

YARDLEY CATTLE CO.

Focus on the Female

FRIDAY, 5TH OF DECEMBER 2025

1:00 (MST) at the ranch in beautiful Beaver, Utah

WELCOME

Dear Friends, Fellow Cattlemen, and Valued Customers:

What an exciting year it has been to be in the cattle industry with prices soaring above what any of us thought possible. The outlook for the future is also optimistic as market analysts predict a continual trend of high prices with nationwide cattle numbers at a 60-year low and domestic beef in high demand. It's a great time to be alive and to be involved in the cattle industry!

The females in this sale represent a lifetime of breeding quality genetics—deep, thick, moderate-made, easy-fleshing, low-maintenance cattle with quiet dispositions, excellent udders and ideal feet and legs. We have been Aling to the best bulls we can find or raise for 57 years. Our cattle are bred with the commercial cattleman in mind. They thrive on rangelands, excel in the feedlot, and perform in the pasture with style and eye appeal to compete in the show ring.

One of the best pieces of advice I ever read in regards to cattle was an editorial by legendary cattleman and entrepreneur Pat Goggins in *The Western Ag Reporter*. I wish I had the article, but the message was this: Invest in the things you know and understand. If you have land and a passion for raising cattle that is where you should invest your money. Knowledge is power and when you invest in something that someone understands better than you, you are at their mercy. Invest in the things you know and understand. That message rings as true today as it did the day it was written. Right now is an ideal time to invest in superior genetics for your cow herd whether you are just getting started or have been at it your whole life.

What a special, exciting time of year it is as we prepare for Thanksgiving and reflect on the bounteous blessings we have received. "The year that is drawing towards its close, has been filled with the blessings of fruitful fields and healthful skies. To these bounties, which are so constantly enjoyed that we

are prone to forget the source from which they come, others have been added, which are of so extraordinary a nature, that they cannot fail to penetrate and soften even the heart which is habitually insensible to the ever watchful providence of Almighty God." —Abraham Lincoln.

We look forward to Christmas and the most precious gift of our Savior and Redeemer Jesus Christ. Our gratitude and appreciation to our Heavenly Father for His Son and His great plan of happiness should feel our hearts with joy regardless of the season of life we are in. I love the following quote:

"God is in relentless pursuit of you. He wants all of His children to choose to return to Him, and He employs every possible measure to bring you back... Everything about the Father's plan for His beloved children is designed to bring everyone home... The intent of the Father's great plan of happiness is your happiness, right here, right now, and in the eternities."

—Patrick Kearon

I feel especially blessed this year for Heavenly Father bringing a most precious lady into my life and blessing me with my lovely wife, Jeni Starley. I look forward to you meeting her in person and will tell you more about our story in the family pages of this catalog.

Thank you all so much for your friendship and confidence in our program. We have friends and associates in the cattle industry across the country who we count among our greatest blessings. If we can do anything to help or assist you in your selection, please feel free to give us a call anytime. God bless you and God bless America! We look forward to seeing you on sale day.

Sincerely,
Steven Yardley

TRANSPORTATION

Beaver is 200 miles away from Salt Lake City or Las Vegas, NV, on I-15. From Salt Lake, SkyWest Airline commuter (The Delta Connection) serves Cedar City, which is 50 miles south of Beaver. St. George, UT is 100 miles south of Beaver on I-15. It is served by United, Delta, and American Airlines.

TRUCKING & DELIVERY

Please leave detailed information with the pay clerk about your trucking needs and arrangements. We will work with you to help find the best and most efficient means for hauling. We will guarantee to have your animals delivered to a central location within 300 miles of your home anyplace in the United States for no more than \$400/head. **This guaranteed delivery price does not apply to cattle that have not been fully paid for within seven days of the sale date. No cattle will leave the ranch until paid for in full.**

ACCOMMODATIONS

Request the Yardley Cattle Company special room rate. Please try to reserve rooms as far in advance as possible to guarantee room rate.

