted in the Fall about coming to Beaver, Utah and ultrasounding their yearling bulls. I was truly amazed with the amount of muscle and marbling the Yardley bulls possess in a very sound functional package. It has always been a pleasure to evaluate cattle of different breeds and what each of them offer to the Beef industry. On March 11th Bull buyers from across the United States will have the opportunity to purchase genetics from Yardley Cattle Co, a breeding program that has stood the test of time and continues to excel in carcass quality and maternal traits. Whether you are a Purebred Seedstock Producer or a Commercial Rancher retaining ownership of your calves through finishing Yardley Genetics will work for you. It has been proven that 1 square inch of Ribeye Area per hundred pounds of body weight on a Yearling Bull is average, as you evaluate the offering you will see that the Yardley Bulls will certainly exceed that while having high adjusted %IMF Values. A 4% IMF score is equated to a low Choice Quality Grade on fed cattle, Bulls will generally sire fed calves that are 1% higher than their own %IMF adjusted value. Translation as you see many Bulls in the sale with %IMF values of 4% or greater they will transmit these high IMF values to their offspring while increasing Ribeye size lowering numerical Yield Grades. It is always my pleasure to travel to Utah and ultra sound bulls of superior structural soundness, quiet disposition, and work with a Great Family. As you evaluate the bulls and make your purchases, buy with confidence, you are not only buying great bulls you are buying into a program and the Yardley's will stand behind what they sell.

Thanks,
Ghad Gordon

We have always concentrated on producing a functional, balanced, all purpose beef animal. One that is thick and moderate framed, not too big or too small, and that has a natural fleshing ability. If a cow has feed, we expect her to stay fat while raising a 700 lb. calf without creep. We believe in a balance between performance, eye appeal, and maternal traits. Above all, we have eliminated the problem cattle. To achieve balance, ranchers need cattle that are not necessarily the tops in all traits, but they can't be weak in one single trait.

THE FACTS ABOUT PAP TEST

Brisket Disease of cattle is the result of right congestive heart failure, but is brought on specifically by effects of the lower oxygen pressures present when cattle are kept at high altitudes above 7,000 feet in elevation. The test is a measure of the pulmonary artery pressure (PAP). We have been testing our bulls for quite a few years. Most of our Simmentals summer from 9,000 - 10,000 feet elevation and we have very very few of them ever affected by brisket disease since they originated in the alps

IF YOU RUN BELOW 7,000 FEET ELEVATION, PAP SCORES SHOULD NOT BE CONSIDERED WHEN SELECTING BULLS.

of Switzerland and were bred for higher elevation. Dr. Tim Holt of Colorado State University is the countries greatest authority on this disease and has tested many thousands of cattle. Our bulls are tested in Beaver at 6,000ft. elevation. A pap score under 44 is low risk, 45-49 is moderate risk, and above 50 is high risk for cattle running above 7,000 feet of elevation. If you run under 7,000 feet elevation, PAP tests do not generally need to be taken into consideration.

WE APPRECIATE THE DEDICATION, LONG HOURS, TALENTED WORK, AND ATTENTION TO DETAIL, AS WELL AS THE FRIENDSHIP OF JOSE GUZMAN AND JOSUE GARCIA. THEY ARE TWO OF THE FINEST MEN YOU WILL EVER MEET.

WHY USE YARDLEY BULLS

1. THE BIG FEEDERS PAY A PREMIUM FOR CALVES Sired BY OUR BULLS BECAUSE THEY ARE THE BEST GAINERS AND THEY HAVE THE LOOK, EYE APPEAL AND UNIFORM PHENOTYPE.
2. Their daughters will be productive, structurally sound cows.
3. Their calves will weigh 25 to 100 lbs more at weaning.
4. These bulls are wintered in big lots on half grass/alfalfa and only 1% grain.
5. They are born unassisted on the range and walk 25 miles to and from the summer range that goes to 10,200 ft. elevation, so they have to be structurally correct
6. Our bulls are raised and developed at high altitudes and are PAP tested as a selection tool for those who run in higher elevations.
7. OUR CALVES ARE NEVER CREEP FED, their birth to weaning growth is based solely on their ability to perform on their mothers.
8. Our cows winter on desert winter range without hay. They have natural fleshing ability to stay fat on grass and take care of themselves.
9. All bulls are performance tested and backed by our first year breeding guarantee.
10. They have proven themselves to adapt to all environments and have sold into 30 states, Canada and Mexico.
11. Simmental and Simmental crosses are some of the most sought after cattle by order buyers, feedlots and for replacement females.
12. YARDLEY BULLS ARE BRED WITH THE COMMERCIAL CATTLEMEN IN MIND.
13. You are buying from a family that is honest, we will treat you fairly.
14. GIB YARDLEY IS A MASTER CATTLE BREEDER. He will be 87 years old on March 15th. He has Al'd for 52 years and has produced one of America's greatest cow herds. He has spent his life breeding this herd of cattle and raising a wonderful family.
15. THESE ARE NOT ORDINARY CATTLE. THEY HAVE MORE THICKNESS, DEPTH, MUSCLING, FLESHING ABILITY, PERFORMANCE, & STRUCTURAL CORRECTNESS IN A MODERATE SIZED PACKAGE.
16. Cross breeding pays. Hybrid vigor increases the performance and longevity of your cow herd.
17. You don't have to baby and pamper them.

UNDERSTANDING THE DATA

EXPECTED PROGENY DIFFERENCE (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an "I", and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

Calving Ease Direct (CE), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

H/P/S	WDA	TG	RIB FAT	REA	% IMF	DWR
P	3.92	3.74	0.24	15.61	4.39	7@100

Maternal Milk EPD (MK), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

H/P/S: Horned (H), Polled (P), Scurred (S)

WDA: Weight per Day of Age= ((Weight-Birth Weight)/Age in Days)

TG: Test Gain=((Weight-Weaning Weight)/Days on Feed)

Rib Fat: inches of fat over the Rib Eye muscle

REA: Rib Eye Area measured in inches and adjusted to Yearling Age.

