

# YARDLEY CATTLE CO.

50TH ANNUAL BULL SALE

SATURDAY  
**MARCH 11TH 2023**  
BEAVER, UT 1PM MDT

# WELCOME

**Dear Friends, Fellow Cattlemen, and Valued Customers:**

**We are excited to welcome you to our 50th anniversary bull sale in conjunction with Gib's 90th Birthday! 50 years is a long time to have put on a bull sale and a major milestone that few have reached in the seedstock industry.** We are so grateful for your dedicated business and friendship that have made this possible. If it were not for the continued support and commitment to our program and our genetics, we would not have made it to where we are today.

Please join us, March 10th, 2023 from 6:00p.m.-9:00p.m. at the Beaver Utah LDS Stake Center located at 1380 East 200 North in Beaver, as we celebrate Gib's 90th birthday, along with 50 years of Yardley Cattle Bull Sales. We will be recognizing Gib, his 90 years of life, his great contributions to Yardley Cattle Co. and the cattle industry, and his marriage to Denise. We will be serving refreshments, having a program and dancing. No gifts are necessary; swing in and say hi or stick around for the entire evening, either way we would love to see you there!

It's pretty remarkable to reflect on the great advancements in technology that have occurred in Gib's life and in the 50 years of selling bulls. From putting up hay with teams of horses to satellite GPS technology in tractors, from driving cattle with horses to the railroad to shipping cattle throughout the US. From a primarily Herford cow herd to being a pioneer in the breed revolution of the 1970's as one of the first men to begin Aling and breeding Simmentals and Maine Anjou's in the US. Gib was recognized last year for his contributions to the Simmental Breed with the coveted Golden Book Award, in Roanoke VA.

Consider this; 1847 was the year the LDS pioneers first entered the Salt Lake Valley, to present that's 176 years, Gib's life has covered over half that amount of time. He's experienced firsthand The Great Depression, World War II, serving in the Korean War, seeing man's first landing on the moon, going from party line telephones to iphones, (he still uses a flip phone), from typewriters to modern day computers (he still uses his typewriter, he says he's too old to learn to use a computer). Throughout all of these experiences, Gib's been here, working cattle, showing cattle, and marketing bulls. We love and appreciate Gib's hard work, dedication, love of family, and love of God. There is a lot of wisdom and experience that he's gleaned throughout his life. This catalog highlights the life and experiences of this great legend.

As we celebrate the accomplishments of the past we look forward, with an eye of faith, to the future; learning from the lessons of history and boldly carrying forward the legacy given to us by our forebearers. Rooted in our heritage we continue to grow with new innovative ideas, technology and progression. We firmly believe that the best is yet to be, and our quest is to do and become better each day. Our loyalty is to you our customers, and our commitment to you is to produce quality cattle and genetics that will improve your herd and increase your profitability. Please let us know if there is anything we can do to assist you in this.

As always Moderate made, easy fleshing, low maintenance, structurally correct cattle built right from the ground up are at the heart of our herd. They have to have good udders, ideal feet and leg structure, track wide, and fill in their step to increase longevity and profitability. Gentle dispositions, good mothering ability, and early breed back are paramount in this equation. We want calves that have moderate birth weights, that will push down the scales in the Fall. You don't have to have extra frame to do this; added dimension through length of body, powerful butt ends, wide tops and added depth with rib shape and bone make for cattle that will thrive on the range and accelerate performance in the feed lot. Ninety years of living, fifty-five years of Aling, and fifty years of bull sales have stacked these bull's pedigrees with cows that meet these goals. This will increase both the consistency and the quality of your calf crop.

This year has already had a lot of trials. This calving season has been one of the coldest and hardest we have had in a while. It seems that God in his infinite wisdom often sends the lessons and blessings we need, not the ones we want. He sends cold winter storms that bring green grass in the spring. He sends strength to overcome our trials, when we pray for them to be removed. He sends a lesson of learning when we pray for divine intervention. God, our loving father gives us, his short-sighted children, the bitter medicine to make us better, and the added burden to strengthen us. I am looking forward to greener grass and warmer days filled with happiness and joy, better appreciated because of the trials we have endured.

The future of the cattle industry holds a lot of hope for the future with the abundant amount of moisture much of the country has been so desperately in need of. With the National herd greatly reduced, because of the drought, the need for rebuilding is real and the potential for increase in calf prices is a reality. Sound, functional, easy fleshing, docile cattle stand to see exponential increases in price in the next few years.

Even more important than the optimistic outlook on the future of the industry because of the weather is the bright outlook because of the wonderful people involved in the cattle industry and their undaunting belief in better things to be and their resilience in times of great difficulty. Thank you for being those people and for your support and friendship. I love the inspired words of Winston Churchill, the great leader of the British empire in the dark days of World War II. "We have not journeyed across the centuries, across the oceans, across the mountains, across the prairies, because we are made of sugar candy." We have made it through a lot and God willing we will continue to persevere and improve.

Sincerely Yours for a better cattle industry,

**- Steven Yardley**

**Gib at the 1988 National Western Stock Show with his Champion Pen of Cattle.**

### **TRANSPORTATION**

Beaver is 200 miles away from Salt Lake City or Las Vegas, NV, on I-15. From Salt Lake, SkyWest Airline commuter (The Delta Connection) serves Cedar City, which is 50 miles South of Beaver. St. George, UT is 100 miles South of Beaver on I 15. It is served by United, Delta, and American Airlines.

### **TRUCKING & DELIVERY**

Please leave detailed information with the pay clerk about your trucking needs and arrangements. We will work with you to help find the best and most efficient means for hauling. We will guarantee to have your animals delivered to a central location within 300 miles of your home anyplace in the United States for no more than \$400/head. This guaranteed delivery price does not apply to cattle that have not been fully paid for within ten days of the sale date. No cattle will leave the ranch until paid for in full

### **ACCOMODATIONS**

Request the Yardley Cattle Company special room rate. Please try to reserve rooms as far in advance as possible to guarantee room rate.

