Yardley Cattle Company is excited to bring you our 52nd bull sale offering. We are privileged to work and rub shoulders with quality cattlemen and women who are our loyal supporters and friends. The bulls in our sale are the best you can buy anywhere. We produce low maintenance, structurally sound cattle with a major emphasis on teat and udder quality, hoof and foot quality, balanced leg set and joint structure; cattle that are easy fleshing and wide based, that move freely, track wide and fill in their step. Most of our cattle sell to commercial cattlemen who sell by the pound and who run on western ranges. This requires bulls that can perform and produce daughters that will consistently do the same. Our cattle winter on desert winter range without hay, calve unassisted, summer in the high mountains and wean a big calf. We have sold cattle into 32 states, Canada and Mexico. We look forward to seeing you at our sale March 8, 2025, in Beaver UT. ALL BULLS ARE ULTRASOUNDED, PAP, TRICH, AND FERTILITY TESTED.
