

YARDLEY CATTLE CO.

54TH ANNUAL BULL SALE

SATURDAY

MARCH 14TH 2026

BEAVER, UT 1PM MDT

WELCOME

Dear Friends, Fellow Cattlemen, and Valued Customers:

Welcome to our 54th Annual Bull Sale! What a privilege it is to be involved in the cattle industry with so many incredible people and operations. What a joy it is to be surrounded by God's creations—to see a newborn calf stand on wobbly legs and suckle its dam, to feel the strength of a good horse under your legs, and to witness the majestic beauty of a pink-painted sunrise or sunset. What a humbling honor it is to work hand-in-hand with God as stewards of some of his creations.

We are living in a time of unrivaled prices and excitement in the cattle industry with numbers remaining at a sixty-year low and prices holding strong. However, amidst the excitement of high cattle prices, we are also facing a major drought in a large portion of the western United States. Our prayers are filled with supplications that the good Lord will send moisture to these parched rangelands and crop lands.

With the ever increasing costs of feed and input expenses, we need cattle that thrive on high roughage diets, raise and wean a big calf each year, and consistently rebreed in a sixty-day calving interval. They need to have good feet and legs and be able to move with ease and have good base width. Low maintenance cattle are a must for cattlemen—cattle with small teats and tight udders, quiet dispositions, and problem-free structure with good longevity. The most efficient strategy to make cattle like this and improve your cow herd with these characteristics is to select bulls that have these traits. At Yardley Cattle Company, we have such genetics, backed by multi-generational quality females.

The bulls in this sale represent a lifetime of breeding quality genetics—deep, thick, moderate-made, easy-fleshing, low-maintenance cattle with quiet dispositions, excellent udders and ideal feet and legs. We have been Aling to the best bulls we can find or raise for 57 years. Our cattle are bred with the commercial cattleman in mind. They thrive on rangelands, excel in the feedlot, and perform in the pasture with style and eye appeal to compete in the show ring. They are loaded with length, width, depth and fleshing ability.

Our bulls are raised on the range and expected to excel there. Our cows calve unassisted on desert winter range where they have to trail one to two miles each day for water. In the summer they are driven horseback twenty-five miles to our Forest Service permits. Necessity alone requires that our cattle have good feet and legs, and are structurally-sound, easy-keeping animals. Our bulls are developed on high roughage diets in large pens so they are not overly fat, and are ready to go to work for you. Our goal is that the bulls you purchase in this sale will improve your profitability and bottom line. We have a rigorous culling program and stand confidently behind our product. If you have any questions or concerns now or after the sale, please contact us. We look forward to seeing you in beautiful Beaver, UT, March 14.

Thank you for your interest and confidence in our program,

-Steven Yardley Family

WEANING WEIGHTS ARE ADJUSTED TO 205 DAYS OF AGE, YEARLING WEIGHTS AND SCAN DATA ARE ALL ADJUSTED TO 365 DAYS OF AGE UNLESS* ALL WEIGHTS AND THEIR ADJUSTMENTS ARE BASED OFF OF THE BREED ASSOCIATIONS UNLESS* ALL OTHERS ARE FROM CATTLEMAX

TRANSPORTATION

Beaver is 200 miles away from Salt Lake City or Las Vegas, NV, on I-15. From Salt Lake, SkyWest Airline commuter (The Delta Connection) serves Cedar City, which is 50 miles south of Beaver. St. George, UT is 100 miles south of Beaver on I-15. It is served by United, Delta, and American Airlines.

TRUCKING & DELIVERY

Please leave detailed information with the pay clerk about your trucking needs and arrangements. We will work with you to help find the best and most efficient means for hauling. We will guarantee to have your animals delivered to a central location within 300 miles of your home anywhere in the United States for no more than \$500/head. **This guaranteed delivery price does not apply to cattle that have not been fully paid for within ten days of the sale date.** No cattle will leave the ranch until paid for in full.

ACCOMMODATIONS

Request the Yardley Cattle Company special room rate. Please try to reserve rooms as far in advance as possible to guarantee room rate.

Days Inn, North Exit	435-438-7800
Butch Cassidy Inn, Downtown	435-438-2438
Quality Inn, South Exit	435-438-5426
Comfort Inn, South Exit	435-438-6283
Eagles Landing, North Exit	435-438-7800
Country Inn, North Exit	435-438-2484

RANCH & SALE LOCATION

Once you arrive in Beaver, continue into town. At the corners of Center and Main Street, continue west on Center Street (Hwy 21). Continue 1.5 miles to the Yardley Black Cow/Calf sign, turn right and proceed 2 miles north and west across the field to our sale barn.

Please note: Upon leaving Hwy 21, traveling north on the gravel road, the horses & cattle do not belong to us until you cross the cattle guard just below our sale barn.

SALE DAY BARBECUE

There will be a buyers appreciation BBQ lunch on sale day 12:00 pm at our sale barn. Special thanks to Nathan Wilding.

TERMS & CONDITIONS

TERMS: Terms of this sale are cash, or a good check, unless arrangements are made prior to the sale. Settlement to be made immediately at the conclusion of the sale before animals are loaded. The right of property title shall not pass until checks have cleared. ***We reserve the right to keep or resell any animal not paid for in full within 30 days of the sale.***

BIDDING: All animals will sell as single lots to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer whose decision will be final.

RISK: All animals are at the owner's risk prior to their sale and become the property of the buyer as soon as the animal is declared sold by the auctioneer at which time the buyer assumes all risk.

HEALTH: Every bull in this sale, to the best of our knowledge, is free of any disease and will be eligible for interstate transport. Bulls were Dectomax treated. They have been vaccinated twice for IBR, P13, BVD, BRSV, 8-way Blackleg, One Shot Pasturella, and Enforce.

ANNOUNCEMENTS: Announcements from the auction block will take precedence over any printed matter, and any other announcements.