Days Inn, North Interchange	435-438-7800
Butch Cassidy Inn, Downtown	435-438-2438
Quality Inn, South Interchange	435-438-5426
Comfort Inn, South Interchange	435-438-6283

### **RANCH & SALE LOCATION**

Once you arrive in Beaver, continue into town. At the corners of Center and Main Street, continue West on Center Street (HWY 21). Continue 1.5 miles to the Yardley Black Cow/Calf sign, turn right and proceed 2 miles North and West across the field to our sale barn.

UPON Leaving Hwy 21, traveling North on the gravel road, the horses & cattle do not belong to us until you cross the cattle guard just below our sale barn.

### **SALE DAY BARBECUE**

There will be a buyers appreciation BBQ lunch on sale day 12:00 pm at our sale barn. Thanks to the Daren Oberg Family of Genola, UT for putting the BBQ together.

## TERMS & CONDITIONS

**TERMS:** Terms of this sale are cash, or a good check, unless arrangements are made prior to the sale. Settlement to be made immediately at the conclusion of the sale before animals are loaded. The right of property title shall not pass until checks have cleared.

**BIDDING:** All animals will sell as single lots to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

**RISK:** All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

**HEALTH:** Every bull in this sale, to the best of our knowledge, is free of any disease and will be eligible for interstate transport. Bulls were Dectomax treated. They have been vaccinated twice for IBR, P13, BVD, BRSV, 8-way Blackleg, One Shot Pasturella, and Enforce.

**ANNOUNCEMENTS:** Announcements from the auction block will take precedence over any printed matter, and any other announcements.

**TRUCKING:** All trucking is the responsibility of the buyer, but we will help make arrangements. Every effort will be made to minimize costs to the buyer. We can only get these bulls delivered to central points. All cattle must be paid for in full before leaving the ranch.

**GUARANTEE:** Every bull has been tested for Tric and semen evaluated by a licensed veterinarian. We will guarantee the bulls selling in this sale to be fertile at the time of sale. Several of the bulls in this sale are of "Herd Sire" quality. If the buyer chooses to have semen collected on a bull, Yardley Cattle Company can not guarantee that the semen will freeze. KEEPING BULLS TILL MAY 15TH: We can do this but encourage you to insure them as the risk is the responsibility of the

buyer. \$3.00 per head per day will be charged until the bulls are picked up.

**LIABILITIES:** Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Yardley Cattle Company assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it.

**REGISTRATIONS:** REGISTRATION PAPERS WILL ONLY BE FURNISHED IF REQUESTED AT THE TIME OF SETTLEMENT AT THE CONCLUSION OF THE SALE OR WITHIN 3 WEEKS. If requested later, buyer must pay additional registration fees. Leave the name and address to which you would like your bulls transferred on your sale slip when you settle up. Please print so that it is legible.

**CONTRACT:** The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions. Late in the summer it is necessary to mix breeding groups. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows we cannot guarantee sire parentage unless a parentage identification test is ran. IGENITY labs runs this procedure for around \$30. When you get your bulls home put them with another bull or cow and don't leave them alone in a corral. This makes them wild.

Due to the size of the offering it is impossible to picture every bull. There are many quality bulls that may not be pictured that will fit your program. Feel free to call us prior to the sale, we are happy to help you select a bull to that fits your program best!

Gib: 435-691-8688 - Steven: 435-310-1725

### BIDDING:

All potential buyers MUST have a registured buyer number at the time of sale, or their bid is invaild.

### PRE-SALE REGISTRATION FOR ATTENDING BIDDERS AND ABSENTEE BIDDERS

If you would like to register as an absentee bidder please call Leslie at 435-310-1723. You may be required to list your banks telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via invoiced ACH, check, cash, or wire transfered on Monday, March 13th prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation.

### WORK WITH ONE OF US TO FILL YOUR ORDER

If you are unable to attend the sale in person, or via DVAuction, please contact us, as we would be happy to accommodate you to the best of our ability. All bids are handled with strict confidentiality.

### BIDDING VIA DVAUCTION.COM

Bidding online via DVAuction is fast and easy. If you do not have an account, please visit DVAuction.com. You can create an account, log on to watch and bid on sale day. (We encourage you to set up your account before sale day and log on with plenty of time before the actual sale begins).

## VIEW THE AUCTION LIVE

Bid online...you're ringside from the comfort of home!

### DVAUCTION.COM

Register to bid today!

Visit DVAuction.com If you are a first time user click on create account. After you create an account, you can request buying or bidding credentials. Upon approval you will receive a text from us saying that you have been approved by DVAuction.com. After you have been approved, getting a buyer number for a sale is very simple. You just visit the sale page for the auction and click the BID ONLINE button. Then there will be a GET BUYER NUMBER button that will automatically sign you in for the auction and give you a number. For more information contact DVAuction at 402-316-5460

## THESE BULLS WILL SELL IN EVERYONES PRICE RANGE.

We cull bulls from branding up until the sale for structural soundness, quality, breeding soundness, and temperament. Not every bull is destined to sire calves. AS SEEDSTOCK PRODUCERS WE TAKE THE RESPONSIBILITY TO MARKET QUALITY BULLS SERIOUS. We realize that your success depends upon our breeding program and we strive to have quality from the first lot sold to the last bull to walk through the sale ring. In our sale last year 66 head sold for \$4,000 or less, 59 head sold for \$3,500 or less, 37 sold for \$3,250 or less, 21 sold for \$3,000 or less, 15 sold for \$2,750 or less, and 8 sold for \$2,500.

### FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$3,500 or more will be covered 50% by Yardley Cattle Company if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. 50% of the value of the injured bull will be given as credit in a future sale or toward a replacement bull if one is available. ALL INJURED BULLS MUST BE DIAGNOSED BY A VETERINARIAN AND WE MUST RECEIVE THIS AND A LETTER FROM YOU IN WRITING. Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage. If at all possible we would like the injured bull to be returned to us. ALL CLAIMS MUST BE MADE BY OCTOBER 1st. We will not replace a dead animal for any reason.

### RETAINING 1/3 SEMEN INTEREST ON ALL BULLS!

SEMEN INTEREST: We are retaining at least 1/3 semen interest in all bulls selling. The new owners of the bulls will have full possession and all salvage value. If semen is sold we retain one-third of all revenue. There will never be more than 2 or 3 bulls a year that we will want to collect.

### YARDLEY CATTLE CO INCENTIVE PROGRAM (YIP)

Yardley Cattle Company has spent generations working to bring you some of the best genetics in the country. It is our greatest desire that our hard work pays off for you and your operation. To qualify for Yardley Cattle Co's Incentive Program (YIP) the individual or ranch must meet the following criteria:

- Bulls individual purchase price must meet or exceed \$3,500.00 per bull. For example, buying 3 bulls above \$3,500.00 per bull and you will receive a 3% discount. If you buy 4 bulls and 3 are above \$3,500 per bull, but the 4th bull is purchased at \$3,000, you will receive a 3% discount, whereas the 4th bull would not qualify for a discount.
- All purchases must go to the same individual or ranch. Bulls cannot be lumped together between neighbors or friends.
- At any time Yardley Cattle Co believes that the YIP is being abused by any individual or ranch, the YIP will no longer apply to that individual(s) or ranch(es).

**3 Bulls - 3%**

**4 Bulls - 4%**

**5 Bulls - 5%**

**6 Bulls - 6%**

**7 Bulls - 7%**

**8 Bulls - 8%**

**9 Bulls - 9%**

**10 Bulls Plus - 10% Discount**

### PLEASE BRAND YOUR CATTLE WHEN YOU GET HOME!

Our bulls are not pampered and are not overly fat. They are developed on high roughage rations for comparison only and not for maximum gain. You will not be paying for over fleshing that will melt away as the breeding season progresses. By not force feeding these bulls, you can be assured they will be sound, athletic, and ready to service cows. They are grown in big lots where they get lots of exercise, so they can take the toughest ranges. These bulls are grown mostly on hay with a 50/50 alfalfa grass mix with less than 1% of their body weight in grain.

We have always concentrated on producing a functional, balanced, all purpose beef animal. One that is thick and moderate framed, not too big or too small, and that has a natural fleshing ability. If a cow has feed, we expect her to stay fat while raising a 700 lb. calf without creep. We believe in a balance between performance, eye appeal, and maternal traits. Above all, we have eliminated the problem cattle. To achieve balance, ranchers need cattle that are not necessarily the tops in all traits, but they can't be weak in one single trait.

## THE FACTS ABOUT THE PAP TEST

Brisket Disease of cattle is the result of right congestive heart failure, but is brought on specifically by effects of the lower oxygen pressures present when cattle are kept at high altitudes above 7,000 feet in elevation. The test is a measure of the pulmonary artery pressure (PAP). We have been testing our bulls for quite a few years. Most of our Simmentals summer from 9,000 - 10,000 feet elevation and we have very very few of them ever affected by brisket disease since they originated

**IF YOU RUN BELOW 7,000 FEET ELEVATION, PAP SCORES SHOULD NOT BE CONSIDERED WHEN SELECTING BULLS.**

in the alps of Switzerland and were bred for higher elevation. Dr. Tim Holt of Colorado State University is the countries greatest authority on this disease and has tested many thousands of cattle. Our bulls are tested in Beaver at 6,000ft. elevation. A pap score under 44 is low risk, 45-49 is moderate risk, and above 50 is high risk for cattle running above 7,000 feet of elevation. If you run under 7,000 feet elevation, PAP tests do not generally need to be taken into consideration.

We appreciate the dedication, long hours, talented work, and attention to detail, as well as the friendship of Jose Guzman and Josue Garcia. They are two of the finest men you will ever meet.

## WHY USE YARDLEY BULLS

- The feeders pay a premium for calves sired by our bulls because they are the best gainers and they have the look, eye appeal and uniform phenotype.
- Their daughters will be productive, structurally sound cows.
- Their calves will weigh 25 to 100 lbs more at weaning.
- These bulls are wintered in big lots on half grass/alfalfa and only 1% grain.
- They are born unassisted on the range and walk 25 miles to and from the summer range that goes to 10,200 ft. elevation, so they have to be structurally correct
- Our bulls are raised and developed at high altitudes and are PAP tested as a selection tool for those who run in higher elevations.
- We never creep feed our cattle, their birth to weaning growth is based solely on their ability to perform on their mothers.
- Our cows winter on desert range without hay. They have natural fleshing ability to stay fat on grass and take care of themselves.
- All bulls are performance tested and backed by our first year breeding guarantee.
- They have proven themselves to adapt to all environments and have sold into 32 states, Canada and Mexico.
- Simmental and Simmental crosses are some of the most sought after cattle by order buyers, feedlots and for replacement females.
- Yardley Bulls are bred with the commercial cattlemen in mind.
- These are not ordinary cattle. They have more thickness, depth, muscling, fleshing ability, performance, and structural correctness in moderate sized packages.
- Cross breeding pays. Hybrid vigor increases the performance and longevity of your cow herd.
- You don't have to baby and pamper them.
- This is our livelihood. We work hard to ensure these cattle will do their best to increase the production of your herd.
- Your success is our success.

