

Cattle Combany

SATURDAY, 19TH OF NOVEMBER 2022 1:00 (MST) at the ranch in beautiful Beaver, Utah

Dear Friends, Fellow Cattlemen, and Valued Customers:

Welcome to our 45th annual "Focus on the Female Sale". The cows and heifers in this offering represent generations of work and dedication to a holistic approach of developing the best genetics possible.

Next year will mark Gib's 90th birthday and Yardley Cattle Company's 50th bull sale! In honor of these two great milestones, we would like to invite you to come celebrate with us! March 10th-11th 2023 here in Beaver Utah, we will be recognizing Gib, his 90 years of life, and his great contributions not only to Yardley Cattle Company, but also to the cattle industry as a whole. Be sure to mark your calendars for a weekend to remember: March 10th, Yardley Cattle Company's Honorary Celebration of Gib Yardley, and March 11th, Yardley Cattle Company's 50th Annual Bull Sale.

Fifty years would not have been possible without the dream, courage, dedication, and determination to make that dream become a reality. With his eye to the future, Gib did just that, as a pioneer in the Simmental and Maine Anjou seedstock industry. He was one of the first to AI, to bring the Simmental and Maine Anjou genetics from Canada to the U.S. and breed, mold, and shape them into the cattle they are today. We are so thankful for his many years of dedication and hard work and for the foundation he has laid for us. We also recognize and appreciate you, our amazing customers, who have believed, and trusted in us and the YI brand. Please know how much we value your business and friendship.

With the progression of time comes the transition of change. Gib continues to play a vital and appreciated role at Yardley Cattle Company, with his years of experience and expertise, assisting in the decisions and business transactions. Steven, with Gib's tutelage and blessing, is serving as President of Yardley Cattle Company. Our goal remains the same: Raise the Best cattle possible, take good care of our customers and friends, and most importantly put God first in our lives. This simple idea has driven our success and will continue to propel us moving forward. YOU and YOUR success continue to be at the heart of what we do.

As we look back over fifty tremendous, and often trying years, our eyes are still faced to the future, and we believe the best is yet to be. There are mountains yet to be climbed, valleys yet to be crossed, streams yet to be forded. There are dreams yet to be dreamed and destinies yet to be realized. Ours is the time at hand to wield the forger's hammer in shaping our dreams and fulfilling our destiny. With God's help, and with his aid, we are promised that, "...we can do all things (1 Phil 4:13)."

We feel very fortunate and blessed for the summer storms we received in the middle and latter part of summer. Things were looking very bleak this spring and early summer with very little snow pack and less than a quarter inch of moisture from mid-April to mid-July. There was a lot of fasting and prayers for moisture and the good Lord answered them. We had a great monsoon season and enough feed to make it through the end of our grazing season. We continue to pray for those areas that are faced with drought and other natural disasters. We are confident in our genetics and their ability to help you succeed. Ranchers and farmers, above all, have a lot of grit, determination, ingenuity, and stickto-itiveness. Never underestimate your ability, nor the amount of good you are and can be in the world.

We ask God to bless you and our great Nation and for His help to produce cattle that will work well for you and your operations. We look forward to seeing you at our Focus on the Female sale November 19, 2022.

Sincerely yours for a better cattle business,

The Yardley Family

SALE DAY BARBECUE

There will be a buyers appreciation BBQ lunch on sale day at 11:00 am at our sale barn. Thanks to the Daren Oberg Family of Genola, UT.

TERMS: No cattle will leave sale yards until full settlement has been made. Payment terms for this sale are cash, or a good check. All returned or non sufficient checks will be immediately turned over to the District Attorney for immediate prosecution. This is a felony and charges will be filed. Settlement is to be made immediately at the conclusion of the sale before animals are loaded. The right of property title shall not pass until checks have cleared. Any other arrangements are to be made prior to the sale.

BIDDING: All animals will sell as single lots to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer, at which time the buyer assumes all risk.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter, and any other announcements.