TRUCKING: All trucking is the responsibility of the buyer, but we will help make arrangements. Every effort will be made to minimize costs to the buyer. We can only get these bulls delivered to central points. All cattle must be paid for in full before leaving the ranch.

GUARANTEE: Every bull has been tested for Tric and semen evaluated by a licensed veterinarian. We will guarantee the bulls selling in this sale to be fertile at the time of sale. Several of the bulls in this sale are of "Herd Sire" quality. If the buyer chooses to have semen collected on a bull, Yardley Cattle Company can not guarantee that the semen will freeze. **KEEPING BULLS TILL MAY 15TH:** We can do this but encourage you to insure them as the risk is the responsibility of the

buyer. \$5.00 per head per day will be charged until the bulls are picked up.

LIABILITIES: Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Yardley Cattle Company assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We will do everything we can to determine the correct parentage, but cannot guarantee it.

REGISTRATIONS: REGISTRATION PAPERS WILL ONLY BE FURNISHED IF REQUESTED AT THE TIME OF SETTLEMENT AT THE CONCLUSION OF THE SALE OR WITHIN 3 WEEKS. If requested later, buyer must pay additional registration fees. Leave the name and address to which you would like your bulls transferred on your sale slip when you settle up. Please print so that it is legible. Please only request registration papers if needed.

CONTRACT: The above Terms and Conditions of this sale shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following the sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions. Late in the summer it is necessary to mix breeding groups. Only our own personal herd sires are taken on the mountain. Select groups of cattle will stay with one sire all summer long, but on the majority of late calving cows, we cannot guarantee sire parentage unless a parentage identification test is conducted. IGENITY labs runs this procedure for around \$30. When you get your bulls home put them with another bull or cow and don't leave them alone in a corral. This makes them wild.

Due to the size of the offering it is impossible to picture every bull. There are many quality bulls that may not be pictured that will fit your program. Feel free to call us prior to the sale, we are happy to help you select a bull to that fits your program best!

Steven Yardley: 435-310-1725 - Gib Yardley: 435-691-8688

BIDDING: All potential buyers MUST have a registered buyer number at the time of sale, or their bid is invalid.

PRE-SALE REGISTRATION FOR ATTENDING BIDDERS AND ABSENTEE BIDDERS

If you would like to register as an absentee bidder, please call Kara at 812-525-0359. You may be required to list your bank's telephone number and your driver license number. All absentee buyers must be pre-registered. Any lots purchased by absentee bidders must be paid for in full via invoiced ACH, check, cash, or wire transferred on Monday, March 16th prior to load-out or delivery unless prior arrangements have been made. We appreciate your cooperation.

WORK WITH ONE OF US TO FILL YOUR ORDER

If you are unable to attend the sale in person, or via DVAuction, please contact us, as we would be happy to accommodate you to the best of our ability. All bids are handled with strict confidentiality.

BIDDING VIA DVAUCTION.COM

Bidding online via DVAuction is fast and easy. If you do not have an account, please visit DVAuction.com. You can create an account, log on to watch and bid on sale day. (We encourage you to set up your account before sale day and log on with plenty of time before the actual sale begins).

You just visit the sale page for the auction and click the BID ONLINE button. There will be a GET BUYER NUMBER button that will automatically sign you in for the auction and give you a number. For more information contact, DVAuction at 402-316-5460.

THESE BULLS WILL SELL IN EVERYONES PRICE RANGE.

We cull bulls from branding up until the sale for structural soundness, quality, breeding soundness, and temperament. Not every bull is destined to sire calves. AS SEEDSTOCK PRODUCERS, WE TAKE THE RESPONSIBILITY TO MARKET QUALITY BULLS SERIOUSLY. We realize that your success depends upon our breeding program and we strive to have quality from the first lot sold to the last bull to walk through the sale ring.

FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$5,000 or more will be covered 50% by Yardley Cattle Company if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. 50% of the value of the injured bull will be given as credit in a future sale or toward a replacement bull if one is available. ALL INJURED BULLS MUST BE DIAGNOSED BY A VETERINARIAN AND WE MUST RECEIVE THIS AND A LETTER FROM YOU IN WRITING. Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage. If at all possible, we would like the injured bull to be returned to us. ALL CLAIMS MUST BE MADE BY OCTOBER 1st of the purchase year. We will not replace a dead animal for any reason.

RETAINING 1/3 SEMEN INTEREST ON ALL BULLS!

SEMEN INTEREST: We are retaining at least 1/3 semen interest in all bulls selling. The new owners of the bulls will have full possession and all salvage value. If semen is sold, we retain one-third of all revenue. There will never be more than 2 or 3 bulls a year that we will want to collect.

YARDLEY CATTLE CO INCENTIVE PROGRAM (YIP)

Yardley Cattle Company has spent generations working to bring you some of the best genetics in the country. Our greatest desire is that our hard work pays off for you and your operation.

To qualify for Yardley Cattle Co's Incentive Program (YIP) the individual or ranch must meet the following criteria:

- Bulls individual purchase price must meet or exceed \$6,000 per bull. For example, buying 3 bulls above \$6,000 per bull and you will receive a 3% discount. If you buy 4 bulls and 3 are above \$6,000 per bull, but the 4th bull is purchased at \$4,000, you will receive a 3% discount, whereas the 4th bull would not qualify for a discount.
- All purchases must go to the same individual or ranch. Bulls cannot be lumped together between neighbors or friends.
- At any time Yardley Cattle Co believes that the YIP is being abused by any individual or ranch, the YIP will no longer apply to that individual(s) or ranch(es).

3 Bulls - 3%

4 Bulls - 4%

5 Bulls - 5%

6 Bulls - 6%

7 Bulls - 7%

8 Bulls - 8%

9 Bulls - 9%

10 Bulls Plus - 10% Discount

PLEASE BRAND YOUR CATTLE WHEN YOU GET HOME!