%IMF: % Intermuscular Fat in the rib eye muscle

DWR: Dam's Weaning Ratio on her number of calves and how those calves weaned compared to the average during those years.

-Example: 5@110; bull's dam has had five calves that have weaned at 110% of the average.

THE KEY TO THE PUZZLE = BALANCE

IT'S THE HARDEST THING TO KEEP IN THE FRONT OF OUR MINDS. WE ALWAYS WANT TO THINK THAT BIGGER IS BETTER, OR WE BUY BULLS BASED ON SPREAD EPD'S OR WE CHOOSE A BULL BECAUSE HE HAS ONE TRAIT THAT REALLY STANDS OUT. WE'VE ALL BEEN GUILTY OF IT, BUT THE REAL KEY IS "BALANCE," THE ONES THAT DO ALL THINGS WELL. I REALLY BELIEVE THAT THIS IS ONE OF THE HARDEST, IF NOT THE HARDEST, HURDLE IN BREEDING CATTLE. IF WE CAN STAY FOCUSED ON THIS, IT WILL MAKE US MORE PROFITABLE AND BETTER CATTLE BREEDERS.

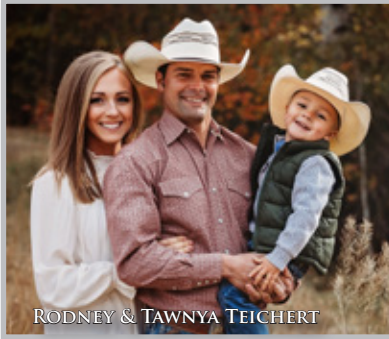

SUPERIOR LIVESTOCK AUCTION

Many of our customers like to sell their calves in Superior Sales. We have a "logo" that Superior puts on when the calves being sold are out of our bulls. The feeders pay a premium for calves out of our bulls because they know of the superior performance, eye appeal, structural correctness and exceptional carcass traits coupled with docility and hybrid vigor. We have spent our lives breeding these cattle to perform and bring this premium. We pay Superior \$25/load to put our logo on the screen when our loyal customers' cattle come in. We are happy to do this to assist

you in getting top dollar for your calves and by helping the people who buy your calves get a top return on their investment through our top quality genetics and be 100% satisfied with their purchase. In order to ensure this, we request that a minimum of 60% OF YOUR CALVES ARE OUT OF OUR BULLS/LOAD ADVERTIZED. This protects our quality reputation and ensures that whoever buys the calves are getting the advertised genetics. Please note that Superior will call us prior to placing our logo on any load selling to confirm that this is the case.

Yardley Infinity is the result of a life time of carefully planned matings, of the best cows to the best bulls in the industry. He represents the epitome of phenotypic perfection; loaded with extreme depth, length and width, with exceptional foot, leg, and hip structure. A massive 704# WW and an equally impressive 1344# YW. He is sure to send pounds of profit down the line to his impeccable offspring.

-His impeccable dam is from the proven mating of Steel Force on OCC genetics and a tried and proven cow family of broody made, easy keeping females.

**WEANING WEIGHTS ARE ADJUSTED TO 205 DAYS OF AGE, YEARLING WEIGHTS AND SCAN DATA ARE ALL ADJUSTED TO 365 DAYS OF AGE UNLESS*.
*ACTUAL UNADJUSTED SCAN DATA.**

Miss Yardley P199, the prolific grandam of Yardley Infinity.

Miss Yardley Z140, a stunning maternal sister to Infinity's dam.

Yardley Abundance G280, the eye-catching sire of Yardley Infinity..

Yardley Gunslinger is a wide backed, deep bodied, heavy muscled stud that moves out like a cat on a big hoof with a wide base. His impressive performance record reiterates his overall mass and power with a 707# WW and a hefty 1,255# YW. Perhaps his greatest asset will be his ability to produce mouth-watering, perfect uddered females.

-His young, productive dam records an impressive 2@109 weaning ratio.

Maternal brother to the dam of lot 2.

Y134, paternal grandam of lot 2.

Yardley Top Gun F379, the impressive sire of lot 2.

Yardley Rest Easy has been a favorite from early on, with his abundant amount of depth and thickness, added rib shape and dimension, he will work for the most discriminative cattlemen and in the most elite seedstock and commercial programs alike. He moves out with confidence on a big hoof with smooth joints and an idea leg set, nailing every step as he goes. His hair is perfect, long and straight, his disposition couldn't be better. Phenotypically we could not mold one any better; strong topped, smooth shouldered, ideal fronted, with a wide base, big top, exceptional lower quarter, smoothness and style blended throughout.

-This CALVING EASE sire, Rest Easy with his feather light 67# BW reads as nice on paper as he does on the hoof with a balanced EPD profile that places him in the top 15% of the breed for CE, and BW, top 25% for MCE and top 30% milk and in the top half of the breed or better for fifteen of the sixteen measured traits, top 35% API top 30% TI.

-His Scan Data was exceptional with a massive 15" RE and a ranking in the top 10% of the breed for REA, and the top 25% for CW and YG

P	3.23	3.21	0.19	14.97	4.54	1@111

Lot 18 is a classy deep bodied bull with impressive dimension in a powerful body, an abundant amount of thickness, performance and fleshing ability; with a mere 78# BW and a curve bending 746# WW. He is sure to make some mouthwatering replacement females who will milk well, be easy fleshing and functional, loaded with excellent udders and longevity. He ranks in the top 30% or better for CE, WW, YW, MILK, MWW, MARB, API and TI.

-His maternal line traces back to one of my favorite donors R205, the highest ratioing cow of her day with ten calves averaging 113 weaning ratios including our '16 \$20,000 high seller, Yardley Titanium selected by Rick and Nalani Dunsmore of NLC Cattle in Wessington, SD.

Lot 19 is the cattleman's kind of bull. He has the necessary power, impressive depth, added dimension, rugged bone and muscle mass to make great feeders and awesome replacements. If you sell by the pound lot 19 promises to bring profit to your bottom line, with a 738# WW and a 1,286# YW. A low pap, big rib eye and impressive cow family complete the package for this striking stud.