HEALTH: Every animal in this sale, to the best of our knowledge, is free of any disease and will be eligible for interstate transport. Cows were vaccinated last spring for IBR, P13, BVD, BRSV, Vibrio, 5-way, Lepto and trichomoniasis. The heifer calves have been fully vaccinated and boostered. All cows that have had calves are vaccinated in January with Scour Guard 4 and 8 Way. They just need a booster and the bred heifers should get two shots three weeks apart before they calve. All cattle have had Dectomax, and given OneShot Ultra 8. Calves have had two shots Bova Shield Gold, Somnus, and OneShot Ultra 8.

BREEDING GUARANTEE: All females sold under the conditions "safe with calf" have been pregnancy checked, and sell with no further guarantee. No guarantee is given that bred females will deliver a live calf. All heifer calves are guaranteed breeders. If the heifer failed to breed, we require a statement from the veterinarian who checked her, stating the problem and that the problem was not due to negligence or improper management, which will void the guarantee. This guarantee may be void if: 1- A female is highly obese, has been shown extensively past July 1st and has not steadily been attempted to be bred. 2- If she is flushed at any time in the first year after the date of sale. 3- If she is in poor body condition. These three exemptions do not apply if the female is examined by our vet to have an underdeveloped reproductive tract that would have been present at the time she was sold. Infections or other enlargements do not constitute "undeveloped." 100% of the purchase price less salvage value on heifer calves will be

credited to the next sale. No other expenses incurred in/by the female will be reimbursed to the buyer. In cases where the animal is subject to hormonal or surgical reproduction techniques or damage caused by foreign bodies after the sale, this contract is null and void. The seller is not responsible for sickness not apparent at the time of the sale. It is useless to breed more than two heat cycles, artificially. If they haven't settled artificially then, they must be put with a fertile bull for the summer. In no event will the seller be responsible for more than the purchase price, less salvage value.

AI CERTIFICATE: The purchase of A.I. certificates are the responsibility of the buyer, as well as, the registration of all calves born after sale day.

REGISTRATION CERTIFICATES: Supplied on eligible animals upon request on the sales slip at time of settlement or within 20 days. If registration is requested later, the buyer must pay additional registration fees. Leave the name and address to which you would like the purchase transferred to with the pay clerks.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions. Late in the summer it is necessary to mix breeding groups. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows we cannot guarantee sire parentage unless a parentage identification test is run. IGENITY labs runs this procedure for around \$30.

TRUCKING: All trucking, prices, and trucking fees are the responsibility of the buyer, but we will help make arrangements. Every effort will be made to minimize costs to the buyer. We can only get these bulls delivered to central points.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Yardley Cattle Company assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on rare occasions, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it.

STAY UNTIL THE END OF THE SALE!

ALL BUYERS WILL BE ENTERED INTO A DRAWING FOR CASH PRIZES. MUST BE PRESENT TO WIN! \$300 FIRST \$200 SECOND.

PICTURED COWS!

There are a lot of cows that are not pictured that are just as beautiful and productive as those pictured. We simply ran out of time!

We take great pride in our "clean up" bulls, we call them our herd sires. Many of them come from top herds across the Nation or are hand selected from our bull calves each year. We know their lineage for generations, we know how their mothers milk, what their body condition score is, what type of feet and udder quality they have, and we only use the best. OUR BULLS IN THE PASTURE ARE OF EQUAL OR HIGHER QUALITY AS THOSE IN THE TANK and we take pride in their genetic merit. Don't hesitate to buy a female that is pasture bred!

IT'S THE HARDEST THING TO KEEP IN THE FRONT OF OUR MINDS. WE ALWAYS WANT TO THINK THAT BIGGER IS BETTER, OR WE BUY BULLS BASED ON SPREAD EPD'S OR WE CHOOSE A BULL BECAUSE HE HAS ONE TRAIT THAT REALLY STANDS OUT. WE'VE ALL BEEN GUILTY OF IT, BUT THE REAL KEY IS "BALANCE," THE ONES THAT DO ALL THINGS WELL. I REALLY BELIEVE THAT THIS IS ONE OF THE HARDEST, IF NOT THE HARDEST, HURDLE IN BREEDING CATTLE. Talk about a phenotypically flawless female! H128 has all of the bells and whistles if you like deep bodied, easy keeping, broody made Angus cattle she's sure to fill your bill. Her dam has effectively produced nine offspring. Her sire, Charlo, will go down as one of the Angus breed greats with record selling high priced offspring. If you like Ohlde type cattle with a showy look she's your girl.