Our bulls are not pampered and are not overly fat. They are developed on high roughage rations for comparison only and not for maximum gain. You will not be paying for over fleshing that will melt away as the breeding season progresses. By not force feeding these bulls, you can be assured they will be sound, athletic, and ready to service cows. They are grown in big lots where they get lots of exercise, so they can take the toughest ranges. These bulls are grown mostly on hay with a 50/50 alfalfa grass mix with less than 1% of their body weight in grain.

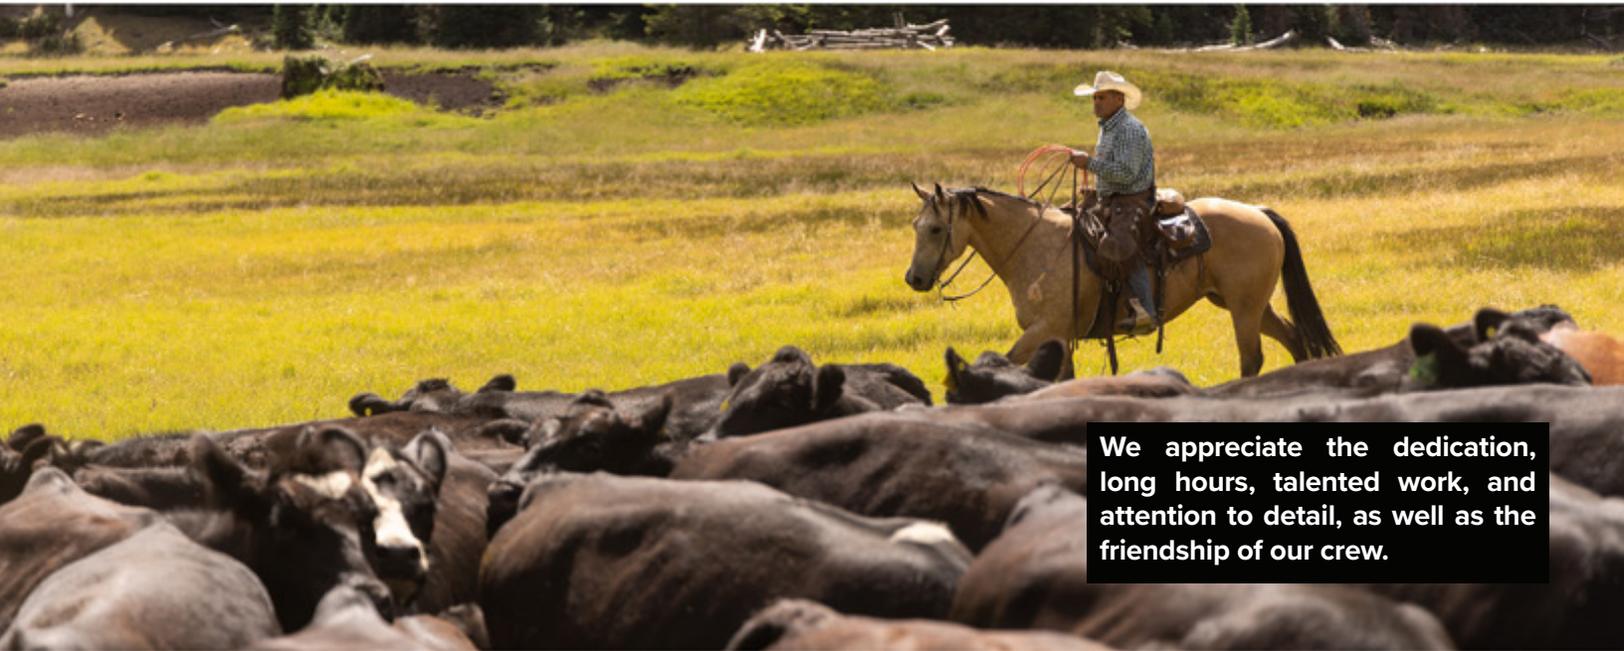

We have always concentrated on producing a functional, balanced, all purpose beef animal—one that is thick and moderate framed, not too big or too small, and that has a natural fleshing ability. If a cow has feed, we expect her to stay fat while raising a 700 lb. calf without creep. We believe in a balance between performance, eye appeal, and maternal traits. Above all, we have eliminated the problem cattle. To achieve balance, ranchers need cattle that are not necessarily the tops in all traits, but they can't be weak in one single trait.

THE FACTS ABOUT THE PAP TEST

Brisket Disease of cattle is the result of right congestive heart failure, but is brought on specifically by effects of the lower oxygen pressures present when cattle are kept at high altitudes above 7,000 feet in elevation. The test is a measure of the pulmonary artery pressure (PAP). Most of our Simmentals summer from 9,000 - 10,000 feet elevation and we have very few of them ever affected by brisket disease since they originated in the alps of Switzerland and were bred for higher

elevation. Dr. Tim Holt of Colorado State University is the Country's greatest authority on this disease and has tested many thousands of cattle. He states that a PAP score under 44 is low risk, 45-49 is moderate risk, and above 50 is high risk for cattle running above 7,000 feet of elevation. Our bulls are tested in Beaver at 6,000 feet elevation. If you run under 7,000 feet elevation, PAP tests do not generally need to be taken into consideration.

IF YOU RUN BELOW 7,000 FEET ELEVATION, PAP SCORES SHOULD NOT BE CONSIDERED WHEN SELECTING BULLS.

We appreciate the dedication, long hours, talented work, and attention to detail, as well as the friendship of our crew.