Days Inn, North Interchange (\$82)	435-438-7800
Butch Cassidy Inn, Downtown (\$130)	435-438-2438
Quality Inn, South Interchange	435-438-5426
Comfort Inn, South Interchange (\$110)	435-438-6283
Eagles Landing, North Interchange (\$82)	435-438-7800
Country Inn, North Interchange (\$79)	435-438-2484

RANCH & SALE LOCATION

Once you arrive in Beaver, continue into town. At the corners of Center and Main Street, continue west on Center Street (Hwy 21). Continue 1.5 miles to the Yardley Black Cow/Calf sign, turn right and proceed 2 miles north and west across the field to our sale barn.

Upon leaving Hwy 21, traveling north on the gravel road, the horses & cattle do not belong to us until you cross the cattle guard just below our sale barn.

SALE DAY BARBECUE

There will be a buyers appreciation lunch on sale day 12:00pm at our sale barn.

TERMS & CONDITIONS

TERMS: No cattle will leave sale yards until full settlement has been made. Payment terms for this sale are cash, or a good check, or ACH. All returned or non sufficient checks will be immediately turned over to the District Attorney for immediate prosecution. This is a felony and charges will be filed. Settlement is to be made immediately at the conclusion of the sale before animals are loaded. The right of property title shall not pass until checks have cleared. Any other arrangements are made prior to the sale.

BIDDING: All animals will sell as single lots to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final. All potential buyers must have a buyers number provided by Yardley Cattle Co. Yardley Cattle Co reserves the right to not issue a buyer number to potential buyers.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer, at which time the buyer assumes all risk.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter, and any other announcements.

HEALTH: Every animal in this sale, to the best of our knowledge, is free of any disease and will be eligible for interstate transport. Cows were vaccinated last spring for IBR, P13, BVD, BRSV, Vibrio, 5-way, Lepto. The heifer calves have been fully vaccinated and received their boosters. All cows that have had calves are vaccinated in January with Scour Guard 4 and 8 Way. They just need a booster and the bred heifers should get two shots three weeks apart before they calve. All cattle have had Dectomax, and given OneShot Ultra 8. Calves have had two shots Bova Shield Gold OneShot, Ultra Choice 8.

BREEDING GUARANTEE: All females sold under the conditions "safe with calf" have been ultrasound pregnancy checked by a competent veterinarian. They sell with no further guarantee. No guarantee is given that bred females will deliver a live calf, or calf on or near the listed expected calving date. All heifer calves are guaranteed breeders. If the heifer failed to breed, we require a statement from the veterinarian who checked her, stating the problem and that the problem was not due to negligence or improper management, which will void the guarantee. This guarantee may be void if: 1- A female is highly obese, has been shown extensively past July 1st and has not steadily been attempted to be bred. 2- If she is flushed at any time in the first year after the date of sale. 3- If she is in poor body condition. These three exemptions do not apply if the female is examined by our vet to have an underdeveloped reproductive tract that

would have been present at the time she was sold. Infections or other enlargements do not constitute "undeveloped." 100% of the purchase price less salvage value on heifer calves will be credited to the next sale. No other expenses incurred in the female will be reimbursed to the buyer. In cases where the animal is subject to hormonal or surgical reproduction techniques or damage caused by foreign bodies after the sale, this contract is null and void. The seller is not responsible for sickness not apparent at the time of the sale. It is useless to breed more than two heat cycles, artificially. If they haven't settled artificially then, they must be put with a fertile bull for the summer. In no event will the seller be responsible for more than the purchase price, less salvage value.

AI CERTIFICATE: The purchase of A.I. certificates are the responsibility of the buyer, as well as the registration of all calves born after sale day.

REGISTRATION CERTIFICATES: Supplied on eligible animals upon request on the sales slip at time of settlement or within 20 days. If registration is requested later, the buyer must pay additional registration fees. Leave the name and address to which you would like the purchase transferred to with the pay clerks.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions. **Late in the summer it is necessary to mix breeding groups.** Select groups of cattle will stay with one sire all summer long, but **on the majority of late calving cows, calving after April 27th, we cannot guarantee sire parentage.** Igenity labs runs a sire parentage identification test for a small fee.

TRUCKING: All trucking, prices, and trucking fees are the responsibility of the buyer, but we will help make arrangements. Every effort will be made to minimize costs to the buyer.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. Yardley Cattle Co, its owners and employees assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. **We try to keep the most accurate records possible and have bull tight fences, but on rare occasions, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it.**

STAY UNTIL THE END OF THE SALE!