Lot 20 is the type and kind you wish you could use a field full of. He has a smooth shoulder, deep forerib, incredible depth and dimension. He is wide across the top and from behind, and moves out in a stately fashion. He recorded the highest WW of our '21 calf crop at a robust 822# ratioing at 127! His growth and dimensions continued to sky rocket giving him an equally earth quaking 1,372#YW! His BIG RIB EYE AND LOW PAP are just icing on the cake for this silhouette of perfection.

Impressive maternal brother to lot 21.

Lot 22 is an elite individual that possesses rib shape, loads of muscle, a massive hip with a great topline and free flowing movement. He is soft in his hock and pastern set on a big hoof, multi-dimensional package and has awesome hair.

-His broody dam is a beautiful, perfect uddered Angus that consistently throws quality and a fancy front, making her a perfect candidate for the already magical SimAngus cross. In '18 she produced a \$6,500 sale high light selected by our good friend Bill Carsten of Hotchkiss CO. Lot 22's sire, Boone Pickens makes them stout the whole way through while still maintaining balance and exceptional eye appeal. He is huge hipped, big bodied, and comes from some of the best pedigrees in the industry.

Yardley Clear Decision E454, a cool maternal brother to lot 22.

Lot 23 is a portly fellow loaded with an abundant amount of depth and rib shape. If you are looking to produce a broody set of easy keeping females that will hold their flesh in harsher conditions, lot 23 is definitely a bull worth your consideration. His broody made maternal grandam was the calmest cow on our ranch, you could walk up and scratch her anywhere. She had a perfect udder and always raises a nice one. Her impressive son, Yardley Delano, was a \$7,250 lead off in '17, purchased by good friend Justin Allen of North Powder, OR. TWIN.

Stunning grandam of lot 23.

A stout maternal brother to lot 24.

Lot 27 is a flush brother to the dam of this year's feature, Yardley Infinity. From the proven mating of Steel Force on OCC genetics and a tried and proven cow family of broody made, easy keeping females.

We nearly lost P199 in a bog on the mountain. Miraculously there was an excavator near where she was stuck when we found her and he was able to get close enough to reach her. It was a true answer to prayers. P199 has been a valuable breed piece in our donor pen and played a pivotal role in improving the genetics on our ranch.

Yardley Stand True is a phenomenal son of Standout. If you're looking for a deep bodied, big ribbed, moderate made, stout bull loaded with fleshing ability to make a stand out set of females, Stand True is the bull for you.

-Stand True's productive, good milking dam records a notable 4@106 weaning ratio.

-His profitable dam produced a fancy feature show heifer, \$6,500 Yardley Sapphire selected by our good friend Craig Pollington of Michigan.

TEACHING CHILDREN THE JOY OF HONEST LABOR IS ONE OF THE GREATEST OF ALL GIFTS YOU CAN BESTOW UPON THEM. LET US ALSO TEACH OUR CHILDREN TO SEE THAT THE WORK ASSIGNED IS CARRIED TO ITS COMPLETION AND TO TAKE PRIDE IN WHAT THEY ACCOMPLISH.
 - L TOM PERRY

A capacious maternal sister to lot 37.

Maternal sister to the dam of lot 37.

Yardley Standout, the phenomenal sire of lot 37.

Yardley Top Time is one of the most stylish, smooth made individuals in our offering with exceptional balance and prowess on the move. He's wide behind and over the top with a nice shoulder lay and balances solid growth with great fleshing ability. We preach cow families because we know they are the key to consistent quality in the offspring of your purchase; Top Time's dam is a great one. She exhibits depth, width, and hip coupled with easy fleshing ability making her a true outlier. You'll appreciate the capacity she passes onto her offspring along with stout bone and a sound hoof. Her first fancy calf, sold for \$8,000 to Josh Curtis of Jensen, UT.

TOP TIME

The stunning dam of lot 40.

In your search for a well-balanced bull in a purebred package check out this impressive specimen. With only a 32 PAP he should do a tremendous job making a good set of high altitude, mountain ready F1 calves in moderate, hassle free, range-ready packages.

-His maternal grandam is one of my favorite females on the ranch. She has a ton of rib shape and dimension, an exceptional udder, and she is sired by the legendary breed icon, Duracell. She has raised eight calves rationing 103 at weaning, including an \$6,500 son in last year's sale selected by our good friends the Tanners of Grouse Creek, UT. Her long-lived dam is still going strong, effectively weaning twelve calves averaging a noteworthy 107 ratio.

The cow family backing behind these bulls is huge. It runs generations deep with tremendous females that have each played a vital role in moving forward the genetic and phenotype of our herd. Lot 45's maternal line stems from one such cow family that traces back to a beautifully built, big bodied, stout ribbed Angus herd matron that produced a \$9,800 feature in our '20 sale selected by 36 Spring Ranch of McGill, NV; prior to that she produced an impressive son that was selected by our good friend Gerald Smithson of IA.

Flush brother to the dam of lot 46.

Lot 56 is one handsome individual who is as true and honest as they come in terms of structure and as robust and round in his rib cage as you will find. He has ideal body mass, softness of body, and correctness of skeleton. He's smooth and well-structured, has big feet and a massive rump to propel him forward.

Big-nuttied maternal brother to lot 57.

Lot 69's profitable donor dam produced Tulsa State Fair Supreme Champion Simmental heifer, Yardley Fancy our leadoff, \$10,500 high selling show heifer of '18 purchased by Ronnie Smith of Denton, TX, and a stylish \$7,500 maternal brother purchased by the renowned, Rick Calvo, of Bassett, NE.