Expected Progeny Difference (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an "I", and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

Calving Ease Direct (CE), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Maternal Milk EPD (MK), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

H/P/S: Horned (H), Polled (P), Scurred (S)

WDA: Weight per Day of Age= ((Weight-Birth Weight)/Age in Days)

TG: Test Gain=((Weight-Weaning Weight)/Days on Feed)

Rib Fat: inches of fat over the Rib Eye muscle

REA: Rib Eye Area measured in inches and adjusted to Yearling Age.

%IMF: % Intermuscular Fat in the rib eye muscle

DWR: Dam's Weaning Ratio on her number of calves and how those calves weaned compared to the average during those years.

-Example: 5@110; bull's dam has had five calves that have weaned at 110% of the average.

## The Key to the Puzzle = Balance

It's the hardest thing to keep in the front of our minds. We always want to think that bigger is better, or we buy bulls based on spread EPD's or we choose a bull because he has one trait that really stands out. We've all been guilty of it, but the real key is "balance," the ones that do all things well. I really believe that this is one of the hardest, if not the hardest, hurdle in breeding cattle. If we can stay focused on this, it will make us more profitable and better cattle breeders.

## SUPERIOR LIVESTOCK AUCTION

Many of our customers like to sell their calves in Superior Sales. We have a "logo" that Superior puts on when the calves being sold are out of our bulls. The feeders pay a premium for calves out of our bulls because they know of the superior performance. This with eye appeal, structural correctness and exceptional carcass traits are coupled with docility and hybrid vigor. We have spent our lives breeding these cattle to perform and bring this premium. We pay Superior \$25/load to put our logo on the screen when our loyal customers' cattle come in. We are happy to do

this to assist you in getting top dollar for your calves. People who buy your calves will get a top return on their investment through our top quality genetics and be greatly satisfied with their purchase. In order to ensure this, we request that a minimum of 60% OF YOUR CALVES ARE OUT OF OUR BULLS/LOAD ADVERTIZED. This protects our quality reputation and ensures that whoever buys the calves are getting the advertised genetics. Please note that Superior will call us prior to placing our logo on any load selling to confirm that this is the case.

# **GIB YARDLEY**

## **LEGACY OF A LIFETIME**

Gib and Denise Yardley

Gib out working cattle in the barn.

Gib on "Lassie" a horse he loved.

Gib with a hereford steer 1950.

Gib and his sister with a Reserve Champion fat steer at the Utah State Junior Livestock Show, 1952.

Gib, with his Southern Utah Livestock Show Grand Champion Steer in 1951.

**Gilbert T. Yardley was born March 15, 1933 to Melba and Wallace Yardley of Beaver.** Gib is the oldest child and only son to be born to them. Gib was blessed to have 5 wonderful sisters: Jolene, Nina, Silvia, Blanch, and Jeannie.

The first 47 years of Gibbs life, he had his eyes set on one thing... good cattle. His parents and sisters were supportive of him and his passion. When Wallace decided to turn the ranch reigns over to Gib, Gib decided to switch gears, as they were mostly a Hereford operation. Gib has a natural eye for good cattle and horses; he had a vision and was not afraid to work hard to accomplish that vision. He spent most of his time chasing his dreams and traveling the nation in search of good cattle, and exhibiting the genetics he was creating.

One fateful late winter day Gib was working with a newborn calf; who's mother was overly aggressive. She knocked him down and nearly killed him. That event changed the path of Gib's focus just a bit. "That heifer just about

scalped him and just about took his ear off". According to the ER nurse, Marilyn Anderson, who also said "That heifer finally knocked some good sense into Gib, and he asked Denise to marry him." It was right there in the ICU he asked Denise to be his wife. In April 1981, Gib and Denise were married in the St George LDS temple.

Denise was raised in Coalville UT by her lovely parents Wendell and Donna Evans. They both grew up near Mountain Home in the Uintah Basin. Donna was raised on a ranch out there, and was swept away by her high school sweetheart Wendell. Wendell spent his career teaching school, and influenced many lives.

When Gib and Denise were first married, they moved into a home down in the west fields of Beaver, while they built their current home. Gib designed and was the general contractor for that home. They moved in spring of 1983, and it was in that home that Gib and Denise raised their children: Michelle, Julie, Jeannie, Steven, Lori Ann, Emily, Tawnya, Angela.

Gib and Denise out in the old Y1 barn with some heifers and new calves.

Gib and his nephew, with a set of feeder steers in Bakersfield CA 1980.

Gib and Denise at their wedding in 1981.

The saying "behind every successful man is a woman" holds true for Gib. Denise has demonstrated 42 years of love and dedication to Gib and to his dreams for Yardley Cattle Co. She has been a wonderful homemaker; early mornings and late nights. Countless lunches to be packed into saddle bags, scouring their bathtub after chilled calves have taken it over, fixing food for the crew working cattle, an extra set of eyes to proofread the sale catalogs, a road trip driver, and so much more.

Yardley Cattle Co would not be what it is today without

the efforts of both Gib and Denise. Through their efforts and support, Yardley Cattle Co has one of the country's finest herds of registered Simmental, Angus, and Maine Anjou cattle. Gib has won countless shows and countless awards. It has been 50+ years of dedication to build one of America's finest cattle herds and seedstock operations. So as we celebrate Gib's 90th birthday and Yardley Cattle Co's 50th bull sale, we also pay respect and tribute to both Gib and Denise and their united efforts to raise a family and to make Yardley Cattle Co what it is today!

Gib with Jeannie and Steven.