WHY USE YARDLEY BULLS

- The feeders pay a premium for calves sired by our bulls because they are the best gainers and they have the look, eye appeal and uniform phenotype.
- Their daughters will be productive, structurally sound cows.
- Their calves will weigh 25 to 100 lbs more at weaning.
- These bulls are wintered in big lots on half grass/alfalfa and only 1% grain.
- They are born unassisted on the range and walk 25 miles to and from the summer range that goes to 10,200 feet elevation, so they have to be structurally correct.
- Our bulls are raised and developed at high altitudes and are PAP tested as a selection tool for those who run in higher elevations.
- We never creep feed our cattle, their birth to weaning growth is based solely on their ability to perform on their mothers.
- Our cows winter on desert range without hay. They have natural fleshing ability to stay fat on grass and take care of themselves.
- All bulls are performance tested and backed by our first year breeding guarantee.
- They have proven themselves to adapt to all environments and have sold into 32 states, Canada and Mexico.
- Simmental and SimAngus are some of the most sought after cattle by order buyers, feedlots and for replacement females.
- Yardley bulls are bred with the commercial cattlemen in mind.
- They have more thickness, depth, muscling, fleshing ability, performance, and structural correctness in moderate sized packages.
- Cross breeding pays. Hybrid vigor increases the performance and longevity of your cow herd.
- You don't have to baby and pamper them.
- This is our livelihood. We work hard to ensure these cattle will do their best to increase the production of your herd.
- Your success is our success.

UNDERSTANDING THE DATA

Expected Progeny Difference (EPD) is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an "I", and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE. Calving Ease Direct (CE), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Maternal Milk EPD (MK), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in

his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

H/P/S: Horned (H), Polled (P), Scurred (S)

WDA: Weight per Day of Age=((Weight-Birth Weight)/Age in Days).

TG: Test Gain=((Weight-Weaning Weight)/Days on Feed)

Rib Fat: Inches of fat over the Rib Eye muscle

REA: Rib Eye Area measured in inches and adjusted to Yearling Age.

%IMF: % Intermuscular Fat in the rib eye muscle.

SC: Scrotal measurement, actual scrotal measurement Feb 10-12th, 2026.

DWR: Dam's Weaning Ratio on her number of calves and how those calves weaned compared to the average during those years.

-Example: 5@110: Bull's dam has had five calves that have weaned at 110% of the average.

The Key to the Puzzle = Balance

It's the hardest thing to keep in the front of our minds. We always want to think that bigger is better, or we buy bulls based on spread EPD's or we choose a bull because he has one trait that really stands out. We've all been guilty of it, but the real key is "balance," the ones that do all things well. I really believe that this is one of the hardest, if not the hardest, hurdle in breeding cattle. If we can stay focused on this, it will make us more profitable and better cattle breeders.

SUPERIOR LIVESTOCK AUCTION

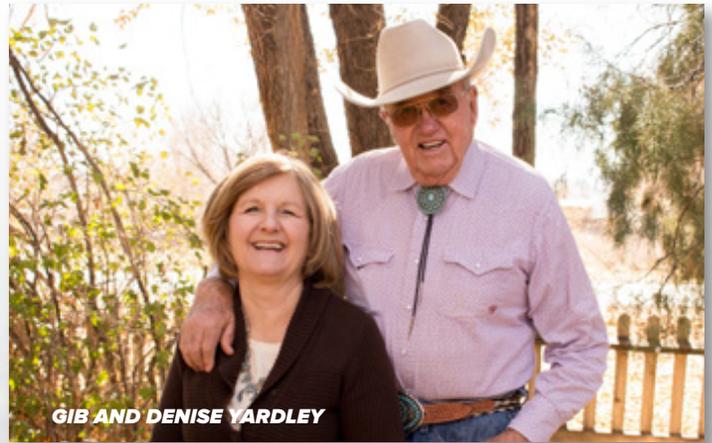

Many of our customers like to sell their calves in Superior Sales. We have a "logo" that Superior puts on when the calves being sold are out of our bulls. The feeders pay a premium for calves out of our bulls because they know of the superior performance. This with eye appeal, structural correctness and exceptional carcass traits are coupled with docility and hybrid vigor. We have spent our lives breeding these cattle to perform and bring this premium. We pay Superior \$25/load to put our logo on the screen when our loyal customers' cattle come in. We are happy to do

this to assist you in getting top dollar for your calves. People who buy your calves will get a top return on their investment through our top quality genetics and be greatly satisfied with their purchase. In order to ensure this, we request that a minimum of 60% OF YOUR CALVES ARE OUT OF OUR BULLS/LOAD ADVERTIZED. This protects our quality reputation and ensures that whoever buys the calves are getting the advertised genetics. Please note that Superior will call us prior to placing our logo on any load selling to confirm that this is the case.

THE **YARDLEY FAMILY**
HELPING HANDS ON THE RANCH...

STEVEN YARDLEY FAMILY

GIB AND DENISE YARDLEY

PSALM 127: 3-5

Lo, children are an heritage of the Lord: and the fruit of the womb is his reward.

As arrows are in the hand of a mighty man; so are children of the youth.

Happy is the man that hath his quiver full of them.

Donna LaRue Miles Evans

Our sweet Grandmother, Donna LaRue Miles Evans returned to her home in Heaven on Wednesday, January 28, 2026 surrounded by her loved ones. She always made everyone feel loved and special. "Hello dear," "How are you dear," "Sure good to you," "Sure love you," were all familiar sayings she said to us each time we saw her. She loved with all her heart. We can only imagine the sweet reunion taking place, Grandma had missed Grandpa for 10 years. We think she might have even cussed him for taking so long to come get her...and we think he probably cussed her for shaving his mustache after he died! While Grandpa was stationed in Japan he mailed an engagement ring to his mother Elzada and asked her to please take it to Donna. She said yes and Wendall and Donna were married May 1, 1953 in the Salt Lake Temple. To their sweet union they added 6 children, Denise, Russell, Linda, Miles, Marilyn & Dean. Their legacy now includes 29 grandchildren, 69 great grandchildren and 12 great-great grandchildren. Grandma's greatest joy was her family. She often said, "Family is everything! What would you do without family!" Grandma & Grandpa supported us in everything we did from baptisms, Junior Prom, Weddings, doctor appointments, games, piano & dance recitals...you name it, they were there to support us! Grandma loved to play the piano and to sing, her and grandpa sang often next to the piano or on a car ride. Let Me Call You Sweetheart, You Are My Sunshine, Have I Told You Lately That I Love You, were some of their favorites. She loved music almost as much as she loved chocolate...almost! Grandma had such a sweet tooth. Many times when we'd go out to eat, Grandma would order dessert instead of food or a root beer float and onion rings. She never, ever tired of sweets!