IF YOU ARE NOT PROACTIVE IN EDUCATING YOUR DESIRES, THE WORLD WILL DO IT FOR YOU. EVERY DAY THE WORLD SEEKS TO INFLUENCE YOUR DESIRES, ENTICING YOU TO BUY SOMETHING, CLICK ON SOMETHING, PLAY SOMETHING, READ OR WATCH SOMETHING. ULTIMATELY, THE CHOICE IS YOURS. YOU HAVE AGENCY. IT IS THE POWER TO NOT ONLY ACT ON YOUR DESIRES BUT ALSO TO REFINE, PURIFY, AND ELEVATE YOUR DESIRES. AGENCY IS YOUR POWER TO BECOME. EACH CHOICE TAKES YOU CLOSER THAN FURTHER FROM WHAT YOU ARE MEANT TO BECOME; EACH CLICK HAS MEANING. ALWAYS ASK YOURSELF, "WHERE WILL THIS CHOICE LEAD?" DEVELOP THE ABILITY TO SEE BEYOND THE MOMENT. -RANDALL L. RIDD

E27 Stunning maternal grandam of Capital Gain

G301 Accelerate, maternal brother to Capital Gain's maternal grandam.

H/P/S	WDA	TG	RIB FAT	REA	% IMF	DWR
P	3.25	3.67	.19	13.9	4.03	1@106

Yardley Capital Gain will fit into the top tier of any bull stud or elite seedstock or commercial program. He's a massive middled, powerful hipped, well balanced, smooth made, free moving stud with a big set of testicles, excellent performance. He reads as well on paper as he looks on the hoof ranking; HE HAS THE HIGHEST WW AND YW EPD OF ANY ANGUS in our sale ranking in the top 15% for WW and YW, and the top 35% \$M.

-His maternal backing is second to none. His gorgeous, beautifully uddered, first calf heifer dam did a tremendous job with this her first calf, weaning him at over 700#. She was seriously considered for the pick of our heifer calves but Jose wanted to keep her.

-His great grandam was Jose Guzman's pick of our heifer calf crop. In '20 she produced Yardley Accolade, a \$12,000 sale day favorite, chosen by Darrell Shawcroft of LaJara, CO. The year before that she produced another lead off Angus, Yardley Accolade. She is a remarkable individual with front pasture look whose maternal line traces back to N181, the dam of our incomparable herd sire Skipper and a \$16,000 show heifer. N181 sold for \$20,000 to our good friends Wayne and Barb Olrichs of Norfolk, NE.

F444 Yardley Cashier, stout made maternal brother to Capital Gain's maternal grandam.

The capacious grandam of New Beginning.

Maternal brother to the dam of New Beginning.

SAV Catalyst, the stellar sire of New Beginning.

A new beginning is a great place to start afresh and it is fitting that Yardley New Beginning helps lead off our Angus offering. Our Angus cattle are perhaps our best kept secret at Yardley Cattle Company. The same strict and rigorous standards of excellence have been followed in the breeding and selection of our purebred Angus as we have followed in our Simmental cattle. New Beginning represents a life time of work in producing a product that excels in all areas of importance in economic, phenotypic, and genomic traits.

-He is a true outlier carrying an exciting spread from a 70# BW to 759# WW, to a remarkable 1335# YW. He ranks in the top 20% CED, top 30% WW, top 35% YW.
-His dam is a beautiful, feminine fronted Coleman Bravo daughter that traces back to a tremendous cow family.

A GRATEFUL HEART IS A BEGINNING OF GREATNESS. IT IS AN EXPRESSION OF HUMILITY. IT IS A FOUNDATION FOR THE DEVELOPMENT OF SUCH VIRTUES AS, PRAYER, FAITH, COURAGE, CONTENTMENT, HAPPINES, LOVE, AND WELL BEING. - JAMES E. FAUST

Yardley Ace in the Hole is a phenotypically flawless spectacle of impressive dimension and balance that moves out with great confidence and finesse on an excellent set of feet and legs. He has a remarkable smooth made front, a soft shoulder, a massive spring of rib, powerful hindquarter and a broad, strong topline. A maternal brother to this bull's sire, Coleman Glacier, just sold for \$275,000 for 1/4 semen interest in Coleman's sale this year.

-Yardley Ace in the Hole is an elite individual that offers equally striking performance from a modest 82# BW to a 1,332# YW. He ranks in the top 20% of the breed for CED, the top 10% for \$EN, and the top 3% for \$M.

-Ace's cow family is loaded with remarkable perfect uddered, productive females. His maternal grandam has played a key role in our donor program. She is also the grandam of our herd sire, Yardley Standout and \$8,500 Yardley Big Shot!

The phenomenal grandam of Ace in the Hole and Yardley Standout

Yardley Standout, out of a maternal sister to the dam of Ace in the Hole.

The impressive sire of Ace in the Hole.

You'll fall in love with lot 76 with this soggy made, stout hipped, long bodied bull with his level tail, exceptional leg set and smooth shoulder lay. He carries the confident finesse of a king; born with a modest 79# BW he took off on performance like a NASCAR driver with a hefty 783# WW and a robust 1348# YW. Those who sell on the grid will appreciate his 4.68 IMF, the SECOND HIGHEST IMF of any Angus in the offering.

-He hails from an impeccable cow family loaded with performance, profitability, and power. Two fancy \$8,000 maternal brothers to lot 76's dam were features in our '15 and '19 sales. Their maternal grandam, U196 was our lead off Angus mature cow in our '14 Focus On The Female Sale.

Lot 77 has brood cow maker written all over him as well he should. He combines many of the finest, most elite herd matrons from several different disciplines of the cattle industry into a moderate made, easy keeping, stylish package. His sire, Coleman Ace 989, is out of a very profitable and productive pathfinder donor, Coleman Donna 439, who has powerful dimension and structure with an exquisite look in a very maternal package. She is also the dam of the lead off bull in Coleman's sale this year, Coleman Glacier.

-Lot 77's dam is a flush daughter of renowned herd sire Primo and W172, our favorite cornerstone daughter and donor of Duff New Edition. She was a flawlessly designed feminine fronted, angular female that produced a \$20,000 sale favorite and another \$16,500 highlight in '14.

An attractive maternal brother to lot 91.

A stylish maternal brother to the dam of lot 92.

A stylish maternal brother to the dam of lot 93.