ABSENTEE BIDDING

If you are unable to attend the sale but would like to bid on the lots offered we encourage you to call prior to sale day. There are two ways to participate in the bidding if you are unable to attend the sale in person. You can bid online with DVAuction.com or by phone.

1- BIDDING VIA DVAUCTION.COM

Bidding online via DVAuction is fast and easy. If you do not have an account, please visit DVAuction.com. You can create an account, log on to watch and bid on sale day. (We encourage you to set up your account before sale day and log on with plenty of time before the actual sale begins). For more info contact DVAuction at 402-316-5460.

2- WORK WITH ONE OF US TO FILL YOUR ORDER

If you are unable to attend the sale in person, or via DVAuction, please contact us, as we would be happy to accommodate you to the best of our ability. All bids are handled with strict confidentiality.

PRE-SALE REGISTRATION FOR ATTENDING BIDDERS AND ABSENTEE BIDDERS

If you would like to register as an absentee bidder please call 812-525-0359. You may be required to list your bank's telephone number and your drivers license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via invoiced ACH, check, cash, or wire transfered on Monday, Dec 8th prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation.

THE OFFERING

DO NOT HESITATE TO BID ON ANY OF THE UNPICTURED LOTS. THE CATTLE NOT PICTURED IN THIS OFFERING ARE BEAUTIFUL, PRODUCTIVE CATTLE; WE SIMPLY CAN'T PICTURE THEM ALL.

We take great pride in our "clean up" bulls, we call them our herd sires. Many of them come from top herds across the Nation or are hand selected from our bull calves each year. We know their lineage for generations, we know how their mothers milk, what their body condition score is, what type of feet and udder quality they have, and we strive to use only the best. Our bulls in the pasture are of equal or higher quality than those in the tank, and we take pride in their genetic merit. Do not hesitate to buy a female that is pasture bred.

VIEW CATTLE VIDEO

Videos will be available on select lots. Visit our website, yardleycattleco.com or www.dvauction.com to view this great offering in motion.

VIEW THE AUCTION LIVE

Bid online...you're ringside from the comfort of home!

Register to bid today!

Visit DVAuction.com If you are a first time user click on create account. After you create an account, you can request buying or bidding credentials. Upon approval you will receive a text from us saying that you have been approved by DVAuction.com. After you have been approved, getting a buyer number for a sale is very simple. You just visit the sale page for the auction and click the BID ONLINE button. Then there will be a GET BUYER NUMBER button that will automatically sign you in for the auction and give you a number. For more information contact DVAuction at 402-316-5460

YARDLEY FAMILY

**Kade, Steven, Jeni, Shawn,
Tyler, Elsie Grant, Grace**

This was a year to saddle up early and pull my hat down tight! It's been a roller coaster of events since our bull sale in March, so I figured this is a good opportunity to bring you all up to date on my own personal happenings.

My oldest son James was called on a 24-month mission for the Church of Jesus Christ of Latter-Day Saints to the Missoula, Montana Mission, and on March 12, he entered the Missionary Training Center in Provo, Utah. James is now serving in Choteau, his second area in Montana, and doing a tremendous job. We're so proud of you James—Elder Yardley!

In late April, I met one of the most stellar people of my life—Jeni Starley. We went on several amazing dates and had many late-night conversations. The more time I spend with her, the more impressed I am. Jeni is a vice principal at American Heritage School over their online program. She is currently working on her second year of BYU's prestigious MBA program. Jeni was born and raised in Provo UT, and is a staunch conservative who loves

God, family, America, and BYU football. She's a pleasure to be around and a great conversationalist.

After a lot of heart-to-heart prayers with God, as well as incredible conversations and experiences with Jeni, I proposed to her on the "Y" at BYU on Independence Day, which is her favorite holiday. We converted a hillside into an outdoor chapel at Asay Creek and were married on August 23, one of the most memorable days of my life. Jeni has two children Grace (12) and Grant (10), and in addition to my five children James (20), Kade (17), Shawn (15), Tyler (9), and Elsie (7), we have a full house. For those who helped with the wedding, especially Chris, McKenzie, and John and Gen Petersen, thank you! I am thrilled to be married to such an incredible woman and look forward to you all meeting her. We are excited to share our new life together with all of you.