Gib and his lifelong friend, Alma Evans. Alma trucked cattle for us until he was 91 years old. Asay Creek apx 2010.

The Gib and Denise Yardley Family 2021.

What a way to start the sale! Yardley Yukon Gold is loaded with sheer volume, rib shape and dimension as any bull to walk the grounds of Yardley Cattle Company. He strides out, bold as the Alaskan frontier, with a massive hip, and an excellent set of feet and legs. His hefty performance package sets him apart as a genetic treasure with an impressive 789# WW and a scale-crunching 1,361# YW. His tremendous dam has averaged an astounding 737# WW on five calves, including Yardley Stand True, a feature of last year's bull sale. Her maternal sister, Yardley Sapphire, was a featured \$6,500 show heifer selected by our friend Craig Pollington of MI.

**WEANING WEIGHTS ARE ADJUSTED TO 205 DAYS OF AGE,  
YEARLING WEIGHTS AND SCAN DATA ARE ALL ADJUSTED  
TO 365 days of AGE UNLESS\*  
ALL WEIGHTS AND THEIR ADJUSTMENTS ARE BASED OFF  
OF CATTLEMAX AND MAY VARY SLIGHTLY FROM THE  
ASSOCIATION WEIGHTS.**

Yardly D33, the stylish dam of K459.

Y1 Hilight, the powerful sire of K459.

Yardley Stand True J433, a powerful maternal brother of K459.

K282 is the cattleman's kind, loaded from head to tail with mass, volume, and red meat; with his exceptional length of body, width, and depth he's sure to sire calves that will pack down the scale. He combines a modest birthweight with a hefty 700# WW and an even more impressive 1,324# YW. K282's maternal line traces back to cornerstone donor, W172 who played a pivotal role producing quality, sale topping genetics. Her two, featured daughters were high selling leadoff breds at \$20,000 and \$16,500. K282's grand dam, A227 produced the highlight and high selling \$24,000 heifer in our '16 offering, Yardley Doll Face, selected by Greg Kroupa of SD. K282 sells with genetic backing at its finest!

\$9750 maternal brother to dam of K282.

Tremendous maternal brother to the dam of K282.

K282

\$7500 maternal brother to K347.

GCC Shocker, the exceptional sire of K347.

K347 is a powerfully made, phenotypic phenomenon that combines powerful performance packaging, with a super complete stylish package. You'll love this deep bodied, stout hipped, smooth shouldered character. He also has very impressive carcass data with a 15" REA and 4% IMF. His impressive maternal brother was selected by our good friend and neighbor Lyle Carter of Minersville UT for \$7,500 in '21. Some of the very best cattle we have raised are sired by Shocker, we love them, they are true blue, the right kind all day long. You will be hard pressed to find a 3/4 blood bull with a strong hip, overall sound, massive size, all while keeping such a loose structure. He has ample bone and comes down on a big solid foot with all four feet pointing the right way and tracking the way they should.

Longevity is key to profitability; K265's maternal grandam effectively produced and weaned twelve calves that averaged a notable 694#, including a handsome \$6,250 son selected by Kyle Tanner of Grouse Creek UT!

Maternal brother of K265's dam.

The productive maternal grandam of K265.

K333

THSF Loverboy, legendary sire of K333.

Too often we sacrifice quality for a lighter birthweight in our search for a good heifer bull. If you're searching for a top end heifer bull that will produce mouthwatering offspring that you'll want more of in the replacement pen then check out Yardley Handiwork. He blends together a smooth shoulder, clean front, extra depth and dimension with a strong top and powerful hip. All on an ideal set of feet and legs. Out of a first calf heifer we are excited to see what his beautifully designed dam will do in the future.

If you're on the prowl for a fancy baldy bull with cow power backing him and a proven performance record then check out K462. He carries himself in confidence with an excellent set of feet and legs, perfect top line and an abundant amount of muscling. His performance packed young dam has a 2@111 weaning ratio and has averaged 740# at weaning!

Stylish brother to K462's dam.

Y1 Grandstand, square hipped sire of K462.

K462

Handsome brother to K324's dam.

Beautifully made sister to K324's dam.

For those who believe redder is better K324 is one on the best built bulls around! He is a moderate made, deep bodied dude that combines a strong top with an abundant amount of length and depth and strides out with the confidence of a king. His maternal grandam produced a fancy \$9,000 feature bred heifer selected by Cory Rains of NE in '15 and a masculine son selected by the renowned Jauer Angus Ranch of Hinton IA

We preach the need for strong cow families at Yardley Cattle Co. They are the basis of a quality calf crop and the foundation of future generations. They are the profit producing factories of a cow/calf program and the glue that holds multiple generations and genetics together. K319 hails from a great one. His dam has a nursing ratio of 4@103 including a \$7,500 son selected by our good friend Lanny Putnam of Randolph UT and a \$9,200 lead off son selected by our good friend Bob Hubbs of West Virginia. His dam's maternal sister was an \$11,000 feature of our '12 sale selected by Mike Mckay of Othello WA.

\$9,200 maternal brother to K319.

K380 is a tremendous specimen with extensive depth, and dimension. He strides out with confidence on an excellent set of feet and legs powered by a massive hip. He's sure to add fleshing ability and great maternal backing to a set of females. With a mere 78# BW he should work excellent on a set of heifers. His profitable dam has averaged 717# on three calves including a \$7,000 featured bull in last year's sale selected by Navarro Cattle of Montrose CO.

\$7,000 maternal brother to K380.

Klassy, maternal sister to the dam of K275.

Impressive maternal brother to K275's dam.