CAN WE REALLY AFFORD A SOCIETY IN WHICH THE FAMILY, OUR MOST BASIC INSTITUTION, IS FURTHER DIMINISHED? MOST OF US REVOLT AT THE IDEA OF HAVING CHILDREN RAISED BY THE STATE, BUT STEP BY SMALL STEP WE ARE MOVING IN THAT DIRECTION. IF OUR SOCIETY'S SUCCESS DEPENDS ON HAVING CRITICAL MASS OF CITIZENS WITH A SENSE OF FAIR PLAY AND JUSTICE, AND WITH LOVE AND CONCERN FOR OTHERS, WHERE DO CITIZENS USUALLY ACQUIRE THOSE CRUCIAL VIRTUES, IF WE ACQUIRE THEM AT ALL? WE USUALLY ACQUIRE THEM FIRST AND BEST IN THE FAMILY. THE FAMILY GARDEN, AS HAS BEEN SAID, IS STILL THE BEST PLACE TO GROW HAPPY HUMANS. SOCIETY ALREADY PAYS TERRIBLE COSTS FOR THE PRODUCTS OF TRAGICALLY FLAWED FAMILIES, BUT IF OUR NATION FURTHER UNDERMINES THE AVERAGE FAMILY, THE COSTS WILL BE CATASTROPHIC. NEAL A MAXWELL

What a way to start the second set of Simmental bulls! This stylish brock has all the right parts in all the right places, with a fancy front, a strong top, smooth shoulder, and powerful hip. His excellent style and design coupled with his exceptional disposition, ideal hair, and chrome make him an excellent candidate for making breath taking females.

-His gorgeous dam's maternal brother, Red Rock, was our \$9,000 '19 high selling red bull selected by our good friend Don Pogliano of IA.

LOOK AT YOUR DAILY HABITS AND ASK YOURSELF IF THEY ARE CAUSING YOU TO EVOLVE OR REVOLVE. ARE YOU MOVING FORWARD, OR JUST MOVING IN CIRCLES?

- UNKNOWN

A husky maternal brother to the dam of Yardley Contestant.

A heavy-muscled maternal brother to the dam of Yardley Contestant.

Yardley Challenger, the stylish sire of Yardley Contestant.

You've seen this fancy red bull in our ads. He's a big topped, powerfully hipped, strong boned breed piece with a big hoof and excellent structural soundness.

Lot 96's dam is a massive made feminine powerhouse with a proven track record; 12 @107 superior calves. Her son, Yardley Black Gold, recorded our highest YW in '15 and sold for a total valuation of \$16,000 by longtime customer and friend Alan Kunzler of Grouse Creek, UT.

-Our OCC Jet Fleck daughters have left a lasting positive imprint on our herd. They continue to write their own history with several quality daughters and granddaughters in production.

Yardley Black Gold, a performance-packed maternal brother to Hot Shot.

KBHR Sniper, popular sire of Hot Shot.

Lot 97 is a full brother to our impressive young herd sire, Top Gun. Their dam, Y134 is perhaps the most phenotypically flawless donors we have ever raised. She has a perfect phenotype with an ideal udder, abundant milk, fleshing ability, great feet, and a very attractive front. Y134 has a weaning weight ratio of 114 on her 7 calves. She is the dam of \$25,500 Yardley Man O War, selected by Ruel Barker of Provo, UT. She was the dam of five of our top 20 bulls in last year's sale including Yardley Rapid River, a \$10,000 sale day favorite selected by Glenn Fessler of Madras, OR. This is maternal greatness at its finest!

Lot 99 hails from one of our top cow families in terms of phenotype, performance and profitability. His highly productive dam records a stellar 7@106 nursing ratio. As a first calf heifer, lot 99's maternal sister raised our standout herd sire, Yardley Investor. His dam, in turn produced our lead off lot 1 bull as a first calf heifer, Yardley Clear Vision, who sold for 1/2 interest to Bill Carsten of Hotchkiss, CO for \$14,000. Simply put...you are investing in some of the best maternal bloodlines we have to offer.

Yardley Clear Vision, a stunning maternal brother to lot 99.

A massive maternal brother to the dam of lot 100.

Check out the length of body, bone, and substance of this bull. We purchased his dam from the Classic Sale of Griswold Cattle in Stillwater, OK.

DO YOU THINK THAT MERE CHANCE PLACED THE FREEDOM TO WORSHIP ACCORDING TO INDIVIDUAL CONSCIENCE AMONG THE FIRST FREEDOMS SPECIFIED IN THE BILL OF RIGHTS- FREEDOMS THAT ARE DESTINED TO FLOURISH TOGETHER OR PERISH SEPARATELY? THE FOUNDING FATHERS UNDERSTOOD THIS COUNTRY'S SPIRITUAL HERITAGE. THEY FREQUENTLY DECLARED THAT GOD'S HAND WAS UPON THIS NATION, AND THAT HE WAS WORKING THROUGH THEM TO CREATE WHAT CHESTERTON ONCE CALLED "A NATION WITH THE SOUL OF A CHURCH." WHILE THEY WERE INFLUENCED BY HISTORY AND THEIR ACCUMULATED KNOWLEDGE, THE SINGLE MOST INFLUENTIAL REFERENCE SOURCE FOR THEIR WORK ON THE CONSTITUTION WAS THE HOLY BIBLE. -M RUSSELL BALLARD

Lot 114 is a moderate made chunk, loaded with added rib shape and a powerful hip with a 14.68" REA. His power packed maternal grandam was one of my favorite old girls, she averaged an impressive 705# and ratioed 107 on nine offspring; two of her daughters are retained in our herd, two of her calves sold for \$5,000.

Lot 115's dam's big bodied maternal brother.

This blazed faced baldy's maternal grandam and matriarch donor is one of my favorite Angus matrons. She is an easy fleshing female that consistently produces pounds of profit while staying hog fat. She passes down a tremendous amount of thickness and ideal phenotype, averaging an impressive 690# WW and a WR of 103 on seven natural calves, including a \$10,500 bull calf selected by Allen Brothers Cattle in North Powder, OR.