Sincerely,

Steven Yardley

“Love is the very essence of life. It is the pot of gold at the end of the rainbow. Yet it is not found only at the end of the rainbow. Love is at the beginning also, and from it springs the beauty that arched across the sky on a stormy day. Love is the security for which children weep, the yearning of youth, the adhesive that binds marriage...” - Gordon B. Hinckley

**LOT 1***Pick of the Heifers***A PROGRAM DEFINING OPPORTUNITY**

This is a rare opportunity to select one exceptional female from our entire replacement heifer crop. The genetics speak for themselves: heifers previously sold from this program have achieved major success, including winning major shows, entering elite donor pens, and raising outstanding progeny that have followed suit. Our philosophy, Focus on the Female, ensures that we are left with reliable, profit-driving assets after every weaning and sale. These genetics are proven, powerful, and generations deep, backed by cow families that have stood the test of time—your next great female awaits!

\$8,000 maternal sister to dam of L214

Maternal brother of L214

It's amazing how the cream consistently rises to the top in superior, powerful cow families. They are the foundation behind consistent quality and the baton bearers of genetic progression for generations to come. L214 hails from such a cow family. We kept her maternal brother, Yardley Investor, as a herd sire. Their maternal grandam, A80, is one of the prettiest, most productive females that we own. She produced high seller, \$14,000 Yardley Clear Vision purchased by Bill Carsten of Hotchkiss, CO, along with a striking \$8,000 daughter.

I have learned that the most crucial question we each must answer is this; To whom or to what will I give my life? Your decision to follow Jesus Christ is the most important decision you will ever make. –Russell M. Nelson

Popular sire of K90

Beautiful maternal sister of K90

Check out this impressive phenomenon! Her pedigree combines elite individuals top and bottom. Her deceased sire, S.A.M., has established himself as one of the greats in the breed with several daughters selling for over \$25,000 and semen fetching over \$450/unit. K90's dam produced Yardley Financier, a \$10,500 sale-day favorite.

K90's powerfully complete maternal grandam's 10 superior calves have a stellar ratio of 109 and her sons have averaged 1,406# yearling weights. Included in this is Yardley Black Gold who sold for a total valuation of \$16,000 to longtime customer and friend Alan Kunzler of Park Valley, UT.

The more efficient a cow herd is at converting roughage, the greater the potential for reducing input cost and increasing profitability. An efficient range cow needs to be moderate in size so her maintenance costs are reasonable. She must have the ability to get fat on grass alone and store fat on her back when times are good so she can use the energy stored in that fat when times get tough. we believe this is a function of body type and not a numbers game.

Deep Bodied maternal brother of K128

Handsome \$8,500 son of K128

K128's power-packed donor dam, Miss Yardley S19, was a tank that passed down a tremendous amount of thickness and ideal phenotype, averaging an impressive 697# WW and a nursing ratio of 107, along with a 75# BW average on nine natural offspring. As a first-calf heifer she weaned a powerful 793# calf that went on to be our '08 high-selling bull for \$10,500, purchased by our good friends, the Walkers, of Menan, ID. S19 has several outstanding daughters in production in our herd. Donor daughter, Y64, was the heavy-weaning heifer of her calf crop at 864# act. and produced a \$10,500 bull calf selected by Justin Allen. Another first-class daughter weaned our highest-weaning calf one year at 840# and produced another \$8,500 son. One daughter had the lead-off bull in 2018 and bragged a 7@108 weaning ratio with a scale crunching 724# average. Another daughter had a \$10,500 bull, a \$9,500 bull, and a weaning ratio of 106 on four head with a hefty 732# average!

Top Notch daughters are a pivotal part of our program producing potent phenotype and easy-keeping calves with the ability to perform and work in the most stringent environments and programs. J240 is such a female and one worth the wait. This deep-bodied, beautiful female always stays fat and is a joy to look at. J240 has bigger teats.

Length, depth, and width combine together in this scale-mashing momma! L162 is an elaborate-made female that has a lot of style and eye appeal. She sells with an exciting early pregnancy to the newest recruit of our bull battery, W/C Kingpin.