K400 is a square made, well-built bull with an exceptional hind quarter, wide top, and expressive lower quarter in a moderate, balanced package. His sire S.A.M.'s semen is selling for \$450/straw and his offspring are topping sales across the country. K400's powerhouse donor dam is big and broody bodied and one of our most productive herd matrons, both in terms of performance and profitability. Her impressive calves include a \$7,250 son in '15 to Robert John of Portage, UT and a \$10,000 son in '16 to Steven Tew of Talmage, UT.

*It is not the critic who counts: not the man who points out how the strong man stumbles or where the doer of deeds could have done better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood, who strives valiantly, who errs and comes up short again and again, because there is no effort without error or shortcoming, but who knows the great enthusiasms, the great devotions, who spends himself in a worthy cause; who, at the best, knows, in the end, the triumph of high achievement, and who, at the worst, if he fails, at least he fails while daring greatly, so that his place shall never be with those cold and timid souls who knew neither victory nor defeat. —Theodore Roosevelt*

If you're looking for a terminal sire to add pounds of profit then check out the impressive data backing K342! His scale smashing days began with a 729# WW and carried over into his YW of 1,316#. His easy keeping maternal brother sold for \$7,500 to our good friend Chris Davis of Downey ID in last year's sale.

Stout maternal brother to K342.

King of Diamonds, the outstanding sire of K368.

Yardley Athlete packs an unsurpassed performance punch in our Angus offering; he boasts a mere 79# BW and a 1,295# YW! He is a phenotypically complete standout that is built right from the ground up. Awesome feet and legs, smooth joints, a beautiful front end, powerful hip, a large spacious body and an extremely soft made functional look throughout. He's sure to throw an impressive set of heavy weaning calves and mouthwatering females! His maternal grandam has an impeccable average ww of 713# with a nursing ratio of 4@112. Her dam is S19 our most profitable and productive cornerstone Angus donor!

**WEANING WEIGHTS ARE ADJUSTED TO 205 DAYS OF AGE, YEARLING WEIGHTS AND SCAN DATA ARE ALL ADJUSTED TO 365 days of AGE UNLESS\***  
**ALL WEIGHTS AND THEIR ADJUSTMENTS ARE BASED OFF OF CATTLEMAX AND MAY VARY SLIGHTLY FROM THE ASSOCIATION WEIGHTS.**

Y1 Challenger, the strong topped, deep bodied, sire of Athlete and Competitor.

Miss Yardley S19, maternal great grandam of Athlete.

Yardley Category stands out in a class of his own. Our Angus cattle are perhaps our best kept secret at Yardley Cattle Company. The same strict and rigorous standards of excellence have been followed in the breeding and selection of our purebred Angus as we have followed in our Simmental cattle. Yardley Category, represents a life time of work in producing a product that excels in all areas of importance in economic, phenotypic, and genomic traits. Category's dam is a classy, SAV Brilliance daughter that raised a \$5,000 and a \$6,000 bull calf and had an \$8,250 maternal brother selected by longtime customer Mike Larson of Manti UT.

Tremendous brother to Category.

Maternal brother to Category.

K418's maternal line traces back to our strong foundational Angus herd matron C72. She has probably had more impact on our Angus herd than any other single cow. Several of our Angus donors trace back to this stellar individual. U92, a beautiful Duff New Edition daughter is the maternal grandam of K418. She has also produced a \$9,000 son selected by Mac Tookey of MT and a \$5,900 featured fancy show heifer, selected by our good friends Rusty and Daniel Aiken.

Eye catching maternal grandam of K418.

Y1 Commitment, \$9,750 maternal brother to K477.

If you're on the prowl for a baldy bull to make a bunch of moderate made, beautifully designed, front pasture, mouthwatering females then check out Yardley Grand Design. He's a smooth made stylish stud loaded with lots of depth and spring of rib. His maternal line traces back to donor herd matron P199. She came straight from the heart of the OCC herd in KS and was the picture of an ideal mother cow; perfect uddered, beautiful fronted, easy keeping, moderate made matron. Many of her impressive daughters are still in active production.

Yardley Law and Order is one of the most stylish, smooth made individuals in our offering with exceptional balance and prowess on the move. He's wide behind and over the top with a nice shoulder lay and balances solid growth with great fleshing ability. We preach cow families because we know they are the key to consistent quality in the offspring of your purchased herd sire. A26 was a deep bodied beautiful herd matron that produced a \$6,500 stud as a first calf heifer chosen by Kraig Sweat of Heber UT.

***Men and women who turn their lives over to God will discover that he can make a lot more out of their lives than they can. He can deepen their joys, expand their vision, quicken their minds, strengthen their muscles, lift their spirits, multiply their blessings, increase their opportunities, comfort their souls, and pour out peace.***

**-Ezra Taft Benson**

Y1 Lawman, the long bodied, masculine, sire of Law and Order.

Maternal brother to Law and Order's dam.

K423

Fancy maternal brother of K423.

Y1 Top Gun, the \$11,750 brother of K423.

You'll love the depth of body and spring of rib this moderate made easy keeping bull possesses. His maternal great grandam was the only red cow we have ever flushed. She averaged a whopping 685# WW on eleven head, including \$14,000 Yardley Excellence our high selling red bull of our '21 sale selected by our good friend Bill Carsten of Hotchkiss CO.

Quality produces quality and longevity. U114 was a blaze faced beauty that produced Yardley Black Licorice a \$7,500 standout feature heifer that went on to win the Oregon State Fair selected by Traymahn Ranches of Oregon. Her dam, F44 was a profitable matron who produced sixteen stylish calves. F44's dam was a grand ole' gal that produced 14 fabulous calves.

K449's maternal grandam is very feminine fronted, deep bodied, easy fleshing and ideally uddered. She is the best High Regard daughter we have had to date and the dam of Yardley Standout. She entered the donor pen at an early age to join her beautifully designed dam, Y22, a superb SAV Final Answer daughter, who has been super productive. Consistency is coming from both sides of the pedigree here.