IT IS NO ACCIDENT THAT THE LESSENING, OR LOSS, OF BELIEF IN CERTAIN ABSOLUTE TRUTHS, SUCH AS THE EXISTENCE OF GOD AND THE REALITY OF IMMORTALITY, HAS OCCURRED AT THE SAME TIME THERE HAS BEEN A SHARP GAIN IN THE SIZE AND POWER OF GOVERNMENTS IN MANY PORTIONS OF THE WORLD. ONCE WE REMOVED BELIEF IN GOD FROM THE CENTER OF OUR LIVES, AS THE SOURCE OF TRUTH AND AS A DETERMINER OF JUSTICE, A TREMENDOUS VACUUM IS CREATED INTO WHICH SELFISHNESS SURGES, A CONDITION WHICH GOVERNMENTS DELIGHT IN MANAGING.- NEAL A. MAXWELL

U212, lot 116's dam, has been one of our top producers in terms of longevity, productivity, and profitability with a weaning ratio of 12@103! Her '14 heifer calf, Yardley Bring It, was a \$16,000 feature show heifer selected by Brent White of IA. Her '13 son, Yardley Commitment was our leadoff bull in '14 sale for \$10,000 to our good friend Jimmy Woodman of TX.

**THE PURPOSE OF LIFE IS TO SERVE AND TO SHOW
COMPASSION AND THE WILL TO HELP OTHERS.
ONLY THEN HAVE WE OURSELVES BECOME TRUE
HUMAN BEINGS. - ALBERT SCHWEITZER MD**

Yardley Commitment, '14 lead off maternal brother to lot 116.

Yardley Bring It, fancy \$16,000 maternal sister to lot 116.

WORK IS THE MIRACLE BY WHICH TALENT IS BROUGHT TO THE SURFACE AND DREAMS BECOME REALITY. THERE IS SIMPLY NO SUBSTITUTE UNDER THE HEAVENS FOR PRODUCTIVE LABOR. IT IS THE PROCESS BY WHICH IDLE VISIONS BECOME DYNAMIC ACHIEVEMENTS. - GORDON B. HINCKLEY

YARDLEY SIRE LINEUP

Cattle Company

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. Semen Available on all sires.

THSF LOVER BOY B33

POLLED PB SM BD 10/16/2014 ASA 2983443

DAM: Built Right X 3C Macho by Meyer 734

CALVING EASE SIRE SUPREME. Lover Boy is one of the easiest calving purebred Simmentals in the breed. **Lover Boy sold more semen than any other Simmental bull for Cattle Visions in 2021!** We have had over 200 heifers and cows calve out of him, and we have never had to pull one. They are very stylish and correct and have good growth, performance, and eye appeal. Our cattle have to do a lot of walking so we are very fussy about good feet and legs. There is an epidemic of back curly toes and toeing out on the front legs in both Simmental and Angus. He is the most correct legged bull we saw in Denver. His dam was the Grand Champion Simmental female at the 2009 American Royal Show in Kansas City. You Need To Try Him. Hetero Black Homo Polled.

DAM: SAV Emblynette 0491

SAV Catalyst 6704 is the result of combining the ever popular SAV Resource 1441 and the dam of SAV West River 2066, SAV Emblynette 0491. Catalyst is phenotypically outstanding and complete as you can build one: masculine, loaded with thickness, volume and expressive muscle shape in a perfect-structured package. His gentle disposition, superior feet quality and large scrotal are added features. He earned a 205-day weight of 905 lbs. for a weaning ratio of 105 in a very competitive herd. His dam, SAV Emblynette 0491, is an elite low-birth producer by Final Answer. She balances a birth ratio of 95 with a weaning ratio of 104 on three calves and served in the SAV embryo program along with her dam and 20-year-old Pathfinder granddam. Owned with Genex Cooperative Inc & Schaffs Angus Valley

Grandam of SAV Catalyst and dam of SAV Patron.

YARDLEY GRANDSTAND H358**3/4 SM****BD 02/29/2020****ASA 3785514****SIRE: Yardley Standout E270****DAM: Miss Yardley F132**

Grandstand has been an outlier from a young age. His square hip, long body, massive rib, and depth caught our eye from the beginning. Grandstand continued to impress through weaning and accelerated in the feedlot. His young, first calf heifer dam has a beautiful udder, is thick made, easy fleshing, square over the tailhead, and has an excellent disposition. She goes back to P199, an Angus cow that produced some of our prettiest half-blood Simmental cows. Maternal power runs deep here! Hetero black Homo polled.

**YARDLEY ACCELERATE H380****3/4 SM****BD 03/06/2020****ASA 3785533****SIRE: SFI Achievement F10B****DAM: Miss Yardley E88**

If you want to speed up the growth in your cattle then take a look at Accelerate. He stands on a big hoof and offers a tick more frame to help some of those more moderate cows wean a little bigger calf. His neat-uddered High Regard dam hits a home run every time. She gives plenty of milk and breeds back early every year. Her added dose of femininity, attractive front third, and rib shape are what everybody is looking for in a mother cow. We've been impressed with the calves by Achievement; with the proven cow family behind Accelerate he won't dissappoint. Homo black Hetero polled.

**YARDLEY ATTRIBUTE H293****PB SM****BD 02/16/2020****ASA 3785476****SIRE: SFI Achievement F10B****DAM: Yardley Fina F20**

Attribute is soft made, carries a smooth shoulder, and is super complete from any angle you look at him. His two-year old dam, was our prettiest heifer calf when she was weaned and continues to blossom. She is very feminine, has a beautiful udder, great feet and legs, and holds her flesh all while weaning a big calf. We used Attribute heavy on our heifers and are excited to see his progeny. Hetero black Homo polled.

**YI CHALLENGER F286****ANGUS****BD 2/2/2018****AAA 19317381****SIRE: SAV Catalyst 6704 by SAV Resource 1441****DAM: Miss Yardley D88 by Yardley Royal Jet W251**

If you like depth, thickness, and style, you'll love Challenger. As his dam's first calf he has set the bar extremely high for those that follow. He has a keen head, clean front, with plenty of extension, a very strong topline, with a stout hind leg and rump. Challenger is a very balanced bull standing on excellent feet and a disposition that can't be beat. His young dam has a perfect udder with small teats and plenty of milk. A maternal sister to his dam, Miss Yardley Z69, has entered our donor program and will have several offspring in future sales. We look forward to the impact this young Catalyst son.