MISS YARDLEY F162

MISS YARDLEY C24

PE* ROLR YANKEE, EXP CALVING: 03/03/26

With a docile disposition, tons of middle, rib shape and dimension, L74 has style to burn, combining stellar looks with exceptional performance. You'll love her massive width and big butt end. On the move, she's equally impressive with grace and fluidity, tracking wide and nailing her step on a big hoof. Her dam is a homerun hitter that consistently knocks the ball out of the field with two stout-built sons that sold for \$7,250 to Mike Noel of Kanab, UT and \$7,500 to Lyle Carter of Minersville, UT!

K61 was a feature show heifer of our 2022 sale. With a strikingly chiseled front end, a perfect topline, abundant spring of rib, and a powerful hip, she's a natural eyecatcher. In motion, she is even more attractive to watch as she moves out gracefully and confidently with style, nailing every step. Her prolifically profitable dam produced our outstanding herd sire, Abundance. He was the pick of our 2019 calf crop and as phenotypically flawless of an individual as we have produced.

G208 has been a tremendous producer, as a first-calf heifer she produced Miss Yardley Jazzy, a show heifer exhibited by my son, Kade, and stood reserve in her division at Denver. She was later purchased by our good friend, Chris Petersen. Her handsome son was a \$10,500 sale favorite in 2024's offering, purchased by Greg Shawcroft of LaJara, CO.

Yardley Lady Luck, \$14,500 maternal sister of K187

Stout hipped maternal brother to dam of M67

Maternal brother to dam of M67

Bold-ribbed maternal brother to dam of M67

M67 is a highly impressive SimAngus, half-blood heifer with donor potential, embodying the ideal blend of muscle, capacity, and maternal potential. Her pedigree is anchored by cornerstone herd matron, Y103, a beautifully built Angus female grandam known for her abundant rib shape and dimension. Y103 is a "no-miss" producer whose last three powerful progeny have averaged \$6,000. M67 was bred on the mountain by one of our herd sires. If you'd like to do a simple parentage verification test to find out her calf's sire you can have one done through IGENITY for a small fee.

M145 is the definition of a functionally sound replacement female—powerful, capacious, and destined for greatness as a high-end donor and trouble-free mother cow. Her heavy milking, highly productive dam produced a \$9,000 standout son as a first calf heifer, purchased by Running C Ranch of Minersville, UT.

Whatever questions or problems you have, the answer is always found in the life and teachings of Jesus Christ.

If you're on the prowl for a pretty redhead, M37 should fit your fancy! Her power-packed, proven maternal grandam has been a model of efficiency and profitability, producing several sale-day favorites including a feature \$8,000 bred heifer, purchased by Riggin Fletcher of Waldon, CO, in last year's Focus on the Female sale and a well-balanced \$9,000 herd sire purchased by Stan Smith of Lehi, UT. Her maternal line traces back to F44 who effectively weaned sixteen calves—a testament of longevity and productivity.

John 3:16-17

"For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. For God sent not his Son into the world to condemn the world; but that the world through him might be saved."

We prioritize genetics that boost your bottom line. M153's sire, CRLS Guardian, is a complete trait-leader: offering a massive spread from -2.4 BW to 149 YW, ranking in the top 3% marbling and top 1% for \$API and \$TI. He is a proven, mature bull—no guesswork. He has exceptional structure, bone, and foot quality. Guardian sires premium bulls (proven by the \$37,000 TSN Simmentals sale) and is set to produce a superior set of replacements.

-M153 was bred on the mountain by one of our herd sires. If you'd like to do a simple parentage verification test to find out her calf's sire you can have one done through IGENITY for a small fee. *M153 is flighty.*

M127 is a female to build a herd around with a sleek, stylish look. She combines exceptional leg and foot structure, a level top, big butt and smooth tail head. Her smooth design is one that looks good on her and will be transmitted to her calves. Her impeccable dam is a no nonsense matron that produced \$14,000 Yardley Juliet, a feature of our 2021 Focus on the Female sale, selected by Andy Meyer of Everson, WA and a \$7,000 impressive son selected by Randy Putnam of Randolph, UT.

A maternal brother to M178 sold for \$7,500!