Grandma's relationship with her Savior was very important to her. She lived it every day and was always Christlike in everything she did. Grandma's church was close to her home, so we always got to walk with her to church. Grandma made church fun and had tricks to try and keep us reverent. Grandma and Grandpa served missions to Adelaide, Australia, San Diego, CA & in the Church Office Building, Salt Lake City, UT. Grandma served in many callings and magnified each one. We are thankful for her example of endless service and compassion for others. She always remembered birthdays and would sign each card with the coupling: "Loved you yesterday, Love you still, Always have, Always will!" We love you too grandma and will miss you till we meet again.

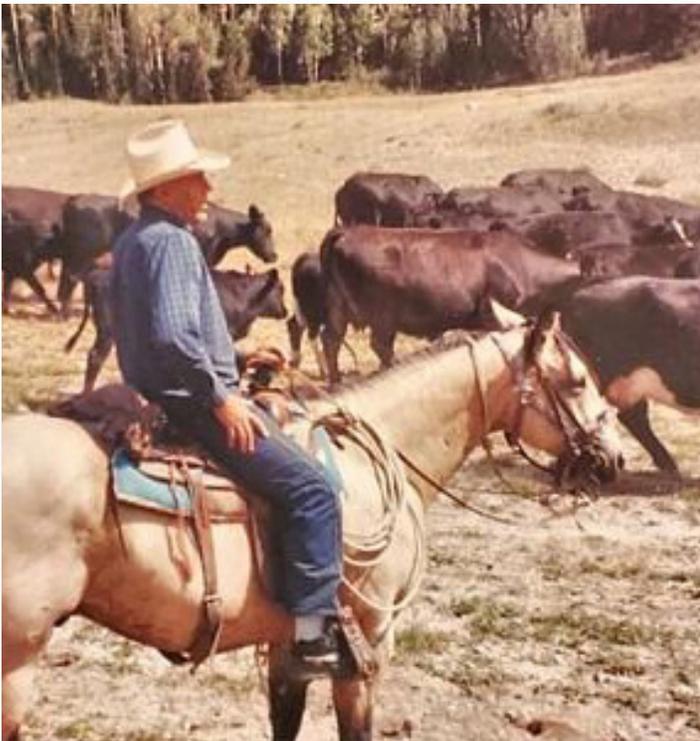

Orval Kent Palmer

Our dear friend and loyal ranch hand who worked with us for 33 years taking care of the water at Asay Creek and helping with the cows on Asay Creek and our Forest Service permits, passed away peacefully from heart failure on January 29 at his home in Alton, Utah. A lifelong horseman, Orval loved spending time riding and working with horses. He worked for Yardley Cattle Company, ran his own small ranch, and often trained horses for others. He was especially proud of his favorite quarter horses and the time he spent riding and working with them, including wagon trains like the historic Honeymoon Trail.

Orval loved Alton deeply and spent nearly all of his 93 years there—apart from four years attending Utah State University in Logan, three months of military service in Virginia, and two years serving in the Western Canadian Mission for The Church of Jesus Christ of Latter-day Saints. He graduated from Valley High School in Orderville in 1950 and continued relationships with his classmates. On July 21, 1975, Orval married Gerta Lowry, a wonderful, small-town girl from Idaho, in the Salt Lake temple. Gilbert Yardley was his best man. Orval devoted his life to serving his faith, family, community, county, and country. They reared their family together in Alton for 50 years! He served over 45 years for the US government as a postmaster and weatherman, numerous years for the Utah state government as a livestock brand inspector, 25 years for Kane County on the planning commission, and over 45 years for Alton as a town board member, water master, and even mayor. One of his favorite accomplishments as mayor was helping bring the now-famous "Whoa" stop signs to Alton.

Above all, Orval was a devoted disciple of Jesus Christ. He loved the Lord and found great joy in serving Him. Over the years, he faithfully served in many callings, including ward mission leader, bishop, and his favorite calling of all—nursery leader. More than any title, he loved ministering to his neighbors, especially those alone. Even in his later years, he walked to visit them and personally delivered their mail, quietly caring for those around him. Orval will be dearly missed by all who knew him.

We are confident that Infinite is one of the best bulls you will encounter this sale season. He is a tremendous testament to the quality of cattle we produce with abundant length, width, and depth in a well-balanced, superior package. -His powerful, real-world growth, with a balanced EPD package, is reflected by his impressive 1,375# YW. -This dynamic bull's sire, Yardley Limitless, was the pick of our 2023 calf crop. His maternal line traces back to the beautiful cornerstone herd donor Miss Yardley X126. He ranks in the top 10% of the breed for WW, YW, ADG, Milk, MWW, CW, and REA.

N426, who has the highest WW of any bull in his crop of 807#, hails from our most profitable donor dam 199X. Her resume includes some of the best genetics Yardley Cattle Company has produced—including herd sire Yardley North Force, \$25,500 Yardley Bank Vault, selected by Jones Show Cattle of Harrod, OH and Griswold Cattle, as well as another impeccable sale feature and show heifer \$16,500 Yardley Blitz, selected by Brent White of IA. Other offspring include our 2017 high seller, \$14,000 Yardley Highway, selected by Pete Mori of NV, 2019. N426's brothers include \$12,500 Yardley Top Mark, selected by world renowned Wheatland Cattle Company of Saskatchewan, Canada, and his flush mate, \$10,000 Yardley Top Cut. These are maternal genetics at their finest!

Splendor is a sight to behold. He's a wide-based, deep-bodied, masculine-made, smooth-shouldered, stylish black baldy. He moves like he looks, with the prowess of a cat on an excellent set of running wheels, all pointing straight in the right direction. He has a baby doll disposition and exceptional growth with a high-mountain PAP score of 37. He essentially ties as the top YW in the offering with a YW of 1,435#.