SAV 654X RAINMAKER 7133

PB ANGUS **BD 2/23/2017** **AAA 18911172**

SIRE: Coleman Charlo 0256 by OCC Paxton

DAM: SAV Black Cap May 5853 by SAV International

Rainmaker is the complete package: calving-ease, performance, eye appeal, and structurally correct. I was looking for a heifer bull at Schaff's and when I saw him I could see he did a lot of things right. He had a strong top, deep body, square rump with a level tail head, impeccable hoof structure, and an attractive front third. We've been very pleased with his first set of calves and are keeping a son and many daughters for future breeding pieces. He PAPed and impressive 36 as a two-year old, which is important for high altitudes. If you want calving-ease without sacrificing performance, Rainmaker is your guy!

YARDLEY CHARBROIL F260

PB ANGUS **BD 1/14/18** **AAA 19335781**

SIRE: Coleman Charlo

DAM: Miss Yardley D56 by SAV International

Check out Charbroil. He's one beefy dude loaded with power and performance. Charbroil has it all; a clean front and smooth shoulder, with abundant rib shape and dimension. He is perfectly sound and smooth through his hooks, pins, and tail head. From behind he is wide based, filled in across the tail and has massive width extending all the way down through his lower quarter.

His elite first calf heifer dam did an exceptional job. His phenomenal feminine maternal grandam is the picture of perfection with true Angus breed character. Charbroil's sire, Charlo has produced more high dollar offspring in the past couple of years than about any bull in the breed including \$750,000 SAV President and \$450,000 Coleman Bravo.

SAV PATRIOT 0942

PB ANGUS **BD 12/26/2019** **AAA 19851723**

SIRE: SAV President 6847

DAM: SAV Madame Pride 5809

Patriot is an ultra-thick, super stout, heavy-quartered, stock bull with incredible muscle, shape, and fault-free design. He's unique in the fact that he has such a small head and attractive front end with such a massive body. His extraordinary dam is a maternal sister to SAV America, that sold for \$1.51 million, and she serves as a sixth generation SAV headliner donor. She presents a stellar phenotype with ultra-femininity and impeccable udder and feet quality – one of the very best to ever walk SAV pastures. Owned with Allen Brothers Cattle of North Powder, OR and Schaff Angus Valley of St. Anthony, ND.

SIRE: Coleman Charlo 0256

DAM: Miss Yardley E49 X SAV Patron

Check out this meat wagon! He's been a standout and a ranch favorite from day one! He moves out on a powerful hip with exceptional depth of body, width and dimension in an attractive, well balanced package with an ideal leg set, a smooth level tail, and a strong top. His impressive first calf heifer dam did a tremendous job on this her first calf that ratioed 112 weaning with explosive growth from a mere 71# BW to an impressive 837# WW. His maternal line is as good as any on the ranch tracing back to cornerstone herd matrons Miss Yardley S19 and Miss Yardley C72.

WITHOUT THE ASSISTANCE OF THE DIVINE BEING WHO EVER ATTENDED (WASHINGTON), I CANNOT SUCCEED. WITH THAT ASSISTANCE I CANNOT FAIL. TRUSTING IN HIM WHO CAN GO WITH ME, AND REMAIN WITH YOU AND BE EVERYWHERE FOR GOOD, LET US CONFIDENTLY HOPE THAT ALL WILL YET BE WELL. TO HIS CARE COMMENDING YOU, AS I HOPE IN YOUR PRAYERS YOU WILL COMMEND ME, I BID YOU AN AFFECTIONATE FAREWELL" -ABRAHAM LINCOLN

YARDLEY CATTLE COMPANY RECEIVES LEOPOLD CONSERVATION AWARD

Yardley Cattle Company of Beaver was selected as the recipient of the 2021 Utah Leopold Conservation Award®. The Yardley family was presented with \$10,000 and a crystal award at the Utah Farm Bureau Federation's Annual Meeting in Provo.

Given in honor of renowned conservationist Aldo Leopold, the prestigious award recognizes farmers, ranchers and forestland owners who inspire others with their dedication to land, water and wildlife habitat management on private, working land.

In Utah the award is presented annually by Sand County Foundation, American Farmland Trust, Utah Farm Bureau Federation, Western AgCredit and Utah Cattlemen's Association.

"The Yardley family truly demonstrates a commitment to the land in their care. As dedicated conservationists, they understand the importance of preserving and protecting natural resources so they can thrive for generations to come. They are a great example of land owners that have made conservation a way of life, and we congratulate them on this well-deserved recognition," said David Brown, President of Western AgCredit.

"Recipients of this award are real life examples of conservation-minded agriculture," said Kevin McAleese, Sand County Foundation President and Chief Executive Officer. "These hard-working families are essential to our environment, food system and rural economy.

"Earlier this year, Utah landowners were encouraged to apply (or be nominated) for the award. Applications were reviewed by an independent panel of agricultural and conservation leaders. Among the many outstanding Utah landowners nominated for the award were finalists: Lewis Farms of Monticello in San Juan County, and Myrin Ranch of Altamont in Duchesne County.

ABOUT YARDLEY CATTLE COMPANY

"Treat the range like a lady," is just one piece of advice Gilbert Yardley gave his son Steven.

For five generations the Yardleys have embraced a sacred stewardship for the land their livelihood depended on.

Best known for selling high quality beef cattle, the Yardleys know good livestock production begins with conservation practices that benefit the forage upon which their cattle rely.