Yardley Attain M11 bred to M178

We have long been known for raising quality Simmental cattle as some of the earliest breeders in the association with registration number 1090. I have always said one of our biggest, best-kept secrets is the tremendous Angus genetics that grace our herd and complement our Simmental cows. They are at the heart and carry the maternal load of some of our best SimAngus genetics. The Angus females in this offering are comparable and often superior to those of the best breeders in America. They have been bred for success and will stand the test of time. We like Angus with big butt ends, wide tops, gentle dispositions, and of course the ever-present depth and fleshing ability so critical for cattle in these western ranges.

Elegant maternal grandam donor of L165

\$11,100 maternal sister to L165's dam

Phenotype, performance, and profit: L165 is a true donor prospect that effortlessly combines eye-catching style and proven performance. She boasts a stellar, fancy-fronted profile and the structural balance desired in elite females. She is sired by KR Outfit and traces back to prolific Donor Dam W172, who has produced several phenomenal daughters including two high sellers at \$20,000 and \$16,000. She is also the maternal grandam to \$24,000 Yardley Doll Face. -L165 was bred on our permits by one of our herd sires. If you'd like to do a simple parentage verification test to find out her calf's sire you can have one done through IGENITY for a small fee.

S19 Donor Legacy. Sired by the legendary Final Answer, J079's true value lies in her maternal line. Her dam S19, a donor dam, recorded an impressive 46@103.38. Early on in her career, S19 produced a full sister to J079, Y64 who was also used in our donor program. As a calf, she was the heaviest weaning heifer of her crop at 864# actual WW. This proven line produces returns: she is dam to a \$10,500 bull calf selected by Justin Allen. S19 has had several top-tier producing daughters with multi-year, high-selling sons, including a \$10,500 bull and a \$9,500 bull, and herd weaning ratios as high as 108. J79 continues this tradition, producing M317, a standout son who sold for an impressive \$11,000.

The Chosen One sire of M152

Flush sister to M152's dam

M152 combines the style and look of the celebrated son of Here I Am, The Chosen One and Irish Whiskey who is famous for making steer producing powerhouses. Her maternal line traces back to our donor W172 who produced several daughters that have sold for well over \$10,000 and is also the maternal grandam of \$24,000 Yardley Doll Face. *This heifer is a little flighty.*

M73's sire, Here I am, is one of the most impactful bulls of the past five years. He's sired as many champions as any bull out there, and his popularity is only rising. He is a flat-shouldered, good-hearted, smooth-built, flawless-structured, great-haired bull that tops it off with a great disposition. Several of his steer calves have sold for over \$100,000! *This heifer is flighty.*

Recognized sire of M73 and M130

Y1 Peacemaker bred to L196

Jesus had not finished his work when his body was slain, neither did he finish it after his resurrection from the dead; although he had accomplished the purpose for which he then came to the earth, he had not fulfilled all his work. And when will he? Not until he has redeemed and saved every son and daughter of our father Adam that have been or ever will be born upon this earth to the end of time, except the sons of perdition. That is his mission. We will not finish our work until we have saved ourselves, and then not until we shall have saved all depending upon us; for we are to become saviors upon Mount Zion, as well as Christ. We are called to this mission. -Boyd K. Packer

L168's proven dam is a beauty that possesses great natural depth, a powerful hip and extended front, all while maintaining a smooth-made, functional look. She consistently produces quality. Her magnificent son was a \$10,500 sale-day favorite in our bull sale this year, Yardley Lovestruck, who weaned at 762# and was a lead-off bull in our 2021 sale. Her daughter was our lead-off bred heifer in last year's sale, going for \$7,500 to Gaylord Kunzley of MI.

Proven sire of L218

Each of us will have our own Fridays—those days when the universe itself seems shattered and the shards of our world lie littered about us in pieces. We all will experience those broken times when it seems we can never be put together again. We will all have our Fridays. But I testify to you in the name of the One who conquered death—Sunday will come. In the darkness of our sorrow, Sunday will come. No matter our desperation, no matter our grief, Sunday will come. In this life or the next, Sunday will come. -Joseph B. Wirthlin

In our search for quality open Simmental heifers, we reached out to master breeder John Christianson of 3C Simmentals in Wessington, South Dakota. We were excited by his willingness to sell us a select group. The heifers arrived just prior to the start of our breeding program and were subsequently AI'd, primarily with genetics from our own proven herd sires.