JOSUE GARCIA & JOSE GUZMAN

The words thank you do not seem enough when speaking of Josue Garcia and Jose Guzman. They both have been riding for the YI Brand for almost two decades. These men give their whole heart, their all each and every day. This is not just a job to them, you see their pride and their integrity in everything they do. They are true men of honor, men I am proud to call my best friends. Men that I admire and respect. They are men that I hope my sons look to, and learn from, and strive to be like. Our operation would not be the same without the tremendous mark these two men have made.

Angus with this much bone, butt, and style are a rare find! The more you see the more you like! Power, performance and confirmation are coupled with a quiet disposition and an excellent udder in this broody made attractive young female. Her dam is a beautiful, broody made, moderate powerhouse loaded with real world depth and capacity. She hails from an outstanding cow family. Her deep bodied, beautiful, donor dam is the maternal grandam of herd sire Yardley Standout; she records an impressive weaning ratio of 9@104. She is sired by the calving ease king SAV Final Answer.

THE FFA CREED

I BELIEVE IN THE FUTURE OF AGRICULTURE, WITH A FAITH BORN NOT OF WORDS BUT OF DEEDS - ACHIEVEMENTS WON BY THE PRESENT AND PAST GENERATIONS OF AGRICULTURISTS; IN THE PROMISE OF BETTER DAYS THROUGH BETTER WAYS, EVEN AS THE BETTER THINGS WE NOW ENJOY HAVE COME TO US FROM THE STRUGGLES OF FORMER YEARS.

I BELIEVE THAT TO LIVE AND WORK ON A GOOD FARM, OR TO BE ENGAGED IN OTHER AGRICULTURAL PURSUITS, IS PLEASANT AS WELL AS CHALLENGING; FOR I KNOW THE JOYS AND DISCOMFORTS OF AGRICULTURAL LIFE AND HOLD AN INBORN FONDNESS FOR THOSE ASSOCIATIONS WHICH, EVEN IN HOURS OF DISCOURAGEMENT, I CANNOT DENY.

A302, A Stylish Made Maternal Brother to F93, the Dam to H5.

I BELIEVE IN LEADERSHIP FROM OURSELVES AND RESPECT FROM OTHERS. I BELIEVE IN MY OWN ABILITY TO WORK EFFICIENTLY AND THINK CLEARLY. WITH SUCH KNOWLEDGE AND SKILL AS I CAN SECURE, AND IN THE ABILITY OF PROGRESSIVE AGRICULTURISTS TO SERVE OUR OWN AND THE PUBLIC INTEREST IN PRODUCING AND MARKETING THE PRODUCT OF OUR TOIL.

I BELIEVE IN LESS DEPENDENCE ON BEGGING AND MORE POWER IN BARGAINING: IN THE LIFE ABUNDANT AND ENOUGH HONEST WEALTH TO HELP MAKE IT SO-FOR OTHERS AS WELL AS MYSELF; IN LESS NEED FOR CHARITY AND MORE OF IT WHEN NEEDED; IN BEING HAPPY MYSELF AND PLAYING SQUARE WITH THOSE WHOSE HAPPINESS DEPENDS UPON ME.