"If we take care of the range, it will take care of us,"

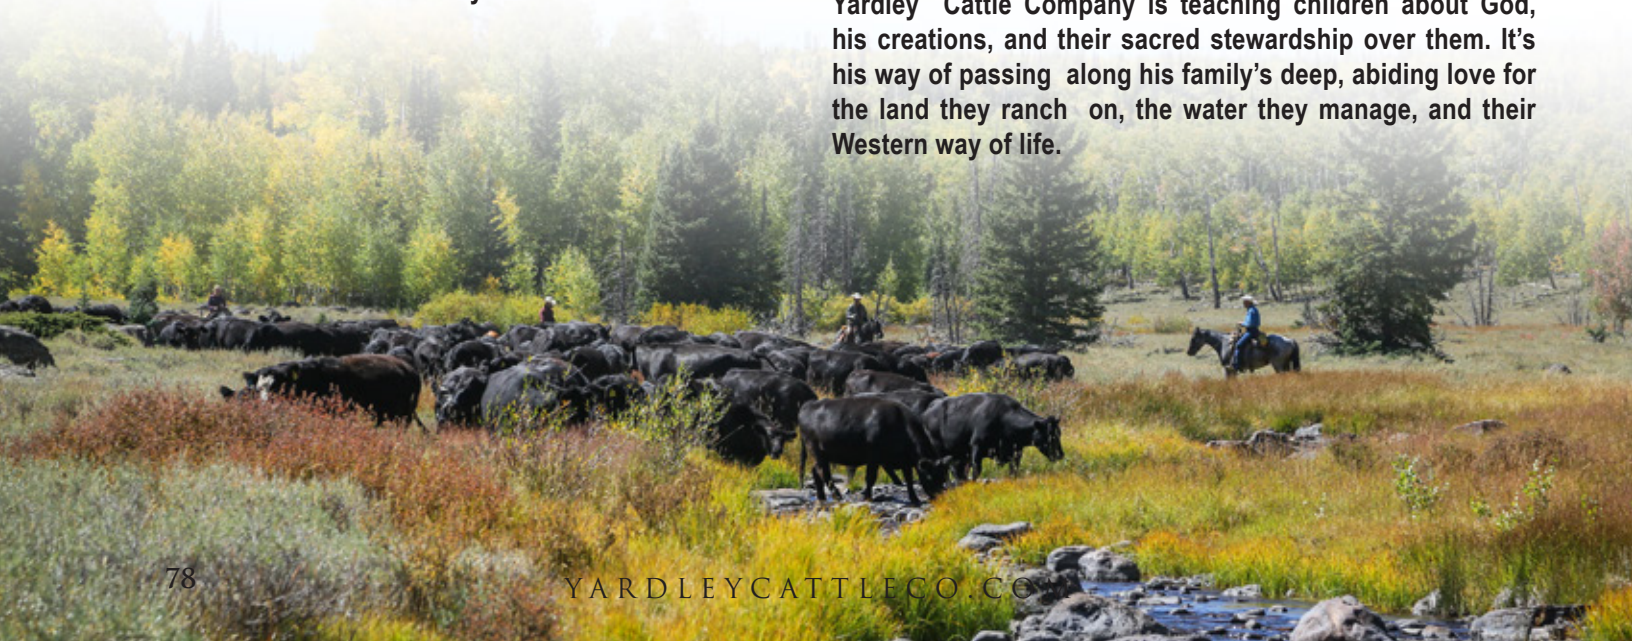

Gilbert said of grasses and shrubs that grow on their fragile desert range. Gilbert, 87, is the patriarch of the family behind the Yardley Cattle Company, which oversees, assists in, and coordinates in the management of more than 60,000 acres of private and rental property, and adjacent federal land. Just as they do on their own land, the Yardleys work to maintain a thriving ecological balance with range conservationists from Utah State Trust lands, the federal Bureau of Land Management, and U.S. Forest Service.

Their holistic and sustainable approach to range management, also applies to raising cattle and customer relations. In addition to a cow-calf operation, they sell high quality purebred Black Angus, Simmental and Maine Anjou cattle from coast to coast.

As a former state FFA officer who now serves as the Western Rangelands Conservation Association's vice president, Steven aims to set a high example of what agricultural conservation and animal husbandry can achieve, despite what agriculture's vocal critics say.

Steven can trace his roots back to when his great-greatgrandfather began raising cattle outside of Beaver in 1856, but he takes the most satisfaction in looking forward.

He thinks the most important work that takes place at Yardley Cattle Company is teaching children about God, his creations, and their sacred stewardship over them. It's his way of passing along his family's deep, abiding love for the land they ranch on, the water they manage, and their Western way of life.

WORTH IT ALL

The cowboy sits quiet on the top of the fence;
Overlooking the landscape, the sage thick and dense.
His mind wonders how the world could change so
When his heart still feels as it did long ago.

He must have been born many years too late.
Was he really destined to this time and fate?
He thinks of the day when men looked you in the eye
with nothing to conceal,
When a man worked an honest day for
his family's meals,
When a man's word meant everything, and you still
talked face to face.
What has become of this great cowboy race?

He looks 'round about him at the beauty God made,
And wipes his brow slowly as a cloud brings a shade.
As the cloud passes quickly, he thinks of his life,
"What have I to show for this toil and strife?"
His eyes and his face are so easy to read.
They ask, "Did I do all I should; fill everyone's needs?"

He sees only the empty spots and sometimes regrets.
They swell in his eyes and tighten his chest.
But those about him see the wonderful joy;
He brings to all who know this cowboy.

He missed seeing the heritage he passed to me,
To be friendly, straight-forward, kind-hearted, and free.
These are the traits that are worth all the strife.
These are the products of his precious life.

As the cowboy climbs from the rail of the fence,
And finally comes out of his deep, thoughtful trance,
I look at him through my mind's eyes,
The distance between us is too many miles.

But the part of his life that he's given me,
Will live on in my heart for all to see.
And when I feel the world is spinning too fast,
I'll stick to my raisin' cause that's what will last.

Thank you, dear cowboy, for giving to me,
A gift of a lifetime,
A heritage so sweet.

This poem was written by Kathy Perkins for her father
and reminded her husband, Jerry Perkins, of our dad,
Gib Yardley. Thank you Jerry and Kathy for sharing this
wonderful poem with us.