-Splendor's mere 66# BW coupled with his rankings in the top 10% of the breed for CE, BW, and MCE make him an excellent heifer bull candidate.

-Splendor's excellent-uddered, moderate-made dam has been a tremendous, no-miss momma producing, among others, a fancy \$6,500 son selected by Navarro Cattle Company.

Y1 Luxury, sire of N261

Here's another handsome, high-performance, structurally sound son of \$100,000 Bridle Bit Recharge. His dam is perhaps even more intriguing than his sire. She was a feature show heifer of our 2023 sale, loaded with tons of middle, rib shape, dimension, and style to burn. She combines stellar looks with exceptional performance and personality. Perhaps the greatest attribute is the massive amount of hip and width she possesses. On the move, she is equally impressive with grace and fluidity, tracking wide and nailing each step on a big hoof.

Starting off at a mere 67#, this exciting new stud prospect blends performance, power, phenotype, and agility into a smooth-made, complete package. He continued to pack on the pounds after weaning with a scale mashing 1,263# YW. He ranks in the top 15% of the breed for CE and DOC, top 20% for BW, MCE, CW, MARB and TI, and top 30% for YW, MILK and API. Simply stated he's a well-balanced bull on the hoof and on paper.

If you are looking for a blaze-faced sire with a stylish profile, excellent structure, and powerful performance, then put a star next to N410. His dam is the type of front-pasture female you wish you could have a whole herd of. She is a deep bodied, broody-made female that has an excellent udder and perfect teats.

Favor, impeccable sire of N410

L214, massive-bodied maternal sister of N343

It's amazing how the cream continually rises to the top in superior, powerful cow families. They are the foundation behind consistent quality and the baton bearers of genetic progression for generations to come. N343 hails from such a cow family. His maternal sister was a leadoff-donor prospect of our 2025 sale selected by Steve Smith of Spanish Fork, UT for \$12,000. We kept her maternal brother, Yardley Investor, as a herd sire. Their maternal grandam, A80, is one of the prettiest, most productive females we own. She produced high seller \$14,000 Yardley Clear Vision, purchased by Bill Carsten of Hotchkiss, CO, along with a striking \$8,000 daughter.

N382 is a soggy, deep-bodied, smooth-shouldered, stylish individual with an ideal phenotype. His maternal grandam was a stalwart herd matron and donor that was Ohlde bred top to bottom. Phenotypically, she was as flawless a female as we have owned with a perfect udder and teats, a docile disposition, and tons of middle, rib shape and dimension. Her daughters are some of our most treasured assets.

P199, stunning, maternal grandam of N382

N264 is a beautiful baldy that strides out on a massive foot with exceptional length of body, a powerful hip and a smooth shoulder. He has tremendous growth and performance—so valuable when you sell by the pound with a notable 675# WW and a rock-solid 1334# YW. His ideal leg set, smooth joints, and fluid-like movement exemplify the traits that have made the SimAngus hybrid so popular.

This powerfully proportioned meat wagon RECORDS THE HIGHEST RIBEYE IN THE OFFERING—A MASSIVE 16.44"! He hails from one of our most profitable and productive cow families, tracing his maternal lines back to herd matriarch and donor Y25. His maternal grandam, Yardley Game Changer, produced the leadoff \$15,000 high seller of our 2023 bull sale, selected by renowned cattleman Tim Marlott of Woodlake, NE. His robust depth, length, and width are reiterated by his astounding 702# WW ratioing at 112 and a potent 1,386# YW. He moves with a surprising amount of flex on a big hoof and offers the grace of a trained gymnast in his movement. If you're looking for a bull that has it all, search no further than N413.

This big, ribeyed bull is sired by Anthem. Anthem was one of the most exciting bulls to surface in the 2023 sale run and one of the heaviest used for. He impresses everyone who gets to evaluate him in the flesh and has been quoted by some as, "one of the most impressive, mature Simmental bulls they've ever seen!" From his thick extra frame to all the body and muscle he possesses, he is the total package. His potent dam, legendary WS Ms Sugar C4, sold in her entirety for \$210,000 and has also produced over \$1.5 million in progeny sales.

What a way to start out our Angus offering. Ambitious is a calving-ease stud that will fit into the top tier of any bull or elite seedstock operation. He's a massive-middled, powerful-hipped, well-balanced, smooth-made, free-moving stud with a big set of testicles and excellent performance. He reads as well on paper as he looks on the hoof. With a 60# BW and a 10 CED EPD, he ranks in the top 20% of the Angus breed and his BW EPD, a mere -1.5, ranks in the top 10% of the breed. His sire, Ambition, was the \$57,500 second-highest-selling bull of the 2023 Musgrave Angus production sale. Ambition displays tremendous phenotype with a very deep rib, as well as superb muscle expression down his hindquarters. He is incredibly well structured.

YOU ARE GOOD. BUT IT IS NOT ENOUGH TO BE GOOD. YOU MUST BE GOOD FOR SOMETHING. YOU MUST CONTRIBUTE GOOD TO THE WORLD. THE WORLD MUST BE A BETTER PLACE FOR YOUR PRESENCE. AND THE GOOD THAT IS IN YOU MUST BE SPREAD TO OTHERS. -GORDON B. HINCKLEY

The cow family behind N328 is very productive, consistent, and functional, which gives us confidence and high expectations for this young herd sire. His impeccable, massive-bodied, maternal grandam produced Yardley Roundup, a tremendous herd sire. She is still going strong with a masterful 13@102 nursing ratio. Her calves are some of the heaviest and fanciest calves to cross the scales each fall. Her dam in turn was one of our favorite OCC Doctor daughters.