I BELIEVE THAT AMERICAN AGRICULTURE CAN AND WILL HOLD TRUE TO THE BEST TRADITIONS OF OUR NATIONAL LIFE AND THAT I CAN EXERT AN INFLUENCE IN MY HOME AND COMMUNITY WHICH WILL STAND SOLID FOR MY PART IN THAT INSPIRING TASK

I wish I had a cookie cutter mold for F12! She's the kind of Angus brood cow you'd like to fill a pasture full of. You'll love the fancy front, extreme volume and capacity coupled with the excellent udder, ideal leg set, slick hair, and calm disposition. Her calves have been a treat to raise, whether you breed her Angus, Simmental, or cross her clubby, she has the look and design to work. In this year's bull sale she produced the impressive sale highlight, Yardley Something Special, selected by our good friend Robert Hubbs of WV for \$8,250!

This big bodied, stout ribbed female has an added dose of length and dimension. She sells with an early pregnancy to KR Outlier, a highlight of the 2019 sale at Krebs Ranch and the anchor bull of their Fall Yearling Division Champion pen of bulls.

We flushed H162's impressive dam several times, P199. She is straight from the heart of Tim Ohlde's herd, and as pretty and potent of a female as we have owned. She was extremely big bodied and stout with a beautiful udder and teats. She produced some of our favorite replacement heifers on the ranch. We have flushed two of her impeccable daughters. Her sire Garth is one of the most popular bulls in the Maine breed with semen selling at \$125/straw and several elite daughters that have sold for over \$40,000. H162 has bigger teats.

SIRE: COLEMAN CHARLO 0256 BY OCC PAXTON DAM: SAV BLACK CAP MAY 5853 BY SAV INTERNATIONAL

Rainmaker is the complete package: calving-ease, performance, eye appeal, and structurally correct. I was looking for a heifer bull at Schaff's and when I saw him I could see he did a lot of things right. He had a strong top, deep body, square rump with a level tail head, impeccable hoof structure, and an attractive front third. We've been very pleased with his first set of calves and are keeping a son and many daughters for future breeding pieces. He PAPed and impressive 36 as a two-year old, which is important for high altitudes. If you want calving-ease without sacrificing performance, Rainmaker is your guy!

Sheral Dean Carter 4/20/1935 - 08/03/2022 Dona Inez Carter 06/18/1937 - 04/13/2020

With every passing sale we see some new faces, other faces we see repeatedly year after year. One of the faces that we could count on each year, at each sale, was the face of Dean Carter. This past summer, we lost this dear friend. Dean lived just down the road in Minersville, and has been friends with Gib since they were both just kids. Dean bought his first Grand Champion steer for the Southwest Livestock Show in Cedar City UT from Gib. For years we have shared fence lines on our desert permits with Dean and his children. Dean loved good cattle and horses, he loved his family, especially his sweetheart wife Dona. They were quite the dynamic duo. The two of them worked hard to put together one of Southern Utah's best commercial cattle programs. Their sons Rodney, Larry, Lyle, and daughter Julie are all still active in the agriculture industry. Dean and Dona instilled a deep love and respect for the industry in each of their children and grandchildren. Rodney and his kids have sat on the hay bales next to Dean for as long as we can remember. We asked Rodney to write a little tribute to his parents, as I sit here typing his words, my eyes fill with tears with gratitude, not just for the business they have brought to our family for the past 49 years, but also for the dear friends they are, the wonderful legacy of hard work, determination, and grit this dear couple instilled in their great posterity. To the Dean and Dona Carter posterity, know our love and thoughts are with you during these two hard losses.

DEAN WITH HIS FIRST GRAND CHAMPION CALF AT THE SOUTHWEST LIVESTOCK SHOW. PURCHASED FROM GIB YARDLEY. The following heartfelt words were written by Rodney Carter:

"Together Dean and Dona built a great legacy, raising 4 kids and 58 grandkids. Together they put together ranches in Utah, Nevada, and Arizona. With some of the best commercial cattle around, with the help of good neighbors and friends like Gib Yardley who sold us bulls that changed our herd from average cattle to great cattle. Dean started buying Y1 bulls at Gib's 1st sale and bought in every sale up to date. Dean also loved good horses, both cow and race horses. He enjoyed chasing mustangs with all the guys, but most of all, he loved good cattle, and supporting his grandkids at the stockshows. We are grateful to mom and dad for all their love and hard work."