Yardley Foreman J374 combines two of the most elite individuals on record at Yardley Cattle Company. 2016 NWSS Simmental Supreme Champion Bull, Lover Boy, and 199X. One of our most proven and profitable donor dams. Her resume includes some of the best genetics Yardley Cattle Company has produced, including herd sire Yardley North Force, \$25,000 '21 high seller, Yardley Bank Vault, and impeccable sale feature and show heifer \$16,500 Yardley Blitz, selected by Brent White of IA. Other high selling offspring include our '17 high seller, \$14,000, Yardley Highway selected by Pete Mori of NV, '19 \$12,500 Yardley Top Mark, selected by world renowned Wheatland Cattle Company of Saskatchewan Canada.

***I believe I am always divinely guided. I believe I will always take the right road. I believe God will make a way where there is no way.***  
**-Commander William Robert Anderson**

GCC Steel Force 199X. The outstanding dam to K374

Yardley Blitz B83, \$16,500 maternal sister to Foreman.

Yardley H332, \$25,000 maternal brother to Foreman.

NMR Maternal Made,  
the fancy sire of K448.

\$7,500 maternal brother  
of K448.

K448's dam was my dad's pick of her calf crop; her dam and maternal grand dam have both played integral parts in our donor program in striving to move our Maine Anjou genetics to the next level. He is out cross genetics and the cumulative result of a lifetime spent striving to raise the best Maine Anjous in America. His maternal brother was our '17 high selling Maine, \$7,500 Yardley Specialty selected by the Fulmers of Mansfield OH.

Yardley Shure Somethin' combines two elite individuals within the Simmental breed. His sire, Something About Mary has garnished as much attention on the National Stage as any Simmental bull in recent years. His dam is possibly the most perfect Top Notch daughter to date out of a tremendous donor quality female. She did an awesome job with Beau, her first calf who had an impressive 707# WW and was our '21 high seller for \$25,000 to Skogen Livestock.

**WEANING WEIGHTS ARE ADJUSTED TO 205 DAYS OF AGE, YEARLING WEIGHTS AND SCAN DATA ARE ALL ADJUSTED TO 365 days of AGE UNLESS\***  
**ALL WEIGHTS AND THEIR ADJUSTMENTS ARE BASED OFF OF CATTLEMAX AND MAY VARY SLIGHTLY FROM THE ASSOCIATION WEIGHTS.**

\$15,500 brother to K427.

Picture perfect grandam of K427.

Something About Mary, the complete and prolific sire to K427.

Powerful sire of K490.

Stylish brother to K490.

Husky maternal brother to the dam of K465.

Strong topped maternal brother to K465.

Maternal grandam of K505.

\$16,000 maternal sister to K505's dam.

K505's elite maternal grandam, A227 was a proven producer of quality calves with a notable weaning ratio of 5@103! This includes the highlight and high selling \$24,000 heifer of our '16 offering, Yardley Doll Face selected by Greg Kroupa of SD. She sells with a full-sib mating by super stud, HOC Broker, to this phenomenal female. A227's cornerstone donor dam played a pivotal role at our ranch in producing quality, sale topping genetics. Her two, featured daughters were high selling leadoff breds at \$20,000 and \$16,500, both maternal sisters to A227! In '15 another crowd favorite was selected by Ronnie Smith of Denton, TX for \$7,500!

# YARDLEY

## CATTLE CO.

### SIRE LINEUP

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. Semen Available on most sires.

#### THSF LOVER BOY B33

**POLLED PB SM BD 10/16/2014 ASA 2983443**

**SIRE: HTP/SVF DURACELL T52 BY DREAM ON**

**DAM: BUILT RIGHT X 3C MACHO BY MEYER 734**

CALVING EASE SIRE SUPREME. 2016 NWSS Supreme Champion Simmental Bull. He is the number one Simmental bull in semen sales for Cattle Visions in 2021. His calves are very stylish and correct and have good growth, performance, and eye appeal. Our cattle have to do a lot of walking so we are very fussy about good feet and legs. He is the most correct legged bull we saw in Denver. His dam was the Grand Champion Simmental female at the 2009 American Royal Show in Kansas City. Many of the bred cows and heifers in this sale carry his service. You Need To Try Him. Hetero Black Homo Polled. Owned by Gib and Denise Yardley and Griswold Cattle CO.

#### YARDLEY STANDOUT E270

**3/4 SM 1/4 AN BD 2/8/2017 ASA 3308871**

**SIRE: THSF LOVER BOY B33 BY HTP/SVF DURACELL**

**DAM: MISS YARDLEY C136 BY YARDLEY HIGH REGARD**

Standout's name says it all. Since he was a calf he always had a stylish look about him and leading performance. His two-year-old dam is very feminine fronted, deep bodied, easy fleshing and ideal uddered. Standout was her first calf with a birth weight of 72 pounds, weaning weight of 773 pounds without creep, and a yearling weight of 1338. His extended front end and smooth shoulder give him added eye appeal and increase calving ease. His beautiful dam, C136, has entered the donor pen at an early age joining his grandam, Y22 who has been super productive. Consistency is coming from both sides of the pedigree here. Hetero Black, Homo Polled.