SAV Courage, \$150,000 sire of N328

Yardley Roundup, maternal brother of N328's dam

When we first saw N333's sire, LT Deep Canyon in Lindskov's LT Ranch 2023 catalog, we thought he was one of the best Angus bulls we had seen. We were on the phone ready to bid and we chased him to \$30,000, which lasted about three seconds. He ended up being the second-top-selling Angus bull for \$125,000 in the sale, purchased by Kirk Duff. He is the ultimate combination of extreme eye appeal with an excellent structure. Deep Canyon has balanced data with added rib shape, natural width and plenty of Angus character. His dam is one of the prettiest Angus females we have laid eyes on.

Deluxe is a long-sided, smooth-made Yardley Luxury son that combines eye appeal with true, multi-purpose value. His 68# BW and 14.8 CE project him for use on heifers without sacrificing the performance needed to carry his calves forward, posting a 1244 YW, 3.21 WDA. With a PAP of 37, he is well-suited for high-altitude environments. His pedigree is bolstered by productive, maternal cow power. His maternal grandam records a whopping 7@105 nursing ratio, including an attractive \$7,500 daughter and a masculine \$8,000 son, adding proven earning power and consistency. Deluxe is a calving-ease prospect that will generate uniform, high-quality cattle on either end.

Captain is a stout, power-driven son of Yardley Warrior. He's a deep-bellied, strong-topped brute with a massive 15.8 ribeye and 3.38% IMF that underscores the muscle and carcass value of this bull. His proven dam also produced an \$8,000 maternal brother that sold in our 2023 sale to our good friend Dick Wheeler of Casper, WY.

This is a true heifer bull in a purebred package. With a 15.5 CE, he ranks in the top 10% of the breed and posts a -1.6 BW EPD. N454 delivers calving ease without sacrificing performance—coming in light and pushing down the pounds with an impressive 703# WW. Exceptionally balanced, he offers plenty of mass with added definition through his hind quarter.

We love the results we have seen with Bridle Bit Recharge and N296 is no exception. He posted a 1318 YW, backed by a big 14.86 REA for added carcass value. Stout-featured, deep-flanked and wide at the ground, he carries the kind of mass and muscle that holds up and drives profitability. N296 HAD THE FASTEST GAIN ON FEED IN THE OFFERING AT 5.26#/DAY! With a PAP of 38, he is a great option for higher elevations. His dam, Miss Yardley Lena, possesses a stylish, solid package. Her beautiful, smooth, sweeping design extends from her keen head, kind eye and smooth shoulder, back through her deep body and strong top, then to her powerful hip and ideal leg set. Her dam is a maternal sister to our herd sire, Yardley Standout, whose offspring have topped multiple sales.

It appears this guy is a well-rounded scholar that excels in modeling, arithmetic and writing. He takes an excellent picture and looks as if he had chosen the numbers himself with a 14.7 CE ranking top 25%, -1.7 BW ranking top 25% BW & DOC, top 20% ADG, and top 15% MILK, CW, REA. He reads as pretty on paper as he looks in person. His dam and maternal grandam may have taught him the math as they both have nursing ratios of 101.

THSF Loverboy, proven sire of N289

When we made the decision to flush one of our most profitable Angus donors to get some more Maintainers, Maternal Made was an easy decision. He has sired many fancy females that sold north of \$50,000 and John Griswold claims, "There hasn't been one like him since Whiskey and he's started a fire that isn't going out anytime soon."

-Affection's dam, W172, was our favorite cornerstone daughter and donor of Duff New Edition. She was a flawlessly designed, feminine-fronted female that produced a \$20,000 sale favorite and another \$16,500 highlight in 2014. She is the maternal grandam to \$24,000 Yardley Doll Face.

Proven and prolific donor dam of Affection

H102, deep-chested maternal sister to Affection

A227, fancy \$11,000 maternal sister to Affection

N275

Deep Canyon, sire of N275

If you're on the prowl for a fancy-fronted, choke-necked Maintainer, don't let this guy pass you by. He exuberates confidence in every step as he strides out like a king ruling his kingdom. He has an impressive amount of depth, a powerful hip, exceptional hair, and presence. His dam is a flush daughter of the renowned BKU TOO 872, a featured donor at BK Cattle and an own daughter of legendary breed icon Pannell Miss 4072.

N435 combines two of the most dominating sires in the Maine Anjou breed. His sire is End Game, and his maternal grandsire is Hard Whiskey. We aren't just preaching to the choir when we say how much merit goes into a good cow on the bottom side and this is one that you had better take note of. End Game's dam, Miss Harmony, wore purple in Denver in 2017, supreme in both the Junior & Open Show and the Ohio Beef Expo that year. If you saw End Game in Denver, you know how complete from front to rear he is. He has big feet and plenty of bone, with all four hooves pointing north. Hard Whiskey sets himself apart with flawless structure, muscle shape and massive bone.

End Game, decorated sire of N435

Hard Whiskey, popular sire of N435

\$13,000 maternal brother to Elevated

\$12,000 handsome maternal brother to the dam of Elevated

Study the mass and volume of Elevated. He's deep-sided, bold in his rib shape and carries that depth clear back into a powerful, square hip. From behind he sets down wide and true, with genuine muscle expression through his lower quarter. He's big-topped, stout-featured and still maintains balance and structural correctness on the move.

With a 78# BW, 10.7 CE and a strong growth profile pushing to 1314 YW, Elevated is the kind that will add value to any set of cows he's bred to. He's backed by a proven Abundance daughter who raised a \$13,000 maternal brother that sold to Aaron Brock of Montrose CO in our 2025 bull sale and a \$12,000 maternal brother that sold to Stan Smith, of Lehi UT in our 2020 bull sale. This cow family consistently generates value, power and performance that Elevated will pass on to his progeny.

Yardley Cure is a rugged-made Remedy 1054J son that's long-bodied, extended through his front third and carries a lot of depth. He is a bull that will add pounds and stretch without sacrificing structural integrity. He's built for performance. A 14.04 REA and solid WDA ratio support the muscle you see. Backed by the Miss Yardley S19 donor cow family, this is a stout, growth-oriented herd sire prospect.