To those who are struggling with the same sin or the same setback over and over again, you keep going. God hasn't put a roadblock in front of you. God hasn't set a limit on your second chances. You press on. You keep striving. You seek help from those around you. And you trust in the new beginning that is there for you every time you turn back to your Father in sincerity of heart. Leave deliberate sinning, casual repeats, and prideful rebellion behind you, where they belong. You don't have to be who you've been before. Embrace your fresh start, your second or third or fourth—or hundredth—chance, offered to you through the atoning blood of Jesus Christ. -Patrick Kearon

K105 is a true F1 cross. As a first-calf heifer, she produced a \$10,000 bull calf.

YARDLEY SIRE LINEUP

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. Semen Available on most sires.

W/C KINGPIN 621M

BREEDING PB SM BD 1/14/24 ASA 4442154

SIRE: W/C KAISER 240J

DAM: W/C MISS WERNING 964G BY RUBYS TURNPIKE

In a stylish package, \$40,000 W/C Kingpin was the best, biggest footed, stout made baldy bull I saw this year at Werning's 2025 offering. Sired by the \$90,000 Kaizer and out of W/C's flagship donor cow Miss Werning 964G Kingpin has pedigree to spare when it comes to quality. With a moderate birthweight this powerful stud really hit the ground running with an impressive 7543# WW and a hefty 1,444# YW. He ranks in the top 20% of the breed for WW top 10% for YW and top 5% for ADG, MILK, and MWW!

“Irrespective of age, we mourn for those loved and lost. Mourning is one of the deepest expressions of pure love. It is a natural response in complete accord with divine commandment: “Thou shalt live together in love, insomuch that thou shalt weep for the loss of them that die.” (D&C 42:25) Moreover, we can’t fully appreciate joyful reunions later without tearful separations now. The only way to take sorrow out of death is to take love out of life.” - Russell M. Nelson

Melissa Kerksiek

Recently we unexpectedly lost a very close and beloved friend and neighbor, Melissa Kerksiek, at the age of 44, on October 3, 2025. Melissa was raised in the small community of Bluebell, Utah with her four siblings, who all love her dearly. She learned the value of hard work and being responsible by taking care of her chores on the family farm. While attending SUU, Melissa met the love of her life, Jeff Kerksiek, they were married and sealed for time and all eternity and they have six wonderful children. Melissa and Jeff loved supporting their own and other children throughout the community in church, school, music, and sports. Melissa showed deep love for others by putting their needs before her own. She found joy in being able to use her education to help her others learn and succeed in school and to build their faith in Jesus Christ. She was always there to be our friend and support. Melissa was a faithful member of The Church of Jesus Christ of Latter-day Saints. She diligently served in all of her church callings and blessed the lives of many people by genuinely serving them as she followed our Savior’s example. Jeff and Melissa have been some of my closest friends and biggest supports to me and my children during some of our hardest times, and our hearts grieve for the loss of their wife and mother.

Jennifer Marshall

Our dear friend, Jennifer McDermott Marshall, age 52, returned home to her Heavenly Father on November 5, 2025 after a long and difficult battle with cancer. Jennifer loved and served others with genuine enthusiasm and care. She made her family her entire world along with dedicating her life to run daily operations at Bar F Ranch. She spent many days driving tractors, moving cattle, doing bookkeeping, and feeding the crew. Most of the time, with a kid on her side. Jennifer also held many jobs that served her community. She loved being a Medical Assistant, EMT, and Pharmacy Tech. Jen loved taking care of the youth in her community. Jennifer lived a life of service and sacrifice, helping her community in any way she could. She loved serving in the LDS church, holding many callings, her most recent being the Young Women’s president. She served on the county Fair board committee for almost 20 years. Farm Bureau was very important to her, as an advocate for the agricultural life she loved, she served on both the state and county levels. She constantly helped with any community event or supporting any fundraiser that came her way. While living in Minersville, she made countless friends who became her family. Jennifer opened her heart and home to everyone. To know Jennifer was to love her, and she will be greatly missed. Our condolences go out to Sid and his family for their loss.