#### W/C BANCHOR 46D

**POLLED 3/4 SM 1/4 AN BD 2/12/2016 ASA 3182241**

**SIRE: CCR ANCHOR 9071B**

**DAM: W/C MISS WERNING 46B**

W/C Banchor 46D has been fun to see in our pastures all summer. He is loaded with depth of body, thickness and muscle, excellent feet quality, good haired, and a blazed face to top it all off. He stayed sound and fat all summer while doing a great job of getting the cows bred. He has a nice slope to his shoulder and a disposition that can't be beat. He is sired by CCR Anchor 9071B, whose progeny have highlighted many sales over the last year. They have proven themselves as sound, functional, real world cattle that just work. His dam Miss Werning 46B is a daughter of the great 715T donor cow and has had multiple full sisters sell for over \$10,000. The maternal backing behind Banchor gives us great confidence in the future of him and his offspring. He is a proven heifer bull. We have had 16 calves out of him this year and haven't had to touch one. He throws a lot of stylish calves. Owned with Chad Ruda of Nebraska. Homo black, Hetero polled.

CALVING EASE EXTRAORDINAIRE!

**YARDLEY ABUNDANCE G280****HOMO POLLED 1/2 SM 1/2 AN BD 2/1/19 ASA 3621542****SIRE: W/C BANCHOR****DAM: MISS YARDLEY E232 X BUSHWACKER**

Abundance was the pick of our '19 calf crop to keep as an impressive herdsire. He is a soft made, stylish fronted, bull with ideal leg and foot structure. He has a very balanced EPD profile with many traits ranking in the top 15% of the breed. His excellent disposition has landed him a docility EPD in the top 1% of the breed. His deep-bodied dam has an impeccable udder with plenty of milk and the ability to breed back while working hard. Abundance's sire, Banchor, is making a huge impact on our herd with daughters that are moderate, deep-bodied, easy-fleshing, heavy milking, and extremely feminine. Homo black Homo polled.

Yardley Cattleman is as complete of an Angus package as we have made in terms of phenotype, pedigree, and performance. His dam is a royal mating of elite herd matriarch W172 who has produced two, featured high selling leadoff breeds at \$20,000 and \$16,500. Another daughter was a featured \$11,100 donor in '20 was the dam to our high selling \$24,000 heifer of our '16. Cattleman's maternal grandsire is the record setting \$450,000 Coleman Bravo! Cattleman boasts an impressive 720# WW and a 1,348# YW.

1938 Gib with his father and his Grandpa Yardley, who was a great rancher and business man. He was also the director of the bank. They had all Herefords, this is one of their registered bulls.

## SNAPSHOTS OF GIB'S LIFE

1938 Gib and his little sister with their Grandpa Theurer, who was about 82 years old. He was deaf for the last 10 years of his life and couldn't hear anything. He was a great cattleman and farmer up in Cache Valley near Logan, Utah, which is right next to the Idaho line.

1940 Gib and his parents, Wallace and Melba Yardley, and his sisters, Jolene and Nina.

1946 The first time Gib borrowed any money. He had the chance to buy some sheep from the county that had belonged to an old man that died, and the bank loaned him the money to buy them with. The banker said he'd loan the money if his dad would sign the note with him. He was 13 years old.

1948 For several years Gib had quite a few sheep, this is a registered Hampshire ewe. He had some registered sheep and then sold them to get more registered cattle.

1950 Gib Yardley.

1951 Gib with his grand champion steer at the Southern Utah Livestock Show. The steer sold for \$1.50 a pound, which in those days was an awful lot of money.

1951 Gib with his parents, Melba and Wallace Yardley.

1952 Gib, 19 years old, had just been drafted into the Army as a private. He spent 15 months in Korea.

Wallace and Gib with Domino in the front yard. 1951.

1955-56 Gib, age 23, as a missionary in the New England mission which included 6 New England states (Conn., Mass., Vermont, New Hampshire and Rhode Island) and 4 maritime provinces of Canada, (New Brunswick, Nova Scotia, New Foundland, & Prince Edward Island)

1965 Gib had all Hereford cows, soon afterwards, they started to go to black cows and black Angus. Gib is with one of his favorite horses, Little Joe.

1978 Grand Champion Pen of 5 feeder calves. American Royal National Livestock Show, Kansas City MO

1981 Gib said, "the happiest day of my life was when Denise and I got married and we've had a very happy life together ever since."

Gib at Asay Creek. apx 1979.

1974  $\frac{3}{4}$  Maine Anjou heifer sold in Denver, CO for \$16,000. The first time Gib ever took any heifers to a sale at the Denver show he didn't clip them. They had long mountain hair that looked pretty shaggy. One sold for \$1200 and he bought the other one back for \$750. He brought her home and two years later she had a  $\frac{3}{4}$  Maine Anjou heifer which he took back to the Denver Livestock sale. He got the best fitter he could find and she sold for \$16,000

Gib on his horse, "Lassie" he traded for her 77 years ago and still has some of her descendants. When he traded for her this was the happiest time of his life until he got married. When he was 18 years old he was asked to lead the 24th of July parade on her. The 24th of July was when Brigham Young led the first group of Mormon pioneers into the Salt Lake Valley, and its been a great holiday ever since.

1981 Grand Champion Pen of 5, Cow Palace in San Francisco, CA

***Minutes and hours well spent are the building blocks of a life well lived. They can inspire goodness, lift us from the captivity of imperfections, and lead us upward to the redemptive path of forgiveness and sanctification.-***

***-Dieter F. Uchdorf***

1978 C.C.A. Award, Grand Champion Pen of 5 Feeders, Cow Palace in San Francisco, California.

1980 high selling steer of California Select Feeder Show and sale at Bakersfield, CA. Bred by Gib Yardley

1983 One of our early Bull sales.

Gib Yardley, Skinner Hardy (an auctioneer we came to love and admire from Bakersfield CA) our daughters Jeannie on counter, and Julie standing in front of Denise.

2008 Jeannie, Angela, Gib Yardley and Bill Angel, the head of the Denver Stockshow. Gib was recognized for 25+ years of showing cattle at the Denver Stockshow. (He showed there for over 50 years)