THERE'S A REASON THE REAR VIEW MIRROR IS SO SMALL AND THE WINDSHIELD IS SO BIG, WHRE YOU'RE HEADED IS MUCH MORE IMPORTANT THAN WHAT YOU'VE LEFT BEHIND.

N242 is a stout-made, beautifully balanced, son of Limitless that comes topped off with a little chrome. He's bold through his rib cage, wide-topped, carrying dimension into a thick, expressive lower quarter. He sets down on good bone with a balanced, athletic build and herd bull presence. We love his structural correctness and you will, too.

He posts a solid growth profile with strong maternal strength. N242 is backed by the productive Miss Yardley J219 who's records an impressive 3@103 nursing ratio. This bull combines mass, maternal value and practical performance.

This baldy is a bold, powerful Remedy son with extra eye appeal. He's deep-sided, long-bodied and carries his shape into a square, powerful hip.

Numerically he stays practical with an 84# BW and 9.3 CE, while still pushing to 1154# YW. His dam has proven herself by consistently producing elite bulls including a \$10,500 brother sold to Shawcroft Simmental and Gelbvieh and a \$7,500 maternal brother sold to Treg Whitaker of Malta ID. Proven maternal backing make N432 a strong herd sire prospect.

A combination of sensible birth and dependable growth is what keeps commercial cattlemen profitable. He's the kind that gets calves on the ground easily and still gives you the performance and growth to load the pot in the fall.

He's backed by proven SAV genetics on the top side—cattle known for body, fleshing ability, and maternal strength. He's deep through his rib, stout made, and built wide from the ground up with a strong, functional hip.

This 3/4 blood checks all the boxes. He came light at 80# and carries a 9 CE with a 1.3 BW, then explodes into 722# WW at weaning and moderates out to a balanced 1142# YW. That's genuine curve-bending growth. For the cattlemen wanting calves that start easy and separate themselves at weaning, this bull does it on paper and in person.

He is sired by K-LER Elusive and backed by a productive Yardley cow family with a \$5,500 maternal brother sold to Randy Dunmon of Pilot Mtn, NC. N243 blends maternal reliability with feedyard performance in one balanced, high-return package.

Sleep-easy calving with a good growth profile—58 lb. BW. His EPD profile also reflects a rest-easy, calving-ease bull with a 19.2 CE, -3.1 BW. He ranks in the top 4% CE, top 10% BW, and 15% MCE for the Simmental breed.

YARDLEY SIRE LINEUP

Three separate breeds, three individual herds of cattle, one common goal. Our focus in all three breeds is to produce cattle with rib shape, dimension, solid tops, easy fleshing, and be structurally sound and functional. We will continue to focus on solid cow families combined with powerful herd sires. Semen available on most sires.

WAGR REMEDY 1054J

POLLED PB SM BD 3/13/2021 ASA 3961824

SIRE: : SO REMEDY 7F

DAM: WAGR MS LIGHTNING 8157F

Remedy 7F is the record setting Simmental bull that sold for \$530,000 in 2021. Remedy was then selected as the 2021 Cattlemen's Congress Grand Champion Simmental Bull. We were very impressed with his offspring on display at the Denver Stock show. When we took a trip through South Dakota and visited Chris Effling the Remedy calves again stood out. At the top of our list was his leadoff Remedy son, 1054J. He's got a soft look, cool and completely loaded with a ton of rib shape and dimension in a purebred, homo black, homo polled package. He is sure to improve phenotype while adding power and performance without increasing mature size. He moves out on a sound foot with style and quality that is even more impressive on the move.

THSF LOVER BOY B33

POLLED PB SM BD 10/16/2014 ASA 2983443

SIRE: HTP/SVF DURACELL T52 BY DREAM ON

DAM: BUILT RIGHT X 3C MACHO BY MEYER 734

CALVING EASE SIRE SUPREME. 2016 NWSS Supreme Champion Simmental Bull. He was the number one Simmental bull in semen sales for Cattle Visions in 2021. His calves are very stylish and correct and have good growth, performance, and eye appeal. Our cattle have to do a lot of walking so we are very fussy about good feet and legs. He is the most correct legged bull we saw in Denver. His dam was the Grand Champion Simmental female at the 2009 American Royal Show in Kansas City. Many of the bred cows and heifers in this sale carry his service. He is hetero black homo polled. Owned by Gib and Denise Yardley and Griswold Cattle CO. You need to try him!

YARDLEY STANDOUT E270

3/4 SM 1/4 AN BD 2/8/2017 ASA 3308871

SIRE: THSF LOVER BOY B33 BY HTP/SVF DURACELL

DAM: MISS YARDLEY C136 BY YARDLEY HIGH REGARD

Standout's name says it all. Since he was a calf he always had a stylish look about him and leading performance. His two-year-old dam is very feminine fronted, deep bodied, easy fleshing and ideal uddered. Standout was her first calf with a birth weight of 72#, weaning weight of 773# without creep, and a yearling weight of 1338#. His extended front end and smooth shoulder give him added eye appeal and increase calving ease. His beautiful dam, C136, has entered the donor pen at an early age joining his grandam, Y22 who has been super productive. Consistency is coming from both sides of the pedigree here. He is hetero black, homo polled.

SIRE: CCR ANCHOR 9071B

DAM: W/C MISS WERNING 46B BY LOCK N LOAD

W/C Banchor 46D has been fun to see in our pastures. He is loaded with depth of body, thickness and muscle, excellent feet quality, good haired, and a blazed face to top it all off. He has a nice slope to his shoulder and a disposition that can't be beat. He is sired by CCR Anchor 9071B, whose progeny have highlighted many sales over the last year. They have proven themselves as sound, functional, real world cattle that just work. His dam Miss Werning 46B is a daughter of the great 715T donor cow and has had multiple full sisters sell for over \$10,000. The maternal backing behind Banchor gives us great confidence in his and his offspring's future. He is a proven heifer bull. We have had 16 calves out of him this year and haven't had to touch one. He throws a lot of stylish calves and is owned with Chad Ruda of Nebraska. He is also homo black, hetero polled.
